THE ELECTION.

The victory of the Republicans, on Tuesday, is so heavy that we think their party will break down under the load making Democratic prospects quite hopeful in the future, with good times setting in under the new tariff.

The Democratic party is still in power and in good shape to pick itself up for 1896. We have lost some congressmen and other offices, and we have seen years far more gloomy than now and we came out smiling.

The Democratic party has buried a dozen opposition parties and is stronger to-day than ever. Hence Tuesday's defeat need make no Democrat worry unless he is a snowed under candidate and we extend him our sincere sympathy.

The Republicans can not ruin nor rule the country; for any good they may do we shall cheerfully give them credit.

We are sorry the county went Republican, but still we hold all the county offices, and with the creditable house-keeping of the present board of Democratic commissioners, we shall go before the tax-payers with such a creditable showing as to bring back the party to its natural belongings.

We are pleased to observe that Democrats all over take their defeat with a good grace—it proves the faith and vitality of the party remain unimpaired.

THE Democrats around here take their defeat in good humor, only the straight voting Democrats feel indignant at the attempt of some Democrats to trade off Singery or any part of the ticket, in this borough; the effort is denounced as a small piece of treachery and treason. The trade had reached the extent of ten votes when it was discovered by a few straight Republicans who informed the Democrats of the intended treason in the Democratic camp, and it was headed off. A Democrat found in such work, should be tied to the tail of the registered pug dog William Rife, and put on exhibition.

The Republicans around here feel good over their victory but we don't find them rejoicing in their old way. The straight Republicans are very angry over detecting some of their fellows in a plot to trade off their candidate John G. Love.

This trading is a penitentiary offense, as the law says no offer of anything whatever shall be made to gain any vote, hence to offer one vote for another is bribery. The only honorable way to gain votes is by reasoning, a trade is low and cowardly, besides showing bad faith towards the rest of the ticket.

WE, the Democrats were defeated on Tuesday, but are not crying over it—we still remain in power in the nation, with the president and both houses of congress.

WHO will be Governor, Gen. Hastings or the machine? We will be disappointed, and so will the people, to find the governor elect dominated by the bosses; give us a clean administration, General, and the people will not regret the handsome majority they gave you.

WE do not put out our roosters this time; the weather has changed to cold and it snowed yesterday morning, we could not think of letting the fowls out, and we didn't.

THE calamity howlers would have had one more majority in Philadelphia but their registered pug dog was stricken from the list.

THE calamity in the Republican ranks must have been awful when they actually resorted to registering pug dogs in Philadelphia to make votes for Hastings.

IRA C. MITCHELL rendered some valuable service to the Democracy in telling speeches during the campaign. His speeches are always logical and full of humor.

THE itinerary to be given by the "Pittsburg Times," to the five ministers of the gospel who receive the largest number of votes in the six months ending Dec. 31, has been enlarged by adding to the points originally intended to visit, the following: The Bermuda Islands, the Azores, Grenada and the Alhambra, Algiers, Malta, Constantinople, Athens and Rome.

Lewins, Bellefonte, has received one of the largest stocks of clothing ever received in this part of the state. When you buy from him you get the latest and best to be had for the money. Go and see his stock.

Individual Cups Used.

The individual communion cups, which have been agitating the religious community for several months past, were used on Sunday in the Fourth Baptist Church, in Philadelphia, and the new system worked most satisfactorily. The solemnity of the sacred service was not in the least impaired, and the tray containing sixty glasses was so neatly and lightly constructed that it could be passed with as little confusion as attended the single cup.

Seven trays, bearing in all 420 glasses, were utilized in the service, and seven minutes were sufficient to serve nearly 100 people by the Baptist method of passing the wine to each communicant sitting in the pews. Each of the seven deacons, bearing a tray, passed rapidly through the assembly, and they were compelled to go a second time to collect the glasses. A considerable saving of time will be made by placing holders on the back of each pew before the next Communion, and the glasses will not be collected until after the services are over.

The manifest improvement in cleanliness of the new service, and the fact that it allows the congregation to hold the wine till all can drink together, as the bread is eaten, made the congregation enthusiastic over the change. Another tray will be added before the next communion, and when the system is perfected in its details it is expected that other churches will rapidly follow suit. A number of visitors were present, and they all expressed their intention of bringing the matter before their respective congregations.

At the Eighteenth Street Methodist Episcopal Church, the individual service was used on Sunday for the second time, with much better results than attended the first. The altar of the church accommodates 35 at a time, and ten silver trays, containing 35 glasses each, were necessary for the congregation. The pastor, Rev. C. E. Adamson, passed the tray around, and after drinking, the communicant placed the cup on the tray. A few of the members still prefer the old way, but they are decidedly in the minority.

State to Claim Championship.

The State College boys will lay claim to the football championship of Pennsylvania if the University of Pennsylvania does not give them a game before the season is over. They know that their team is a strong one, has made a large, if not the largest scores of the season, having defeated Gettysburg College 66 to 0 and Lafayette 72 to 0, and therefore they feel they will be justified in claiming the State championship in view of the fact that their score with Lafayette was nearly triple that of the University with the same team. They, however, are anxious to play the University to settle the championship in the way it should be settled.

Bellefonte's Discretionary Pool Victims.

A considerable sum of money has been lost by residents of Bellefonte through the failure of the different discretionary pool syndicates in Pittsburg. George M. Irwin & Co. notified all their holders of the fact that they could not pay them back anything. The losses vary from \$20 to \$1,000 and the total amount is estimated at nearly \$5,000.

If a town of the size of Bellefonte can fool away five thousand dollars in pool gambling then it must be flush and its great calamity howler could not have included his own town in his howl all over the state. People who never have any money for legitimate purposes are always flush when a glittering speculation is offered, but never have the stamps when asked to pay an honest bill.

Henry Wilson, the postmaster at Weisheit, Florida, says he cured a case of diarrhoea of long standing in six hours, with one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. What a pleasant surprise that must have been to the sufferer. Such cures are not unusual with this remedy. In many instances only one or two doses are required to give permanent relief. It can always be depended upon. When reduced with water it is pleasant to take. For sale by Wm. Peasler, Spring Mills, and S. M. Swartz, Tusseyville.

To Preserve Cut Flowers.

At last our lady readers will find the potato good for something and perhaps now, in its new use the acreage will be increased.

A potato is an excellent means of preserving cut flowers. Cut the potato in halves and stick the flowers into small holes bored for the purpose then conceal the potato in a bowl with moss and fern and you will find there is sufficient moisture to keep the flowers fresh for a fortnight.

A DOCTOR'S PHILANTHROPY.

Thousands Afflicted by Chronic Catarrh Under Free Treatment.

The first day of November, 1893, Dr. Hartman gave his consent to take charge of the treatment of 10,000 cases of chronic catarrh free of charge. The announcement was at once published in all the leading papers, when the applications came pouring in from every State in the Union. With a large number of clerks and stenographers to assist him, the doctor actually directs the treatment of thousands of cases by correspondence, which costs the patients nothing, except the necessary medicines, which are obtained at the nearest drug-store. To become a patient it is only necessary to send name and address, describe symptoms and minute directions as to diet, sanitary regulations, and other advice will be sent promptly.

Wherever Dr. Hartman is known the name of Pe-ru-na has become a household word. It is safe to say that no medicine in existence is used by so many families as Pe-ru-na. This is especially true of this time of the year, when the people are liable to catarrhal affections, coughs, colds, la grippe, etc. Pe-ru-na has cured more cases of chronic catarrh than all other medicines combined. The great majority of those who use it buy the remedy themselves, use it according to directions, not even reporting their case to Dr. Hartman until after they are entirely cured. But now that a limited number of cases can secure the personal attention of Dr. Hartman free of charge, it is not to be wondered at that many prefer to do so. Pe-ru-na never fails to cure catarrh when properly used.

The Pe-ru-na Drug Manufacturing Company of Columbus, Ohio, are sending free to any address a book on chronic catarrh which gives the latest treatment for catarrh, coughs, colds, la grippe, bronchitis, and all other affections of head, throat and lungs.

A Conscientious Chewer.

Steeleton has a citizen who has used every branch of chewing tobacco brought to his notice in twenty years, except the "vinco." For this he gives as a reason that the trade mark used on the tobacco is the quotation used by Booth when he shot Lincoln, and he thinks that by using this tobacco he would countenance the dastardly work of the villain.

COURT PROCLAMATION.

Whereas the Hon. A. O. First, President Judge of the Court of Common Pleas of the 49th Judicial District, consisting of the counties of Centre and Huntington, and the Hon. Thomas F. Riley, and the Hon. C. A. Faulkner, Associate Judges in Centre, having issued their precept bearing date the 25th day of October, 1894, directed for holding a Court of Oyer and Terminer and general Jail Delivery and Quarter Sessions of the Peace in Bellefonte, for the county of Centre, and commencing on the 4th Monday of November, the 25th day of Nov., 1894, and to continue two weeks. Notice is hereby given to the Coroner, Justices of the Peace, Aldermen and Constables of said county of Centre, that they be and there in the proper persons, at 10 o'clock in the forenoon of said day, with their records, inquiries, examinations, and their own recognizances, to show things which their office appertain to be done, and those who are bound to recognize to prosecute against the prisoners that are or shall be in the jail of Centre County, then and there to prosecute against them as shall be just.

Given under my hand at Bellefonte, the 25th day of Oct., in the year of our Lord, 1894 and the one hundred and eighty-fourth year of the independence of the United States.
