Good, Do Likewise.

Persons who have defrauded the printer, should follow the example be-

A strange case of conscience relief came to light in Williamsport the past week. An old man who lives on a farm near Warrensville, and who formerly lived in Williamsport, on Thursday called upon a lady who resides on Laurel street. He handed her one dollar, saying that the sum was in payment for a wheelbarrow which he had stolen from her husband twenty-five years ago, while in his employ. The old man said the matter troubled him so that he made up his mind that he would go and pay for the wheelbarrow and confess the theft. This resolution was made after many compunctions of conscience, caused by the sight of the wheelbarrow, which is yet in his barn. After paying the conscience debt the old gentleman departed, apparently in a happy frame of mind.

About Bill Posting.

Centre county farmers, who have been annoyed by bill posters will be interested in the law affecting that matter which we herewith publish. It was passed June 8, 1881, and is as follows: "If any person or persons shall, without the consent of the owner or owners thereof, willfully daub, paint advertisements or post placards upon, or otherwise deface the walls of any building or buildings, house or houses, or the fences around the yard or yards connected therewith, or any fence surrounding or enclosing any vacant inlots, farm or farms, or shall cause the same to be done by others, such offenders shall be guilty of a misdemeanor and upon conviction be sentenced to pay a fine not exceeding \$25 and undergo imprisonment not exceeding thirty days, or both, or either, at the discretion of the court." The best way for advertisers to reach the people is through the newspapers.

A Point on Voting.

Two voters in another county, who simply marked their ballots with a dash (-), lost their votes, the court ruling, when the case came before them, that "where a voter has marked his ballot with a stroke instead of a cross (X), as directed by the act of June 19, 1893, it should not be counted by the election officers." The evident intent of the voter, one would suppose, would be allowed to govern such

pose, would be allowed to govern such a case, but the court ruled otherwise.

The law calls for a cross, and nothing but a cross shall be counted.

Henry Wilson, the postmaster at Welshton, Florida, says he cured a case of diarrhoea of long standing in six hours, with one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. What a pleasant is lessened, and the organs receiving the discovery of the brain and terminating in the bow-less is the pneumogastric, while the numerous little branches supply the heart, lungs and stomach with necessary visuality. When the brain becomes in any way disordered by irritability or exhaustion, the nerve force which it supplies is lessened, and the organs receiving the diarrhoea Remedy. What a pleasant surprise that must have been to the sufferer. Such cures are not unusual with this remedy. In many instances only one or two doses are required to give permanent relief. It can always be depended upon. When reduced with water it is pleasant to take. For sale by Wm. Pealer, Spring Mills, and S. M. Swartz, Tusseyville.

Top Notch of Meanness.

A man may wear a wart on the back of his neck for a collar button, stop his watch at night to save wear, leave his "i" or "t" without a dot or a cross to save ink, turn the hog on his mother's grave to save feed, sell "monkey" veal for chicken salad, but a man of this kind is a gentleman and a saint compared to a person who takes a newspaper two or three years and when asked to pay for it puts it back in the postoffice and has it marked "refused."

Foster's Predictions.

My last bulletin gave forecasts of the storm wave to cross the continent from the 11th to the 15th, and the next will reach the Pacific coast about the 16th, cross the western mountains by close of the 17th, the great central valleys from 18th to 20th and the eastern states about the 21st. Very warm and dry weather will precede, and not much rain may be expected to accompany, and a fall of fifteen to thirty degrees will follow this disturbance.

To Escort Hastings.

General Hastings has informally invited the cadets of the Pennsylvania State College to act as his escort at his inauguration. Since there are over two hundred in the line and the United States gives but 150 guns to each college, a movement is talked of to have the state lend additional arms, as it does to the regular militia.

Winter Sets In.

We have had a week of winter weather, an icy atmosphere, frozen ground and several snows to track rabbits in. There may be a break, however, for

milder weather, any time. We have had three snows thus far, netting altogether 2 inches.

Interlined "Celluloid" Collars and Cuffs turn water like a duck's back and show neither spot nor soil. They are not effected by perspiration, and always look as if right out of the box. When they get soiled you can clean them in a minute by simply wiping off with a wet cloth. These are but a few of the advantages of wearing the "Celluloid" Collars and Cuffs. There are many others that you will readily discover the first time you wear one.

They are the only waterproof interlined collars and cuffs made. Be sure to get the genuine with this trade mark TRADE

The Human Electrical Forces!

How They Control the Organs of the Body.

The electrical force of the human body, as the nerve fluid may be termed, is an espe-cially attractive department of science, as it exerts so marked an influence on the health of the organs of the body. Nerve force is produced by the brain and conveyed by means of the nerves to the various organs of the body, thus supplying the latter with the vitality necessary to insure their health. The pneumogastric nerve, as shown here, may be said to be the most important

shown here, may be said to be the most important of the entire nerve system, as it supplies the heart, lungs, stomach, bowels, etc., with the nerve force necessary to keep them active and healthy. As will be seen by the cutthe long nerve

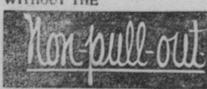

force which it supplies is lessened, and the organs receiving the diminished supply are consequently weakened.

Physicians generally fail to recognize, the importance of this fact, but treat the organitself instead of the cause of the trouble. The noted specialist, Franklin Miles, M. D., LL. B., has given the greater part of his lifte to the study of this subject, and the principal discoveries concerning it are due to his efforts.

Dr. Miles' Restorative Nervine, the unrivaled brain and nerve food, is prepared on the principle that all nervous and many other difficulties originate from disorders of the nerve centers. Its wonderful success in curing these disorders is testified to by thousands in every part of the land.

Restorative Nervine cures sleeplessness, nervous prostration, dizzlness, hysteria, sexual debility, St. Vitus dance, epilepsy, etc. It is free from opiates or dangerous drugs. It is sold on a positive guarantee by all druggists, or sent direct by the Dr. Miles Medkeal Co., Ekhart, Ind., on receipt of price, \$i perbootie on bottles for \$5, express prepaid.
