### What a Hunter Says.

An experienced hunter says: "A curious thing about a rabbit is that it always faces the sun, turning around slowly all day to do so. In hunting them in fields this should be kept in mind and the ground be gone over with his back to the sun. He can see the eyes of the rabbits in the bushes and they will glitter like diamonds in the sunlight."

Necessrry Amount Subscribed. The Centre Democrat says about ten thousand dollars worth of stock has been subscribed thus far for the Centre county Fair Association. That was the amount necessary before a permanent organization would be affected.
