The Band Entertainment on Saturday Evening a Success.

The holidays passed off very quietly; a great many shoppers and sight seeers in town. The band gave an open air concert on Christmas in front of the Musser House, which was enjoyed by hundreds of people. Our merchants were kept very busy in supplying the people with holiday goods.

Mr. Deibler and son of Berrysburg, Dauphin county, paid a visit several days last week to his son, J. H. Deibler, a prominent business man of our

The snow of last week was about twenty-two inches deep. The Rebersburg mail did not make its appearance on last Thursday on account of the drifted snow. Madisonburg and Woodward mails on time.

The condition of Snyder Tobias is no better; still unable to help himself, and sinking gradually.

The commercial men who have been scarce during the holidays are out again in full force. Harry Bibighaus, the popular hard-

ware salesman was in town last week. The snow had covered up the defective sidewalks, but in cleaning off the snow they are again visible and an eyesore. Why do not the people or the town authorities repair them, so as to make it safe for the walking

public. Der "Bonastiel" von Bellefonte, was on der band entertainment, un lescht Samstag ovet, and er hut es goot enjoyed. Sei frau war by im, and se hut der Tom in control kot. Se wase we der Tom is.

Mrs. Alice Toner and son Willie, of Bellefonte, are visiting Mrs. Rebecca Musser for a few days.

Mrs. Eva Everett, of North street, daughter of Dr. Wetzel, is under the doctor's hands, and her case may become a serious one.

W. A. Tobias, of North street, is the first one in this town to have his ice house filled this season; ice about eight inches in thickness. Others to follow this week.

The band entertainment in the town hall on last Saturday evening was well patronized by the people of town and the surrounding country. The hall was filled to its utmost capacity. The plays were well performed and the music and singing were first-class. This entertainment will be given at Loganton, Sugar valley, on next Saturday evening, and no doubt the boys will have a good time. About \$50.00 were the gross receipts.

The thermometers registered on last Saturday morning some 18, some 12, others 10 degrees below zero.

The ice crop is now ripe, and no doubt many ice houses will be filled this week should the cold weather continue.

Dr. Frank and wife and druggist Morris' wife spent Christmas in the city of Brotherly love.

\$10,00 A DAY EASY.

I saw that the Telephone patent had expired and I thought what a great seller it would be at a low price. I saw the advertisement of W. P. Harrison & Co., Columbus, Ohio, in your paper. They had just what I wanted -a telephone just like the rich city business men have, and I have been selling them for two months and have made as high as \$50.00 per day when I took a large contract, and never less than \$5.00 a day, selling the telephones. I sell them outright, there is no rent, no royalty. Everybody wants them. Anyone can put them up and I believe they are the greatest convenience and the best seller on earth. Anyone can make big money who can sell goods at all. So many young men are out of employment now, I feel it my duty to bring my experience before the world, so that this winter, with times as hard as they may be, money can be made by those who are now sore distressed. Write to the above firm for circulars.

How They Control the Organs of the Body.

The electrical force of the human body, as the nerve fluid may be termed, is an especially attractive department of science, as it exerts so marked an influence on the health of the organs of the body. Nerve force is produced by the brain and conveyed by means of the nerves to the various organs of the body, thus supplying the latter with the vitality necessary to insure their health. The

the body, thus supplying the latter with the vitality necessary to insure their health. The pneumogastric nerve, as shown here, may be said to be the most important of the entire nerve system, as it supplies the heart, lungs, stomach, bowels, etc., with the nerve force necessary to keep them active and healthy. As will be seen by the cutthe long nerve descending from the base of the brain and terminating in the bowels is the pneumogastric, while the numerous little branches supply the heart, lungs and stomach with necessary vitality. When the brain becomes in any way disordered by irritability or exhaustion, the nerve force which it supplies is lessened, and the organiself instead of the cause of the trouble. The noted specialist, Franklin Miles, M. D., LL. B., has given the greater part of his life to the study of this subject, and the principal discoveries concerning it are due to his efforts.

Dr. Miles' Restorative Nervine, the unrivaled brain and nerve food, is prepared on the principle that all nervous and many other difficulties originate from disorders of the nervecenters. Its wonderful success incuring these disorders is testified to by thousands in every part of the land.

Restorative Nervine cures sleeplessness, nervous prostration, dizziness, hysteria, sexual debility, St. Vitus dance, epilepsy, etc. It is free from opiates or dangerous drugs.
