WM. RESIDES KILLED.

Struck by the Train Near Curtin Monday Evening.

William Resides, a farmer of Union township, met a sudden and tragic death on Monday evening while walking on the railroad just west of Curtin station. He was crossing the trestle work and it is not known why he failed to get out of the way of the Day Express from Tyrone, due there at 5.10 o'clock, but he failed to do so and the engineer in charge of the train, when he saw the old gentleman was not getting out of the way was unable to stop, and the engine struck Mr. Resides fair in the breast knocking him fully sixty feet over the trestle and into the creek.

The train was at once stopped and several gentlemen went into the water and recovered the body but life was extinct, and it is the belief that the man never knew a thing after he was hit by the train. The body was taken to Curtin station and from there taken to Unionville on the 5.14 train west.

Mr. Resides was aged about fifty-five years and leaves a wife and eight children to mourn his untimely death. The names of the children are Rachael, Calvin M., Samantha, Owen, Elwood, Sarah K., Rachael and Norman. Deceased had been down the valley and had come west as far as Curtin on Express. There he got his dinner and remained until near evening when he started to walk to Milesburg, and had gotten but a short distance on his journey when he met his tragic death.

Death of an Aged Lady.

Mrs. Elizabeth Gephart died at Zion on Tuesday of last week, at 5 in the morning, unexpectedly, as she was in her usual health the day before, having partaken of a hearty supper in the evening and soon after retired. Being restless at night she gave as the cause a pain in the head. She expired towards morning, remarking to those around her, "Be good, I want to meet you in Heaven."

She was 90 years of age. Her husband, Henry Gephart, died 28 years ago. They were among the first settlers in that vicinity. She was the mother of 13 children, four of which have died. The living ones are, Henry and Mrs. Noah J. Stover, in Kansas; Mrs. Henry Fiedler, of Madisonburg; Mrs. James Taylor, in Union county; Mrs. William Scholl, of Centre Hall; Mrs. Harrison Kline, near Bellefonte; Mrs. David Wagner, Houserville; Philip, of Zion, and Mrs. Wise, with whom deceased made her home. She was a Christian lady. At a family reunion several years ago, her descendants for five generations were represented.

Funeral in the Zion Union cemetery on Friday 18, was very largely attended. Her correct age was 90 years, 4 months and 11 days.

The deceased was able to do needle work, without the aid of glasses, in her last days. She was a devoted member of the Evangelical church. The funeral sermon was preached by Rev. Zehner.

Spilled Through a Wire Fence.

On Saturday last while our friend John Snyder and his better-half, living a mile east from here, were out enjoying a sleighride, and had the fun of being spilled out through a wire fence, by a treacherous snow-drift, whose only use seems to be to upset sleighs. As the fence was not of barb wire, the two went through into a field without being hurt, otherwise they might have got scratching enough to do them a year or two. The horse seemed well enough educated not to run away.

Protracted Meetings.

Rev. Rearick began a protracted meeting at Union church, last week, with a full attendance, each evening.

Rev. Illingsworth, had a successful revival, lasting over two weeks, in the Sprucetown M. E. church. Last Sabbath evening the attendance was so large that scores could not gain admission. The number of conversions is large.

The Ill Ones.

We are sorry to learn of the serious illness of our friend, Jacob Smith, merchant at Colyer, from heart trouble.

Thomas Lyons, of near this place remains paralysed on his one side from the shoulder down, from the stroke he had three weeks ago; his mind and speech are not affected.

Will Charge Admission.

The managers of the Huntingdon reformatory have decided to charge visitors fifteen cents admission on and after the first of next February, the money to be devoted to keeping up the prisoners' library. There are probably some people who will question the right of the managers to charge admission to that institution.

STILL BUYING CHURCHES.

The United Evangelical Congregations Securing Places of Worship.

The church properties offered at public sale during the past three days by the Evangelical association of this conference, says the Williamsport Star, were purchased for nominal sums by the United Evangelical church. Besides the churches bought by the new association in this city, as already told in the Star, the following properties also passed into the hands of the United Evangelical church: Jersey Shore Junction church, Mount Pleasant, Friedens, Lock Haven, Light Street, Columbia circuit churches, Milton, Hughesville, Grover, Beach Flats, Mazepa, Dushore, Bellefonte, Ransom, Muncy Valley, Millheim, Coburn, Aaronsburg, Nanticoke, Warrensville, Foster, Zion and Loyalsockville. About one hundred properties yet remain to be sold.

Cow Boy Student.

Among the curiosities at State College this season is a young chap from Texas, who seems proud of his nativity and evidently takes pride in impressing his "Cowboy" manners upon his fellow students. It was not an uncommon thing to see this representative of the Lone Star state parading about the campus in true cowboy style. A large sombrero was on his head while he carried a brace of threatening revolvers in a leather belt about his waist and his other garments were consistent with that of a "Terror" from the plains.

One night recently the boys were out looking after fresh men and introducing them, according to the time honored custom, into the mysteries of college life. The process is more commonly known as hazing. When they came to the Texan's door it was locked and they were notified from the inside that he was not receiving callers that evening; also warned them not to intrude as the consequences might be severe.

A brief consultation was held, then a rush and a boost, and in went the door and the gang of hazers. A surprise was in store. Mr. Cowboy was sitting by his table with a brace of revolvers in hand. The intruders were politely invited to sit down about the room, but no one should attempt any familiarity if they placed any value on their lives. The boys accepted the invitation, and advice as well. They entertained their host with ringing college songs and jokes until he truly thought they were not intent upon any evil.

At an unguarded moment one of the boys leaped upon the Texan's back, others soon relieved him of his weapons and in a short time he was put through a course of sprouts that was truly humiliating to this terror of the plains.

The Lone Star from Texas had to take his medicine like every other ordinary fellow and is a wiser man for it.—Centre Democrat.

Vicksburg Depot Burned.

The depot at Vicksburg, on the L. & T. R. R., Union county, was destroyed by fire early last Friday morning. Together with the building were destroyed a lot of merchandise, a number of barrels of coal oil, and the accounts, papers, and books of the agent. It is supposed to be of incendiary origin, as it started in the eastern part of the building, the stove being in the western part. Mr. James K. Reish's lumber yard was saved.

Southern Flowers.

Mrs. D. J. Meyer showed us a little box with pretty flowers sent by her daughter, Mrs. McCormick, living in Charleston, S. C. They were carnations, hyacinths, etc., beautiful and nicely nestled in a bed of silky maiden's fern. The same lady also favored the wife of the editor of the "Reporter" with a small box of bulbs from which we expect some pretty flowers next season, and for which Mame will accept thanks.

Epidemic of Scarlet Fever.

By order of the State Board of Health, Deputy Inspector Harry Wands has established a quarantine at Huntingdon furnace, in Huntingdon county, on account of an epidemic of scarlet fever and diphtheria. A large number of deaths have occurred in the affected district, and in the hope of preventing a spread of the diseases the State authorities have taken action. Great alarm is felt in the upper end of the county.

THE WEATHER.

Foster's Predictions.—A Winter Storm Followed by a Cold Wave.

My last bulletin gave forecasts of the storm wave to cross the continent from 19th to 23d, and the next will reach the Pacific coast about the 24th, cross the western mountain country by close of 25th, the great central valleys from 26th to 28th, and the eastern states about the 29th. This will be an ugly winter storm, and will be followed by a severe cold wave or blizzard. The warm wave will cross the western mountain country about the 24th, the great central valleys 26th, and the eastern states 28th. The cold wave will cross the western mountain country about the 27th, the great central valleys 29th, and the eastern states 30th. Indications are favorable to an extended drouth in April and May, probably of greatest extent in the northern states. I will give a long range forecast of this in my first February bulletin. This will be of great importance to farmers, and before giving a complete forecast the calculations will be carefully compiled. A drought at that time would not very seriously damage the northern states, but in some sections of the south it would be ruinous.

Judge Love's Commission.

The fact that the commission issued to President Judge Love reads that he is to preside over the Court of Common Pleas, and mentions no other, has given rise to quite a discussion among the attorneys at Bellefonte.

The President Judge of this district has all the Courts to preside over, including the Quarter Sessions and Orphans' courts. There is considerable speculation as to what will be the outcome of Judge Love's commission, there being some who contend that another Judge will have to be appointed.

The dispatch sent out from Bellefonte stating that there is some question in the minds of lawyers as to whether Judge Love can preside over all the Courts in the district is not seriously considered at the State Department. Those who question Judge Love's right to preside in all the Courts of the district because his commission reads "Court of Common Pleas" only forget that Section 92, Article 5 of the Constitution, provides that the Common Pleas Judge shall also be Judge of the Quarter Sessions and other Courts.

A Severe Winter at Bellefonte.

A dispatch sent out from Bellefonte says:

The weather has continued so cold in this county that all the small streams are frozen up and farmers in many cases are compelled to drive many miles for water. As severe a winter, according to the statements of our oldest citizens, has not been experienced here in twenty-five years.

The fellow who sent the above message did not know what he was doing. The winter here has not been anything like what is given above. We have a moderate and pleasant winter, and had many worse ones before.

Silver Wedding.

On Monday evening, February 11th, Mr. and Mrs. George L. Goodhart will celebrate their twenty-fifth wedding anniversary at their home near Centre Hill. A number of invitations have been issued to relatives and near friends for the occasion. Mr. Goodhart is one of the Democratic members of the Commissioner's board and is well known to most of our readers all of whom, no doubt, join with us in extending congratulations.

Not Correct.

There was a report circulated here some weeks ago, that Prof. Criswell, formerly principal of the Centre Hall schools, had been killed by being thrown from a buggy, while out driving with a young lady, the horse having run off. The person killed was not Prof. Criswell, but another of same name, as we find from a letter to Dr. Jacobs.

Give G. A. R. Adjutants Power.

State Senator S. P. S. Gobin has introduced into the Senate a bill which empowers the adjutants of the various Grand Army posts throughout the State to administer the necessary oaths or affirmation to pensioners of the United States on the vouchers required from them for the purpose of drawing the pension. The adjutants are authorized to charge the pensioner fifteen cents for each voucher.

Cure for Felon.

There is no use walking the floor with a felon. Wrap a cloth loosely around the felon, leaving the end open. Pour gun powder in the end and shake it down until the end is covered, then keep it wet with camphor. In two hours the pain will be relieved and perfect cure will follow quickly.

GOING TO SCHOOL AT 58.

Auditor General-Elect Amos H. Mylin Renewing His Youth Among the State College Boys.

When ex-Senator Amos H. Mylin, Auditor General-elect, was at Harrisburg among his old associates last week he was complimented on all sides upon his hearty and youthful appearance.

"No wonder I look younger," he replied, "I am renewing my youth. I am a boy again going to school."

When asked to explain how a man in his fifty-eighth year, who had graduated at Andover and from the law department of the University of Pennsylvania, and had served in the Legislature for fifteen years, two sessions as presiding officer of the Senate; and was now soon to take a responsible state office, came to be going to school again, he said he had been farming down in Lancaster county for a good many years, raising wheat and tobacco, and he had found lately that it didn't pay. So he had entered himself as a student at State College, and was taking a creamery course which is taught to young farmers there. The new student is a large, powerfully built man, and would make a great center rush for the football team if he was a few years younger. As it is he could give some of the boys an exciting tussle.

The Howard Church Case.

The supreme court, on the 12th inst., discharged the rule to show cause why the proceedings to regain possession of the Disciple church at Howard, Pa., should not be stayed, etc. This order puts the case in the same position it was before the rule to show cause, etc., was granted by Justice Dean on the 18th of August last upon application of the respondents.

This is one of the celebrated Centre county cross-fire cases—wherein the Court rendered a decision in favor of the Long-Lucas people and the Associate Judges, Riley and Faulkner, decided in favor of the Harvey-Gardner people. The former issued a writ to take possession of the church, thereby throwing out the Harvey party. These writs were stayed, however, by Justice Dean, but the order of the 12th inst., releases the order of Justice Dean, and if the sheriff is disposed he can now go ahead and chuck out the Harvey party.

The Harvey-Gardner party have appealed the whole case to the supreme court upon its merits, and should the appeal be sustained when heard in April next the Long-Lucas party lose. The sheriff would throw out the Harvey party at his peril, especially if the decree of Judge Furst should be set aside.—Gazette.

Phillipsburg Wants a New County.

The Phillipsburg Journal is again agitating the matter of a new county. It says: A few years ago the question of forming a new county out of a portion of Centre, Clearfield and adjoining counties, with Phillipsburg as the seat of government, was strongly advocated and thoroughly discussed in the columns of the Journal, but nothing tangible resulted. One thing is more than ever certain, Phillipsburg ought either to belong to Clearfield county or become the capital of a new county, and we are strongly in favor of the latter measure. We verily believe if the proper efforts were put forth the scheme could be successfully carried through.

The First to Extend Congratulations.

The first Harrisburg lady to extend congratulations to Governor Hastings at the reception at the executive mansion on Tuesday evening was one of his pupils when he was principal of the Bellefonte high school. She is Miss Elizabeth Foster, of North Second street, daughter of Major Foster, of the department of internal affairs. Miss Lizzie is a Centre county lady, and well known to many REPORTER readers.

Suicide After a Revival.

Miss Amanda Barkman, aged forty, the daughter of a prominent farmer residing near Huntingdon, became demoralized after attending several religious revivals, and went into an out-house and saturated her clothing with a gallon of kerosene oil. She then applied a match, and when discovered was burned almost beyond recognition.

I MADE \$75.00 IN A WEEK.

I have bought several plating machines, but they were either not large enough for some articles or they did not work easy, and I have never made much money until I obtained the Practical Plating Dynamo. This is the electrical machine used in all the great gold and silver plating factories, and does the work every time. No sooner did people hear that I had this electrical Dynamo, than I had more spoons, knives, forks and jewelry than I could plate in a month. The first week I cleared \$31.50, and the second week I cleared \$75.00, and I think by the first of January I will have a thousand dollars in cash and give my farm considerable attention too. The Plating Dynamo is the thing to use, and you can learn to use it in about an hour. Anyone can write to W. P. Harrison & Co., Columbus, Ohio, who make these machines, for circulars. As this is my first lucky streak, I give my experience, hoping others may be benefitted as much as I have been.
