NOT THE RIGHT METHOD.

If Mr. Snively's bill proposing the distribution of \$5,000,000 of state money for road building purposes to give that sum to the counties and townships without any condition as to the character of the roads to be constructed, it will be an egregious waste of money.

The trouble in the past has not been so much that there was no money spent on the roads, as that the methods of spending it and working on the roads made it a dead waste. If the state funds go into local hands without restriction or guarantee as to what work is to be done with them, the probability is that the greater share will be spent without securing what is needed—permanent and solid roadways.

The only purpose of state appropriation is to secure that kind of roads. The state can build roads for itself, or it can appropriate money to be given to the counties on a condition that they make roads of a prescribed standard of durability. But to give it to them unconditionally would be a very slight improvement to throwing it away.—Pittsburg Dispatch.

LEGISLATIVE EXTRAVAGANCE.

Senator Kauffman, of Lancaster, should be heartily applauded by all sensible citizens of the Commonwealth for his straightforward rebuke of the Legislature for its undisguised extravagance. No one can review the proceedings of the existing body without being amazed at the seemingly reckless spirit of this spendthrift assembly, so aptly embodied in the now famous remark of one exuberant legislator: "What is \$100,000 to this grand old Commonwealth?" Philadelphians have suffered distressingly from their municipal housekeepers, and it is doubly discouraging to behold this contempt for the public taxpayers on the part of the state money-spenders.

"This Senate," emphatically declared Senator Kauffman on Thursday last, "has continued to increase salaries and to create useless positions, until \$31,000,000 is asked for with only \$19,000,000 of revenues. It is time that we cry halt before we bankrupt the treasury and wreck the Republican party."

It is a question of something more than mere Republican politics; it is the welfare of the whole Commonwealth that is at stake. But it will be encouraging news to learn that the Republican majority have awakened to some measure of their responsibility.

GOVERNOR HASTINGS will call a halt on the extravagance of the legislature after the recess says the Patriot. There is a disposition on the part of the members to pass all appropriation bills and throw the responsibility of disposing of them on the executive. The bills now before the appropriations committee foot up in round numbers \$33,500,000, including the general appropriation bill of \$16,000,000, while the state revenues for the next two years will not exceed \$19,000,000. The governor has prepared a message which he will send to the legislature when it reconvenes, calling attention to these facts and urging economy in the expenditure of the people's money.

THE Republicans of the state legislature have brot forward bills that will make the expenditures of the government for next year foot up 35 million dollars, just double what the expenditures were heretofore, if there is no heading off of the grab game attempted. These fellows evidently think their big mushroom majority last fall was a license to rob the state whole-sale.

Even Gov. Hastings has become alarmed over the threatened danger, and thinks his party in the legislature needs a scolding by special message. These fellows have been given a long rope and are likely to hang themselves.

THE Altoona Tribune, Republican, doesn't take kindly to the increase of salaries by the present legislature. It says: Thus far this legislature has increased the salaries of the superintendent of the banking department and the superintendent of public printing by fifty per cent. In the meantime the wages of their constituents have gone down.

A YOUNG GIRL'S FORTUNE.

AN INTERESTING SKETCH.
Nothing appeals so strongly to a mother's affection as her daughter just budding into womanhood. Following is an instance: "Our daughter, Blanche, now 13 years of age, had been terribly afflicted with nervousness, and had lost the entire use of her right arm. She was in such a condition that we had to keep her from school and abandon her music lessons. In fact, we feared St. Vitus dance, and are positive but for an invaluable remedy she would have had that terrible affliction. We had employed physicians, but she received no benefit from them. The first of last August she weighed but 75 pounds, and although she had taken only three bottles of the medicine she now weighs 105 pounds; her nervousness and symptoms of St. Vitus dance are entirely gone, she attends school regularly, and studies with comfort and ease. She has recovered complete use of her arm, her appetite is splendid, and no more could procure for our daughter the health Dr. Miles' Nervine has brought her."
When my doctor recommended the remedy I had no faith in patent medicines, and would not listen to him, but as a last resort he sent me a bottle, we began giving it to Blanche, and the effect was almost immediate.—Mrs. R. K. Bullcock, Brighton, N. Y.
Restorative Nervine is sold by all druggists on a positive guarantee, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, six bottles for \$5, express prepaid. It is positively free from opiates or dangerous drugs.

WHAT YOUR THUMB TELLS.

The thumb is an unerring index of character. The Square Type indicates a strong and firmness. Closely allied is the Spatulated Type, the thumb of those of advanced age and business ability. Both of these types belong to the busy man or woman; and Demorest's Magazine and its articles are especially for such persons a whole volume of new ideas, condensed in a small space, and the record of the whole world's work for a month may be read in half an hour. The Conical Type indicates refinement, culture, and a love of music, poetry, and fiction. A person with this type of thumb will thoroughly enjoy the literary attractions of Demorest's Magazine. The Artistic Type indicates a love of beauty and art, which will find more pleasure in the magnificent oil-pictures of the original painting by De Longpre, the most celebrated of living French painters, which will be given to every subscriber to Demorest's Magazine for 1896. The cost of this superb work of art is \$200.00; and the reproduction cannot be distinguished from the original. Besides this, an exquisite oil or water-color picture is published in each number of the Magazine, and the articles are so profusely and superbly illustrated that the Magazine is, in reality, a portfolio of art worth of its cost. The Philosophic Type is the thumb of the thinker and inventor of ideas, who will be deeply interested in those developed monthly in Demorest's Magazine, in every one of its numerous departments, which cover the entire artistic and scientific field, chronicling every fact, fancy, and fact of the day. Demorest's is simply a perfect Family Magazine, and was long ago crowned Queen of the Monthlies. Send in your subscription; it will cost only \$2.00, and you will have a dozen Magazines in one. Address W. JENNINGS DEMOREST, Publisher, 15 East 14th Street, New York. Though not a fashion magazine, its perfect fashion pages and its articles on family and domestic matters, will be of superlative interest to those possessing the Feminine Type of Thumb, which indicates in its small size, slenderness, soft and smooth, rounded tip, those traits which belong essentially to the gentler sex, even one of whom should subscribe to Demorest's Magazine. If you are unacquainted with its merits, send for a specimen free, and you will admit that seeing THE TIMES has put you in the way of saving money by finding in one Magazine everything to satisfy the literary wants of the whole family.
