GOOD VETOES.

Gov. Hastings has sent in three veal president judges, and his veto on Tuesday of the bird-book bill.

all he does that is right, and in this we include his special message of ten days ago, warning the Republicans of the legislature against their extravagance and that the measures they propose would bankrupt the state.

In all the above the Governor has our warm endorsement and he has pleased the great mass of the people.

But, the people are now demanding another veto; he must veto the Marshall bill, a measure to benefit that notorious monopoly, the Standard Oil Company. If the Governor vetoes that iniquity it will be a great and good act in the eyes of all the people. If he signs the bill, he will dim the lustre of all his commendable acts alluded to above.

Let the Governor boldly veto the Marshall bill and show that he is a bigger man than the Standard Oil monopoly.

Congress adjourned on Monday. Now let the Pennsylvania legislature adjourn as soon as possible, for the Governor and all observing men fear it is on a fair way to bankrupt the state.

THE Hawaiian revolutionists have had their trial but none will be hung owing to the interposition of President Dole. Thirty-five years in prison, practically a life-sentence, and a heavy fine were substituted, and two of the men, Nowlein and Bertelmann, were pardoned as their pay for turning State's evidence.

The queen is likely to be sentenced to five years imprisonment.

On Saturday, 2, the Pope celebrated his 85th birthday and the 17th anniversary of his coronation, altho the latter event fell on 3d. He received the cardinals, members of the nobility and other distinguished persons in the throne room of the vatican, and replying to congratulations, His Holiness spoke of the reunion of the churches, characterizing it as unworthy of Catholies to call the idea utopian.

PEACE efforts are on foot again by the Chinese Emperor, and the prospects are very bright that peace will be speedily concluded with Japan. The credentials of the envoys are nearly ready, and the details are being settled by telegraph. If there is no hitch in the preliminaries, the envoys will probably leave Tien-Tsin about March

Gov. Hastings has presidential aspirations and believes that with the party leaders working in harmony with him he can secure the solid Pennsylvania delegation to the next national convention, and this would make him a very formidable candidate for the nomination. With the bitter contest that is certain to be made for the honor between the friends of Harrison, McKinley and Reed the supporters of the governor think they see for him a splendid chance to secure the nomination as a compromise candi-

A STRANGE CASE.

How an Enemy was Foiled.

The following graphic statement will be read with intense interest: "I cannot describe the numb, creepy sensation that existed in my arms, hands and legs. I had to rub and beat those parts until they were sore, to overcome in a measure the dead feeling that had taken possession of them. In addition, I had a strange weakness in my back and around my walst, to rether with an indescribable 'gone' feeling in my stomach. Physicians said it was creeping paralysis, from which, according to their universal conclusion, there is no rehe! Once it fastens upon a person, they say, it continues its insistious progress until it reaches a vital point and the sufferer dies. Such was my prospect. I had been doctoring a year and a haif steadily, but with no particular benefit, when I saw an advertisement of Dr Miles' Restorative Nervine, procured a bottle and began using it. Marvelous as it may seem, but a few days had passed before every bit of that creepy feeling had left me, and there has not been even the slightest indication of its return. I now feel as well as I ever did, and have gained ten pounds in weight, though I had run down from 170 to 137. Four others have used Dr. Miles' Restorative Nervine on my recomendation, and it has been as satisfactory in their cases as in mine."—James Kane, La Rue, O.
