400 PERISHED.

Wreck of the Missing Spanish Warship Found.

SEARCH FOR THE BODIES.

Sunk Near the Straits of Gibraltar, and Only Twenty Inches of Her Masts Visible Above the Water.

The Spanish cruiser Alfonso XIII has returned to Cadix after a search for the missing cruiser Reina Regenta, and reports having found the latter vessel sunk near Bajo Acahueta, not far from the Straits of Gibraltar.

The Alfonso XIII has returned to the scene of the wreck with a number of divers and diving appliances, in order to recover the bodies of the crew of the sunken warship.

The Reina Regenta was reported missing on March 13. She had just conveyed from Cadix to Tanjer the returning Moorish mission to Spain.

On March 15 the steamer May Air arrived at Barcelona, and reported sighting a vessel believed to be the Spanish cruiser Reina Regenta, on the morning of March 10.

The uncertainty as to the fate of the Reina Regenta caused great public excitement in Madrid, and the government was accused of keeping back news of the ship and of having ordered the detention by the censors of all telegrams giving information about her.

MURDERED BY ITALIANS.

There is much talk at Pittsburg of a National coal strike being ordered about May 1, when the mining scales of the Middle States expire.

The public recognition service of the new First Baptist Church at Ardmore was held.

Two Plymouth men, a grocerman and a justice of the peace, were accused by William Elias of false imprisonment.

ALL DEAD.

Red Canyon's Awful Coal-Pit Disaster.

WRECKED THE POWERHOUSE

Fourteen Mangled Bodies Recovered and 47 are Still Buried 2,000 Feet Below the Surface.

The total number of miners known to have perished in the explosion of gas in Rocky Mountain coal mine No. 5, at Red Canyon, Wyoming, is sixty, of which fifty were married and nine young men and boys.

The bodies of the following, out of a total of 53 who met their deaths in the mine, have been recovered and turned over to their relatives: W. B. Clark, John Morris, D. Lauris, G. Hyde, John Lieve, W. H. Grivesand, Samuel Clay, Samuel Hutchinson, W. M. Morris, Thomas Booth, Benjamin J. Coale, Charles S. Clark, Willard Brown, James Lamb, Fred Morgan, all men of large families.

This leaves thirty-eight unrecovered bodies in the mine. The timbering is largely blown out and the walls and roof of the whole interior are wrecked and shattered so that the volunteer searching party of contractors now seeking the bodies of their comrades are every moment in danger of being buried.

The agonizing screams of widows and children about the mouth of the mine is beyond description.

The males that were in the mine were so burned that they had to be removed on account of the odor before the work could proceed.

About thirty men killed belonged to the Ancient Order United Workmen, in which order they were insured for \$2,000 apiece.

The explosion is supposed to have come from a blast setting fire to dust, making a dust explosion, since the mine was supposed to be free from gas and being well ventilated.

The Rocky Mountain Company, generally designated as the Central Pacific mines, have two mines, numbers 5 and 6, with one mile face making two separate mines with 150 feet pillars separating them.

The explosion is supposed to have come from a blast setting fire to dust, making a dust explosion, since the mine was supposed to be free from gas and being well ventilated.

The explosion is supposed to have come from a blast setting fire to dust, making a dust explosion, since the mine was supposed to be free from gas and being well ventilated.
