W. T. MEYER, Bellefonte.

Special. It is seldom that the trade that seeks Bellefonte markets has the advantage of such a mark down sale as Lyon & Co. are advertising in another column on this page. It will pay you to look it up.

QUIETLY MARRIED.

Mr. H. W. Kreamer and Miss Maggie Hanna Wedded on Sunday Evening.

Last Sunday evening Rev. R. W. Illingworth united in marriage at the Methodist parsonage, at Spring Mills, Mr. H. W. Kreamer and Miss Maggie Hanna, both of this place.

The marriage was quietly arranged and was known to but few of our people before its culmination. There were only the necessary witnesses present at the ceremony, and the couple returned to Centre Hall the same evening and took up their abode at the residence of the groom, where they will remain.

Mr. Kreamer is the popular member of the firm of Harper & Kreamer, our reliable merchants, and is a gentleman in every sense that the word implies. He has secured an excellent lady in Miss Hanna, who for years has had charge of the primary department of our schools, which she conducted in an able and satisfactory manner. All join in congratulations and good wishes to the newly married couple.

Will Not Get a Reduction.

The reduction in the telephone rents recently announced by the telephone company was the cause for some users to exult a little, but their joy will be short-lived. The company is working on a new schedule, and the rents are to be based on wire mileage, and the number of phones on the line. The old prices were \$45 per year to all connected with the exchange at Bellefonte. The new rates are from \$24 up to those within one mile of the exchange, and the users on this side can congratulate themselves if they escape from a higher figure than \$4 a month. The renters in Centre Hall will not stand any rise in price for phone and will all throw them out if the company asks it. The present price is exorbitant, and a competing company would find a little support here.

30,000 Trout.

Tuesday morning's train brot 16 cans to this station, with trout fry. These cans contained in all about 30,000 young trout, from an inch to one and a half inches in length; they arrived in lively condition and were at once taken to their new home, the greater portion to the head of Penns creek, the balance to Garry's and the 7 Mt. streams. Not less than 100,000 young trout have been sent into this county from the state hatchery this spring. In three years these speckled beauties will grow to 10 and 12 in. in length, and afford fine sport for the knights of the rod if the illegal fishing can be checked.

What They Are Doing.

The good women—an' they are all good—are busy cleaning house, putting flower beds and yards in trim, setting onions, sowing radish seeds, and making themselves everlastingly useful generally. How could we get along without the fair sex? who would darn the socks, sew on buttons, chop the stove wood, start the fires on winter mornings, and attend to the missionary meetings? Why bless you, man, it's the women that does all them things.

Treasurer Elected.

At the regular quarterly meeting of the Farmers' Mutual Fire Ins. Co. of Centre Co., held on Tuesday, Benj. H. Arney was unanimously elected Treasurer of the Company to fill the vacancy caused by the death of James C. Boal. Mr. Arney is not only thoroughly competent for the duties of the position but also perfectly responsible.

Death of John Carper.

The report circulated last week of the death of John Carper, of Linden Hall, proved unfounded; however the demise of this venerable and highly esteemed citizen, did occur a few days later, at upwards of 89 years of age. He has gone to his long and happier home.

Has Another Fire.

The Journal says Mr. B. F. Gramley of Kaneville, Ill., says by letter that he had another fire on one of his farms near that place, which is occupied by his son, Charles, whose children set fire to a pile of straw. Everything was burned down but the house. The loss amounted to \$2500. Mr. Gramley is a native of Miles twp.

Satchel Lost.

The undersigned lost a satchel of goods on Thursday morning, 4th, on going from Mike Spichers to Brush-valley road by way of Linden Hall. The finder will receive a dollar reward by leaving same at REPORTER office.

D. J. NEWMAN.

Services Every Sabbath. Rev. Rearick informs us that in a short time he will have preaching in the Centre Hall Lutheran church regularly every Sabbath, which will be quite acceptable to the people here.

Lyon & Co., Bellefonte, are making a big drive in shoes. They carry a full line in this department, and at prices that are way below their competitors. It is useless to pay a big price for shoes when you can get the same article several dollars cheaper at Lyons. Don't pay any dealer an extravagant price, until you inspect their stock.

Interesting Relics.

Thirty-five years ago the first coal-oil and lamps in this valley, were sold at Aaronsburg by the writer hereof. W. W. Royer, of Centre Hill, then a young man, attended the academy in that place, and was among the first to purchase a lamp and oil—oil then sold at 60 cents per gallon. Mr. Royer informed us yesterday that he is still in the possession the lamp and chimney having used the chimney constantly for 19 years, when the burner wore out and he was unable to get one of the same make to suit the (flanged-foot chimney. The lamp and chimney are as good as when bot 35 years ago and are prized by Mr. Royer as relics.

Blast Furnaces Resume Work.

The charcoal blast furnace, wire mill and chain works belonging to McCoy & Linn, at Bellefonte, have started up in full, having enough orders on hand to keep them running steadily for six months. This is the oldest charcoal blast furnace in Centre county running today and was built in 1805. It was owned at one time by Ex-Governor Curtin's grandfather. The entire plant gives employment to over one hundred hands. It is probable that the Bellefonte Furnace Company's 100-ton furnace will resume next month, after an idleness of over three years.

Appointed Justice of the Peace.

Andy Reesman was appointed justice of the peace by Gov. Hastings; he had not asked for the appointment either before or after the death and burial of Esq. Boal, and our people are satisfied with the choice made by the governor. "Squire Reesman" will not sound bad, nor will Andy make a bad squire.

Edward Humes' Estate Left to His Children.

The will of the late Edward Humes, for many years president of the First National bank at Bellefonte, was admitted to probate last Thursday. Mr. Humes left all his money to his two children. A stipulation in the will was made that no accounting should be made except by the heirs to each other. The estate is estimated at close to \$2,000,000.

Removed an Eye.

Jacob Comly, of Pleasant Gap, for some years had trouble with his left eye which threatened to affect the right eye. Dr. H. K. Hoy was consulted and advised the removal of the troublesome eye to save the right eye. The operation was performed a few days ago with success, and Mr. Comly is experiencing great relief since, altho 84 years of age.

Want Them Impeached.

The auditors of Blair county are about to recommend to the court the impeachment of two of the county commissioners of that county for malfeasance in office.

You can save \$5 on every \$10 purchase you make at our store. We have received a big stock of spring goods, and they are exceptionally cheap.—Lewins, Bellefonte.

Rev. Mitchell's Lecture.

Rev. Ira C. Mitchell's lecture in the Reformed church on last Sabbath evening was attended by a large audience. His subject, "Man and his Destiny, Scripturally and Scientifically Considered," was handled in a learned and masterly manner, and the points fortified by scriptural proofs and logical deductions that evidenced the mastermind of the lecturer and his thorough ability to take up a theme of such transcendent depth and importance in the theological world. We will not attempt to give a synopsis of the lecture as justice can not be done the speaker thereby as every sentence wants to be brought to the reader's mind to enable him to grasp the original and powerful thought in the entire discourse for which our space is too limited. Those who heard Rev. Mitchell found themselves enriched by new ideas and glad they were present, while those who were not there missed a rich treat to theological fact and reasoning. He rivited the closest attention of the large audience for one hour and ten minutes, and another hour would not have wearied the assemblage.

Revs. Isenberg and Rearick were present at the pulpit and gave the lecturer marked attention. The choir rendered fine music.

The next lecture will be in the Lutheran church on Sabbath evening, April 21, when the other topics will be taken up, namely:

What is man? What is life? What is death? The state of the dead. Man's final destiny, involving his condition and his home.

Possibly a third lecture will be necessary to properly cover these topics, in which event due notice will be given of time and place.
