DISEASES OF WOMEN.

Will be Treated Free by Dr. Hartman During the Summer Months. "Female diseases" is a term which has come, by constant use, to be applied to all of that very distressing class of affections which are peculiar to the female organism. At least three causes should be recognized. The cause which is perhaps most frequent is displacement of the womb. The second cause is congestion of one or more of the pelvic passages. The third cause is known as inflammation or ulceration. Pe-ru-na should be taken in tablespoonful doses before each meal in all varieties and stages of the disease. This dose should be gradually increased after several weeks' use of it to two tablespoonfuls. Vaginal injections should be taken three times each day, two or three quarts at each injection. Any woman wishing to become a regular patient of Dr. Hartman should send name, address, duration of disease and symptoms at once, and specific directions for every detail of her treatment will be promptly sent. The doctor will direct every item of the treatment free of charge. The patient can obtain the necessary medicines at the nearest drug-store, and every patient will be expected to report once a month. This gives every woman in the United States a chance to receive the benefit of the extensive experience of this renowned physician in all forms of female diseases. Book on female diseases sent free by The Pe-ru-na Drug Manufacturing Company, of Columbus, Ohio. For free book on cancer address Dr. Hartman, Columbus, Ohio.
