WORK AND WORKERS.

The union job printers of Minneapolis, 200 In number, struck for 30 cents an hour and a nine-hour day. The Great Northern Railroad Company

employed a number of men in Chicago in anticipation of a strike. A Cleveland, Ohio, dispatch says that the

tin plate manufacturers are "talking of making a concerted move to get Congress to increase the tariff on imported plate."

The employes of the "cold roll department" of the American Tin Plate Company's plant, at Elwood, Indiana, struck because they were not satisfied with the number of boxes credited to them last month, claiming a shortage.

The employes at the quarries at Portland. Conn., were "ordered on the winter schedule of seven hours a day at 14 cents an hour. They refused the terms and demanded the old rate of wages. The quarters were closed. Both sides are determined, and a lock-out is feared."

All the Welshmen in the mills of the National Tin Plate Company at Anderson, Ind., went out on a strike. "One cause is said to be the employment of Americans where Welshmen have been at work. This the company denies. Officials say the mills will be running again in a few days,"

Every colliery and coal stripping plant in the Lehigh region, which was forced down and have been idle for several weeks owing to the drouth, resumed work. Nearly 5,000 men are given employment by the resumption. Rains of the past week have swollen the mountain streams, and there is now plenty

THE ELECTIONS.

Latest Returns from All the States.

MARYLAND REPUBLICAN

Tremendous Upheavel All Along the Line-Tammany Scores in New York City, but the State and Legislature are Over-whelmingly Republican.

Tuesday's balloting produced a political revolution in Maryland. In spite of the claims of the Republican leaders that Lloyd Lowndes was going to have a "walkover," very few of the careful calculators of that party supposed that his plurality over John E. Hurst, the Democratic Gubernatorial candidate, would be anywhere in the neighborhood of 18,000. Half that would have seemed more reasonable even to the sanguine ones. although Chairman Wellington, of the State Committee, used to say in his off-hand way, "Anywhere from 15,000 to 30,000 plurality for Lowndes !"

Robert P. Graham and Harry M. Clabaugh, the Republican candidates for State Compcroller and Attorney-General, fell very little

The entire Legislative ticket in Baltimore was elected by the Republican. The official counties, but as far as is known the State says he did his whole duty. Senate is a tie, with W. Cabell Bruce, the In-

succeed Charles H. Gibson.

NEW YORK.

In the city the majority for the Democratic state ticket is approximately 10,000 greater than the average of the majorities for the Tammany local candidates, which are from 20,000 for Sohmer for the recorder to 17,000 for Purroy for county clerk.

The total unofficial vote for secretary of state is: King (Dem.), 505,590; Palmer (Rep.), 572,525. This makes Palmer's plurality

JOHN C. PALMER, SEC'Y OF STATE, N. Y.

A list of the new legislature, based upon corrected returns from nearly all election districts and careful estimates in others, show that the state senate will consist of 35 Republicans, 14 Democrats and 1 Independent, and the assembly will be made up of 99 Republicans, and 51 Democrats.

The Socialist Labor candidates received from 9,182 to 9,980 votes.

NEBRASKA.

Returns from the several counties in the state upon the vote cast for judge of the Supreme Court are being received with unusual slowness. The partial returns indicate the election of Judge Norval, Republican, by a safe plurality.

PENNSYLVANIA.

Returns received indicate positively that Peter P. Smith (Dem.), of Lackawanna county, is the seventh member of the new superior court, the other six being republicans. Judge Smith ran 4,600 ahead in his own county and 2,600 in Luzerne, and although Judge Magee, his dangerous competitor, ran 5000 ahead in his home county, this was offset by his running 5,000 behind in Philadelphia. Judge Yerkes ran about 700 ahead in his own county, Bucks, and was generally well supported in the eastern counties, but not strongly enough to offset Smith's big gains at home.

NEW JERSEY.

This city and Essex county rolled up a big majority for Griggs. One township, South Orange, gave a plurality for McGill of 19, and the borough of Vailsburg went the same way by 22. These were the only places

ILLINOIS.

The election in Cook county (Chicago) proves to have been a Republican landslide, the candidates of that party being chosen by majorities ranging from 31,000 to 36,000, The election was for two judges of the Supreme Court and nine trustees for the \$30,-\$00,000 drainage canal, which is to connect Lake Michigan and the Illinois River.

MASSACHUSETTS.

So far as can be ascertained the vote for Governor in four Western counties is Greenpalge, 25,279; Williams, 17,053. By counties: Hamden-Greenhalge, 10,153; Williams, 5,118; Franklin-Greenhalge, 3,647; Williams, 1.729; Hampshire-Greenhalge, 4,176; Wiltiams, 2,221.

OHIO. Neither the Republican nor Democratic state committees have attempted to get anything like exact figures on the election returns. Chairman Anderson conceded the State to the Republicans by 90,000.

Chairman Kutz at 9 P. M. said Bushnell's plurality would not be less than 10,000. The

The members of the Journal's editorial staff on the fourth floor all escaped.

And, with our thanksgiving, let us humbly beseech the Lord to so incline the hearts of our people unto Him that he will not leave us nor forsake us as a nation, but will continue to use his merey and protecting care, guiding us in the path of national prosperity and happiness, enduring us with rectitude and virtue and keeping alive within us a patriotic love for the free institutions which have been given to us as our national heritage.

"And, let us also on the day of our thanksgiving especially remember the poor and needy, and by deeds of charity let us show the sincerity of our gratitude.

Mrs. Philip Miller, of Marshall's Creek, formerly Mrs. Harvey Surgeon, was arrested charged with burning Yetter's School House. KILLED IN A WRECK

Pittsburg and Cincinnati Express Jumps the Track.

WOMEN AND A BABY KILLED

An Express Train on the Pittsburg Division of the Baltimore and Ohio Rail Road Jumps the Track and Plunges Over a

High Embankment. The worst railroad wreck in the immedfate vicinity of Wheeling, W. Va., for many years occurred at Elm Grove, five miles east on the Pittsburg division of the Baltimore and Ohio road.

The Pittsburg-Cincinnati express, commonly known as the cannon-ball, jumped the track on a bridge over Wheeling Creek, owing to a broken flange on the wheel of the smoking car. The engine, tender and haggage-car kept the track, while the mail car, smoker and Pullman parlor car went over a bank about 16 feet high. The mail coach turned completely over and the other two lay on their sides. The cars were completely demolished, seeming to have been thrown some distance through the air.

So far only two deaths have happened. A woman, thought to be Mrs. Miranda Hare, of Kitanning, Pa., but not positively identified owing to the way she was disfigured, jumped from the car and was instantly killed,

The 8-months-old baby of Lawrence Bartley, of Pittsburg, was sitting on its father's lap when the accident occurred. It was so badly injured that it died in a few minutes, while neither the father nor mother was hurt. They were coming to Wheeling to attend the funeral of a relative.

The exact number of injured is hard to get reliably. Nine were taken to the City Hospital and three to the Wheeling hospital. Ten or a dozen surgeons and the wrecking

crew were summoned at once. Not less than 10,000 people visited the scene of the wreck, the Wheeling and Elm Grove Railroad running special excursion trains, all crowded. Of those who were hurt several will die,
