THE NEW RACKET

No. 9-11 Crider's Exchange, Bellefonte.

After reading all advertisements, it is no wonder if you could hardly make up your mind, as to the best place to do your shopping in Bellefonte. But if before buying you make it a point to drop in at The New Racket, you will have no trouble to decide. A glance will convince you that we are in a modern store, differing in many important particulars from any store in Centre Co. As to prices, we set the pace, and if any store in the town matches 'em, its all they care to do. Remember advertised prices are not always low. An article said to be reduced from 69 to 39c, may be 25 or 35c value. Our Fall and Winter stock is now complete and 6400 feet of Floor Space at your service.

G. R. SPIGELMYER, SHEM SPIGELMYER, Jr. Bellefonte, Pa.

About the Town.

A cold wave set in last Friday, lasting several days.

Several hind quarters of beef will be taken on subscription, if timely notice is given.

Weather Thursday, Friday and Saturday, of last week, was warm.

Potatoes, we are told, have dropped to 15 cents per bushel in this market.

Hunters have not found many deer thus far.

For neat job work, sale bills, circulars, bill and letter heads, fine wedding invitations, &c., call at this office.

There is scarcely any market for potatoes.

Pork is expected to be plenty and low in price, corn being cheap.

George Durst's porkers are still admitted to be the largest hereabouts.

Wednesday had another sharp frost. There does not seem to us to be much gospel in the old folks' sign that two frosts bring a rain—we had a dozen frosts and nary a rain.

Killed at Clearfield. Mrs. Faust, widow of the late ex-Sheriff Faust, was killed by the cars at Clearfield Tuesday morning, 7. Deceased was aged about 75 years and lived alone in her little home at the county seat. She had lived alongside the Penn'a railroad track many years and Thursday morning met her death within a few rods of her home while attempting to cross the tracks. Being quite deaf it is presumed she did not hear the train approaching.

Nimrods' Score. Landlord Keller, of Bellefonte, had some Nimrods from the lower counties stopping at his hotel, viz: Dr. Bridge, state vet., John Flemming of Crosskey hotel, Wm. Hues of Ardmore hotel, and Roll Keller, went to the Green woods and killed 25 pheasants, 15 rabbits and saw four deer and one bear. D. C. thought of sending a four-horse team out to bring in the game.

Fire in Union County. The large barn of Uriah Tessler, in Centreville, five miles south of Mifflinburg, was destroyed by fire Friday, with all this year's crops. The fire started in the hay-mow and is claimed to have been the work of an incendiary.

SUDDEN DEATH.

John H. Musser, a Prominent Citizen of Aaronsburg, Expires Sunday Evening.

We were startled to learn of the unexpected death of this widely known and highly respected citizen of Aaronsburg, on Sunday last.

Mr. Musser's death was sudden and unexpected, and a shock to the community. He was about on the streets of Aaronsburg almost every day of the week, and on the day of his death took dinner at Kline's.

Mr. Musser was a retired farmer and a useful citizen in that community, in all the duties to his neighbors and the community. He was a life-long member of the Lutheran church and endeavored to live the life of a Christian, all good objects finding in him a willing helper. For many years, and up to the time of his death, he was an active and useful member of the board of directors of the Farmers' Mutual Fire Insurance Company of Centre Co.

A widow, two sons, Andrew and Kline, and one daughter, Mrs. W. T. Meyer, of Bellefonte, survive to mourn his loss. A daughter, Sadie, died at about 12 years of age. Funeral this morning, Thursday, at 10.

The deceased had been suffering for some months from a cancerous trouble on his left arm above the elbow, and was to New York several times for treatment; blood poisoning, no doubt, set in and caused his unexpected demise, as he was about yet quite recently, attending to business. His age was about 60 years.

Who Owns the Sidewalks.

Judge Clayton, of Delaware county, in recently charging a jury in a case in which the rights of a sidewalk were the bone of contention, laid down the law in reference to pavements in such a manner as to clean up some of the points as to which there has been much apprehension. He said: "The owner of real estate also owns the sidewalk in front of property, subject to the right of pedestrian for traveling back and forward, but outside of this he owns the sidewalk as much as any other part of his property. It cannot be used for roller skates or a play ground for children or other purposes without his consent. If it is, he should first order them to leave, and if they refuse he may lay hands gently upon them and if they resist, he may use as much force as necessary to remove them, but no more.

In the Weather Bureau.

Stewart M. Leitzel, a son of Martin Leitzel formerly a merchant at Stone-mill, Potter twp., for a number of years was in the U. S. Signal service and stationed at Pike's Peak, has for the past 18 months been connected with the Weather Bureau at the national capital having been transferred from Pike's Peak. Our young friend Stewart, well-known to many of the "Reporter" readers, we are pleased to say, has proved himself highly efficient in that branch of the government service.

Nearly Roofed.

The slaters have about finished their work on the roof of the new Reformed church. Mason John Noll with his gang of men, are gradually pushing the brown stone walls to the top. The work on the interior is nearing completion, and the contractors are making good progress, owing to the prolonged fine weather we have had this fall. The church is greatly admired by everyone, and when finished no handsomer edifice will be found in the county.

MONTGOMERY & Co.

Travel in State.

The State College foot ball team passed through here Friday in a Pullman car, on their way to Philadelphia, where they were defeated Saturday by U. P., by 35 to 4. Their manager, Thompson, should have ridden through on the brake rods, and allowed the gentle breezes to cool that feverish and swollen head of his.

Bought a Farm.

The Runkle farm at Centre Hill was sold at public sale last Saturday, by the assignee, Wm. H. Runkle, Esq. The farm contains 119 acres, and was purchased by Commissioner James B. Strohm, of Bellefonte, at \$27.50 per acre. At one time, years ago when land was selling high in this county, \$110 per acre was refused by the owner for this very farm.

—The greatest assortment of overcoats ever shown in Centre county, at Faibles. Low Prices, our only salesman. It will pay you to see us.

—Lyon & Co. have made a still further reduction in all lines. They publish their prices, and you get the same at their store.

OLD CITIZENS.

Where the Venerable in Years Reside.—Aged Residents.

Harris township has a list of aged persons that may count up larger than any other district in the county. It must be healthy in that territory, else its people would not be noted for their longevity. Here are the names of some, all given us as being not under 80 years of age:

In Boalsburg: David Stuart, Harry Miller, Jacob Webber, Mr. Barr, Jas. Price and David Keller.

Jonathan Tressler, of near Linden Hall, will be 95 next May, and only a few days ago was still able to walk to Oak Hall, a distance of two miles.

Wm. Kaup of Oak Hall has also 80 years to his age, and in our last issue we announced the death of Hon. S. Gilliland in his 83 year.

The Worst Man.

The worst man in any community is the man who says the most mean things about his neighbors. Such a character is necessarily a small brained egotistical, envious and venomous creature who deserves the contempt of every large hearted man in the world. But there are few communities that are not afflicted with this sort of pestilence. Knowing themselves to be mean and contemptible, and realizing that they cannot be anything else they try to make other people appear so by snarling, back biting and scurrility. Such men will try to injure their neighbors' business in all cowardly ways and underhandedly misrepresent their betters.

Stricken With Paralysis.

The many friends of Rev. L. A. Gotwald, D. D., now a professor in Wittenberg college, Springfield, Ohio, will regret to learn that he has suffered a stroke of paralysis, which has entirely affected one side and made him speechless. Dr. Gotwald was born and grew up at Aaronsburg, a son of the once esteemed Lutheran minister, Rev. Daniel Gotwald.

His youngest brother, Rev. Wm. H. Gotwald, of Washington, D. C., is a candidate for the chaplaincy of the next national house of representatives.

Hunt the Scholars to School.

Twigg's school house in Rush township, this county, was closed recently by the directors because the scholars who would attend there did not justify the expense of keeping it open. The directors have taken steps, however, to find a school for the few scholars by doing a thing that is unusual. The directors have hired a conveyance to carry the children who would attend there, to and from the Park school, which is located within a mile of Phillipsburg. The wagon goes back and forth every day, and is a decided stroke of economy.

Killed a Deer.

About the first deer of the season was killed last week by a member of the Potters Mills militia, on the Seven Mountains. Sam Johnston was the lucky man who brought down a fine doe, weighing, dressed, 110 pounds, and wounded another, which got away. These hunters are always successful, and get a deer every season.

Centre Hall Sleighs for Norway.

Manufacturer Boob, opposite this office, last week received an order for twelve sleighs from Christiana, the capital of Norway. Our enterprising neighbor has shipped goods to that distant land heretofore, and it is a part of the earth where sleighing is never a failure. Under high tariff such shipments could not be made.

Is Improving.

Henry Boozer is receiving much benefit from the mild climate of California, where he had gone about two months ago in hopes of being relieved of an affection of the lungs. He informs his family here that he has gained thirteen pounds in weight since his arrival there.

Corn Score from a Mountain Farm.

Mr. Houser's farm, on the mountain about 1 1/2 miles north-west of this place this year yielded a corn-crop that will puzzle the best of our valley farms to equal. His corn averaged 125 bushels to the acre. We suppose Mr. Houser's good farming has much to do with such results, and many farmers might take pointers therefrom.

Anti-toxine for Diphtheria.

The doctors of Lewisburg have successfully used anti-toxine in diphtheria cases. In one case the disease was well advanced and the patient's chances of recovery small, but the first injection of the remedy was followed by a very marked improvement, and the child not long after was out of danger.

—The cold weather coming on will require heavier and thicker clothing, as protection against the wintry blasts. Lewins, Bellefonte, has a full new line, and the prices are lower than any in the county. He has never been undersold.

—See our swell English cut overcoats in blue and black Kerseys, from \$7.50 up. Matchless in style, quality and price.—Faibles, Brockerhoff Block, Bellefonte.

DEATH RESULTS.

Mrs. Bierly Dies at Rebersburg, from the Burns on her Body.

Mrs. Bierly, of Rebersburg, who was severely burned a short time ago, in trying to save a little daughter that had its clothing set on fire by upsetting a coal oil lamp, lingered in great agony until Saturday last, when death came to the relief of the mother's sufferings. The little daughter, our readers will remember, died a short time after the distressing accident happened, from the injuries it received.

Centre Hall Hotel Stand Sold.

The hotel stand owned and occupied by David Bartges, was last week sold to Henry and David Boozer and Ed. Ruhl, the latter is the present popular landlord of the Old Fort hotel, and will leave that next April and take charge of the Centre Hall hotel. Mr. Bartges had a nice trade but quits because he does not have a liking for the hotel business; he will remain in our town for a year at least after leaving the hotel, and perhaps longer in case he gets into some business that will suit him. The Boozers will continue in the lively business on the hotel premises as heretofore.

Started Monday.

Monday morning the foundry and machine shops were started in operation after a shut down of about two months. The entire plant is now under the ownership of W. O. Rearik, who expects to keep the shops going right along turning out the cornplanter, which has become famous in agricultural circles, along with other farm implements. In a short time every department will be running, and employment given several men. The shops will be operated under the supervision of Samuel Shoop, as foreman.

A Sewing Machine Swindler.

A sewing machine swindler has been getting in his work north of Ebensburg. His method was to examine machines for the purpose of cleaning and repairing them, and, unnoticed, substitute a broken part for one in good condition, then show the broken piece and offer to repair it for \$4, \$6, or \$10. Going to his buggy he would sandpaper and polish the piece he had taken from the machine and return it as new. It is estimated that he took over \$100 from the farmers north of Ebensburg in this way.

Weather Notes.

Tuesday morning we had the severest frost thus far this fall; boardwalks and house-tops were white as if covered with snow and the ground was frozen hard.

Signs for rain, to the regret of all, do not amount to much, and have failed to bring the much needed in nine cases out of ten the past two months.

For fine weather this fall takes the premium, and for the longest drought period it stands at the head all over the world.

Union County Deaths.

In Lewisburg, Nov. 6, H. C. Poeth, aged 53 years.

In Limestone twp., 28 Oct., Elizabeth Crossgrove, aged 73 years.

Sentenced for 3 Years.

Edward Hannah and James O'Neil, says the News, the two men who robbed the post office at Roland on 13 June, and were subsequently arrested in Bellefonte by officer Garis, were tried in the U. S. court at Pittsburg and found guilty, and were last week sentenced each to three years in the penitentiary.

A Good Corn Husker.

J. W. Gartland, of Altoona, is not slow at corn-husking. In seven days of nine working hours each, he husked 500 bushels. The corn was husked from the shock and he tied up his own fodder and shocked it.

Can't some Centre county farmer husk the boots off this Altontian?

Flock of Turkeys.

Saturday George Bushman raised a big flock of wild turkeys in the mountain, about two miles east of town. He knocked out a few feathers, but did not bring any down. He says he counted fourteen in the flock.

See us before buying your Overcoat. Our prices will be an agreeable surprise to you. Faibles, Brockerhoff Block.

—Buy your winter clothing at Lewins, Bellefonte. He has everything and below competition.

Decision on Peddlers.

Judge Metzger at Williamsport Friday handed down an opinion in which he decides that a man who peddles goods shipped from another state, cannot claim protection under the interstate commerce law, but is equally guilty of violation of law as though he handled domestic goods. The defendant in the case is O. W. Dunham, who was prosecuted for selling the wringers of a Rhode Island corporation from house to house in Jersey Shore. Dunham was found guilty by jury, and a motion for arrest of judgment was made on the grounds that the act under which he was arrested did not apply to him, as he claimed protection under the interstate commerce law. The court ordered Dunham to appear on the first Monday in December for sentence.

J. W. Hazel and Wm. Gramley moved with their families to Spring Mills from Madisonburg.

The Rising Springs people are petitioning for new road from Grange hall to the railroad station, not quite half a mile, while now it is 3/4 of a mile.

Gripp Colds.—Grippy colds are epidemic, and are promptly "broken up" by "77", Dr. Humphreys' Specific for Colds and Grippe. For sale by all druggists.

Good Prospects.

The Tussey Mountain mining and smelting company, of Henrietta, Blair county, recently had an analysis of the gold-bearing quartz of their new mine made, and it was found to assay \$30,000 to the car load. This is equal to best quartz even in the most notable gold fields.

—Men's heavy weight blue and black Cheviot Suits, strictly all wool. Our price, \$7.50. You will find it hard work to duplicate these goods elsewhere for less than \$10. This is a big money saver for you.—Faibles, Brockerhoff Block, Bellefonte.
