

WAITING ON WARMER WEATHER.
Work Stopped on the New Reformed Church.

The work on the new Reformed church has been stopped until spring, when warmer weather sets in, and allows its completion. Contractor Noll, who erected the masonry, has nearly completed his job, and the exterior presents a stately and beautiful appearance.

On the interior no plastering has been done, and the carpenter work will also be suspended until the spring thaw.

The building is one of the finest in the county. Everyone greatly admires it. The stone quarried from our mountain will be little affected by time or our climate. They are extremely hard, and for the first time have been used throughout in a building.

No More Days of Grace.
It will be well for merchants, bankers and business men generally to remember that on and after January 1st no days of grace will be allowed on notes and bills drawn in the state. There being no further reason for continuing this ancient custom of allowing three days after the maturity of a note or bill for its payment the legislature at its last session passed an act abolishing it, and fixed the first day of January, 1896, as the time when it should go into effect.

The practice of allowing days of grace was adopted in the days of the old fur guilds in Europe, several centuries ago, when merchants and bankers were widely separated, and had not the advantages of the railroad and the telegraph to aid them in their business. It was brought to the new world along with other antiquated customs. Business men must fix its abolition firmly in their minds, lest through forgetfulness they allow their paper to go to protest.

Levi Luckenbach.
The above named gentleman, years ago a well-known resident of this valley, once owning and residing on a farm adjoining Aaronsburg on the west, died at the home of his oldest daughter Elizabeth, in Ohio, on Monday, Dec. 30, 1895, being past 88 years of age. He was a prominent person in the Dunker church, officiating as a preacher. Abr. Luckenbach, of Bellefonte, is a son of the deceased. Mrs. John Burkholder and Mrs. George Royer, both now living in Ohio, are two of his daughters. Father Luckenbach was well known to the older readers of the Reporter in this valley, where he was highly respected.

The Ice Crop.
Last week's cold weather, uncomfortable as it may have been, had its good uses—it brot a crop of fine ice. Ice is now used in almost every family and has become a necessity in the household, as well as outside. Forty years ago, in summer, not one out of twenty families had ice at its command; now it is about one family in twenty that gets along without ice.

Very fine ice was brot to town this week, solid, clear as crystal and from 6 to 8 inches in thickness, from fresh water ponds near town. It is sawed in blocks and delivered at the ice houses for about 60 cents per ton.

A Close Call.
Harry Dinges made a narrow escape the other day from what might have resulted in serious injuries. His two-horse team made an attempt to run away, and he sprang upon the wagon, which a moment later struck an obstruction bringing the wagon to a sudden halt, causing Harry to be pitched forward between the horses and wagon. In his scramble the wagon, fortunately missed passing over him and he came out with some painful gashes and bruises in his face.

Drew Lots for the Position.
The Judges of the Superior Court have drawn lots for the positions they will occupy on the bench. Judge E. N. Willard will occupy the seat beside Judge C. E. Rice, the President Judge, and will be next to him in the matter of seniority. The other Judges will rank in this order: Judge John J. Wickham, Judge James A. Beaver, Judge Howard A. Reeder, Judge Geo. B. Orlandy, Judge Peter P. Smith.

On the morning of December 26th, Mr. J. M. Homan, of Pine Grove Mills and Miss Susan Foreman, daughter of Mr. and Mrs. John Foreman, of Centre Hall, were united in marriage at Pine Grove Mills. A reception was tendered the bride and groom at the residence of the groom's brother at Oak Hall the day following. They will reside at the home of the groom on his farm near Pine Grove Mills.

Hit by a Board.
A few days ago Clem Luse was sawing some lumber in the planing mill, the saw caught a short piece of board, and threw it with such force that when in collision with Clem's head, he had a badly skinned nose and a blackened eye.

Our Spring Elections.
The spring elections are not a great ways off and the substance of the law relative to these elections may not be out of place at this time. The elections next spring will take place on Tuesday, the 18th day of February. According to the Act of Legislature of 1893, the nominations by party primaries for borough and township officers and school directors must be filed eighteen days before the election, which will be January 31st, and nomination papers fifteen days before the same, which will be February 3rd. It is a safe rule not to wait until the last day, but to file the certifications as early as possible.

A New Bill Filed.
A bill in equity has been filed at Lancaster, against the school board of Manor township to restrain the school defendants from permitting the school houses of the township to be used for sectarian religious purposes, or for any other than common school purposes. Any school board permitting school houses to be used for religious purposes are liable to indictment for misdemeanor in office.

Daniel Worner's Body Found.
The decomposed body of Daniel Worner, who disappeared last July, was found on 3, by a party of fox hunters in a secluded spot in the mountains near Lock Haven. A bullet hole in the head and a revolver with one empty chamber and a razor found beside the body indicated suicide. Worner was 62 years old and was a well-known resident of Lock Haven.

Tallest Man in the State.
The Punxsutawney Spirit makes the claim that Jefferson county is the home of the tallest man and the heaviest man in the state, if not indeed in the entire Union. Col. Cooper, whose mother resides in Winslow township, is seven feet eight inches in height, and weighs 300 pounds. He is seldom at home, spending most of his time traveling with shows.

OFFICERS OF THE STATE COLLEGE.
Action Taken by the Board of Trustees at Its Annual Meeting.

The annual meeting of the board of trustees of the Pennsylvania State College was held in Harrisburg Friday at which Francis Jordan, of Harrisburg, was re-elected president and Dr. Geo. W. Atherton, of State College, secretary. The new executive committee consists of Judge James A. Beaver, of Bellefonte; Judge Cyrus Gordon, Clearfield; Gabriel Heister, Lucknow; John A. Woodward, Howard, and Dr. Atherton. The report of Prof. John Hamilton, treasurer of the board of trustees showed the finances of the college to be in better condition than ever before in his history.

The trustees approved the organization by the executive committee of the courses of study at the college by schools. Under the new plan the college provides for eleven four years' courses in instruction and three minor courses for two years. Those courses are grouped into schools of agriculture, natural science, mathematics and physics, engineering, mines, language and literature, and history, political science and philosophy.

Another Schlatter Cure.
The Milton Standard says: Another sensational Schlatter cure has been sprung in Lewisburg. This refined and cultured little university town is already blessed with one remarkable cure from the same source and that is the case of W. N. Baker, of the Baker house, who claims that he was cured of a long standing case of inflammatory rheumatism, by applying to the parts affected a handkerchief, which had previously been blessed by the "healer." The latest case is that of Mrs. W. A. Perry, of Denver, Col., formerly Miss May Fausnaught, of Lewisburg. Mrs. Perry is at present in Lewisburg, and states that she was positively cured of a case of chronic headache by tying for two nights a blessed handkerchief about her head. Both these cases are exciting considerable interest in Lewisburg, especially since both parties are held in high esteem by the community at large.
