SUDDEN DEATH.

A Young Lady, Vernie Neese, Dies Suddenly near Rebersburg.

Truly, "in the midst of life we are in death." Miss Vernie Neese, aged 19 yrs, 2m. and 8 days, robust and in the bloom of life, died suddenly, on Monday morning, at her home one mile west of Rebersburg, where she and her widowed mother, Catherine Neese, nee Harter, made their home. She was a daughter of Wm. Neese, dec'd, of near Penn Hall, who died about 8 years ago.

On Thursday afternoon, last, the writer met the young lady at Coburn, she had brought her mother to that station to board the train for Bellefonte. From her arrival home until Monday morning, Vernie was in her usual health. On Monday morning a help in the house called the young lady who was still in bed. She replied she did not feel very well. The person who called her then went down stairs, and returning a few minutes later, was astounded to find her dead in bed.

An examination of physicians pronounced it a case of heart failure.

Funeral on this, Thursday, morning, at Rebersburg.

Head Bored by a Bullet.

Frank Mercer, aged about 50 years, of Laurelton, Union County, committed suicide on Friday at Williamsport, by shooting himself through the head. He wandered along the river bank and entered a clump of willows, where he placed the revolver to his head, and fired. He became conscious after arriving at the hospital, although the probe showed a hole clear through the head. The physicians said his recovery was impossible, and he died a few days later.

Candidate for Co. Superintendent.

The candidacy of Prof. Ed. J. Wolf, for County Superintendent of schools, is announced, and he has entered the field with a good record back of him. The Prof. is principal of our schools and is serving his second term to the satisfaction of all. He is a graduate of Gettysburg College, and a graduate of the Gettysburg Theological Seminary. He is a young man of more than ordinary ability, and would creditably fill the position to which he aspires.

Sociable This Evening.

This, Thursday evening, the C. E. Society will hold a sociable in the rooms over Harper & Kreamer's store, as a welcome to the new members and a farewell to those who intend leaving us. All persons interested in Endeavor work are cordially invited. Those under 14 years of age are expected to be there from 6.30 to 8 o'clock; the others to assemble at 8.

Not Big Enough.

The largest volume of vetoes ever printed in this state has just been issued by State Printer Busch. It contains the vetoes of Governor Hastings of bills passed by the last legislature which met his disapproval. General Hastings has disapproved more bills than any other governor in the history of the commonwealth. The total number of his vetoes is 128.

Caused by a Defective Flue.

Fire Thursday entirely destroyed the farmhouse and out-buildings of Charles Grove, about two miles from Millinburg. The fire, which was first discovered on the loft, was caused by a defective flue, and owing to a strong wind in a remarkably short time the whole house was ablaze. Part of the household goods were saved.

Goes Into the Grain Business.

On March 16, B. D. Brisbin will discontinue at the grain house at the station, and the business of grain and coal will in the future be continued by George Ocker. George hopes that the public will favor him with a share of the patronage, and guarantees satisfaction to all customers who come to deal with the new firm.

Deep Wells.

Mr. Clemens, the well driller, has a \$1000 contract to put down two wells at Valentine's ore banks up Buffalo run, each well to go down 500 feet. The holes will be six feet apart, one of them being down now about 250 feet.

GOOD FARM LAND FOR SALE.

A tract of 35 acres in excellent state of cultivation with fruit trees thereon, 1/2 mile east of Centre Hall station, is offered for sale in any quantities to suit purchasers. Apply to Fred Kurtz, Centre Hall.

How Two Sheriffs Would Do It.

The hustling Republican candidate for sheriff, Wm. Krape, of Spring Mills, while in the hotel here a few days ago, discussing the matter of how to proceed in an affair like that at Woodward last week, William was emphatic in declaring, "If I had been the sheriff, I would have gone right ahead and taken Ettlinger." Gosh, there's a metal for you even if it is in the ore yet.

Then came another Republican candidate for sheriff, whose name we can't recall, and he was asked how he would do in such a case, if he were sheriff, and replied, "I guess I'd do just about as sheriff Condo did."

Spring Term of School.

Prof. D. M. Wolf, will open his Spring term of school at Spring Mills on Monday, April 13th next. He will be assisted by Mr. James M. Mullan, a student of the Theological Seminary at Lancaster. In addition to his other attainments, Mr. Mullan has the advantage of a full course at the Millersville State Normal School, with six years' successful experience in teaching, during three of which he was principal of High School.

Prof. P. H. Meyer, of Boalsburg, held six musical conventions this season, all being a success.

Kept snowing all day at a slow rate on Tuesday, amounting to about 1 1/2 in. in depth.

Notify Us at Once.

Those of our patrons who will change their postoffice address this spring, should notify this office at once of such change, giving us the present address along with that of the old. It is highly important that the old be given.

Went to the Scene.

Sunday was cold and blustery, but that did not deter many from driving down to Woodward and take a peep at the wreckage and debris of the war of Thursday and Friday. People from all parts of the county were there.

Candidates for Congress.

Col. J. L. Spangler, of this county, and ex-congressman James Kerr, of Clearfield, are said to be candidates for the Democratic nomination for congress in this district.

Date of Convention.

THE Democratic county convention will meet June 16. The Republican convention will be held latter part of March to elect delegates to the state convention.

On the Sick List.

Alfred Krape and wife, of this place, are both quite ill from a severe attack of grip.

Reuben Hartman, of Millheim, has been ill for several months, and lately has been quite low.

While no physician or pharmacist can conscientiously warrant a cure, the J. C. Ayer Co. guarantee the purity, strength, and medicinal virtues of Ayer's Sarsaparilla. It was the only blood-purifier admitted at the great World's Fair in Chicago, 1893.

Is Earned.

We sincerely hope Hon. Fred Kurtz, editor of the CENTRE HALL REPORTER, will get to be county treasurer, if he is a Democrat. Any man who has spent as many years in the treadmill of a county newspaper office as Mr. Kurtz, deserves to be president.—Phillipsburg Ledger.

DEATH OF GEORGE GRAMLEY.

An Aged Resident Expires on Tuesday at Rebersburg.

Last Tuesday afternoon the death of Mr. George Gramley occurred at his home at Rebersburg, after an illness of several months, at the age of 83 years, 5 months, and 8 days.

Mr. Gramley had been in feeble health for over a year, and the greater part of that time was confined to his bed. On Monday, about forty-eight hours before his death, he was stricken with paralysis, and his family soon realized that the end was near. He lingered until Tuesday when death set in.

He was a prominent citizen of Rebersburg, and leaves a widow and seven surviving children. They are, Jasper, living in Clinton county; Aaron, in Aurora, Ill.; Mrs. Holloway, in Wisconsin; Mrs. Stitzer and Mrs. Brumgard, at Rebersburg, and Mrs. D. F. Luse, of Centre Hall.

The funeral will be held on Saturday morning. He was a member of the Lutheran church, and the interment will be made in the Lutheran cemetery at Rebersburg.

What's In a Name.

For some time there has been agitation for the incorporation of the village at State College, and the same will be consummated in a short time says the Centre Democrat. Of late, a controversy arose in that peaceful community in regard to changing the name, and necessarily the post office name. The faculty and attaches of the college favored the adoption of the name "University Heights," or any other suitable name containing the word "University." To this there was considerable objection among villagers. They did not want a change. Once known as "Farm School," then Agricultural College," and now "Penna State College," should be enough variety for the present generation, and they opposed it.

On Saturday evening a public meeting was held to settle this momentous question. Speeches were made pro and con. The villagers proceeded to the meeting wearing badges and a large banner protesting to the proposed innovation. Long petitions were read for the more cosmopolitan title. Members of the faculty indulged in persuasive arguments and fights of oratory upon the advantage of being known as "University Heights." As there is an end to all things, the conclusion was reached only by submitting the matter to a vote and the villagers came out ahead by a small majority of but four, and the new borough, in all probability, will be known as heretofore "Penna State College." In this case there was enough in a name to cause a lively tilt among neighbors.

Foster's Weather Predictions.

My last bulletin gave forecasts of the storm wave to cross the continent from Feb. 29 to March 4, and the next will reach the Pacific coast about March 5, cross west of Rockies country by the close of the 6th, great central valleys on 7th to 9th and the eastern states on the 10th. The warm wave will cross the west of the Rockies country about March 5, great central valleys on the 7th and the eastern states on the 9th. A cold wave will cross west of Rockies country about March 8, great central valleys on 10th and the eastern states on 12th.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich, we are permitted to make this extract: I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction she was brought down with pneumonia succeeding la grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. D. Murray's Drug Store. Regular size 50c. and \$1.00.

Is Earned.

SOLD GOOD.

A Car Load of Horses Brought Good Prices on Friday.

Last Friday a horse dealer by name of Long, brought a car load of horses from Iowa, and sold them at Bartges' hotel. For some time horses apparently seemed a drug on the market, and there were few sold that touched the hundred mark. The sale was well attended from all parts of the county, and the dealer had every one of the seventeen horses sold when the sale was over. One team brought \$250, and another \$220. The lowest price paid was \$47. The dealer was well pleased, and said it was the best sale he ever had.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the spring, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters. Only 50 cents per bottle at J. D. Murray's Drug Store.

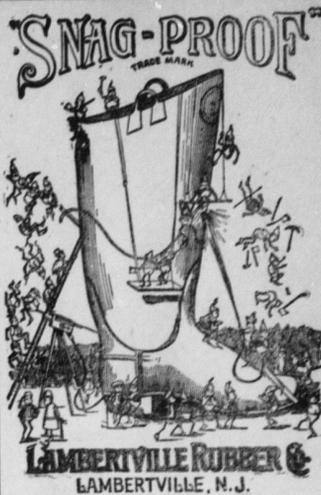

Not to be Trifled With.

(From Cincinnati Gazette.) Will people never learn that a "cold" is an accident to be dreaded, and that when it occurs treatment should be promptly applied? There is no knowing where the trouble will end; and while complete recovery is the rule, the exceptions are terribly frequent, and thousands upon thousands of fatal illnesses occur every year ushered in by a little injudicious exposure and seemingly trifling symptoms. Beyond this, there are today countless invalids who can trace their complaints to "colds," which at the time of occurrence gave no concern, and were therefore neglected.—When troubled with a cold use Chamberlain's Cough Remedy. It is prompt and effectual. 25 and 50 cent bottles for sale by W. A. Pealer, Spring Mills, S. M. Swartz, Tusseyville, and R. E. Bartholomew, Centre Hall.
