FIRE AT LEMONT.

Incendiaries Destroy Several Stables at Lemont.

Last Saturday evening fire was discovered in the bank barn of John I. Thompson, at Lemont. The fire rapidly gained headway and the building was soon wrapped in flames, and all efforts were directed towards saving adjoining property.

The stables burned fiercely and for a time it was thought the fire would spread to other parts of the town. The village is without fire protection other than the bucket brigade, and the citizens worked valiantly to save property.

The fire was the work of an incendiary, as no other cause can be assigned. There was \$900 insurance on Thompson's barn.

The Crop Outlook.

The crop outlook, in our county, has not improved much since our last issue. The wheat crop will barely come up to a third of an average yield.

One noteworthy fact is, that the best of our farms share this blight of the wheat fields equally with the worst of farms. Take the Getzel farms in Nittany valley, for instance, that ordinarily have the appearance of miniature principalities, the wheat fields on these are spotted as badly as on the less valuable farms.

Died of Consumption.

Miss Dollie, daughter of William Meyer, living at the lower reservoir at the upper end of town, died last Sunday afternoon about one o'clock, of consumption. She was aged about fifteen years, and her illness dates back from last February, when she caught a heavy cold, which developed an affection of the lungs.

Fires Out.

The mountain fires that have been doing so much damage for several weeks, have been extinguished by the rains the last week. The atmosphere is clear and the loss of timber is at an end for the present.

Work at the Cemetery.

The fence has been moved back in the cemetery and the tract purchased from J. J. Arney by the association is now enclosed. A strip at the rear of the school building is in the tract and it is about twelve feet wide.

THE SURVEY ACCOMPLISHED.

For the Railroad from Bellefonte to Clearfield.

For some months past a gang of surveyors have been at work locating a road bed for the proposed connecting link from Bellefonte to Clearfield or rather an extension of the Central Railroad of Pa., to that place.

Last week the surveyors completed their work and made their report. From Bellefonte the line would go up the Bald Eagle valley as far as Unionville. There it would cross the Alleghenies, following the course of Dick's Run. This survey would require some tunneling, but the grade would not be as heavy as was first anticipated.

The road from Bellefonte to Phillipsburg, is considered the best and easiest grade across the Alleghenies ever located.—Centre Democrat.

Close Call for a Candidate.

One day last week while candidate James Kimpfort was along the Buffalo Run railroad electioneering in Patton township, driving a spirited young horse, the train came along as he was traveling a part of the road close to the track. The horse became balky at the sight of the approaching train, and turned towards the track, making only a hair breadth escape from being struck by the engine.

Viewed the Road.

The viewers appointed by the court to assess the damages in having that part of the turnpike lying within the borough condemned, went over the ground last Friday. The county Commissioners accompanied the viewers. The viewers will likely make their report between the 6th and 10th of June.

Big Porkers.

Andrew McClintie, a farmer living at Lamar, Clinton county, is very proud of the large hogs he is raising. In his pen he has three which are just five months old. The combined weight of them is 629 pounds. This is an exceptionally heavy weight for the age and Mr. McClintie is very proud of them.

New House.

Mr. William Colyer has the foundation ready for another new house; it will be on Hoffer street, opposite the picnic ground. He may put up one or two more on the same street. Mr. Colyer belongs to those enterprising men of our town who have some improvements to show up.

Brought to His Home.

John Durst, who was so badly injured while hauling baled hay to Spring Mills a week or more ago, was removed to the home of his father, Philip Durst, east of town, and is getting along as well as can be expected under the circumstances. John is big and hearty, but the wreck that he went through almost did him up.

Stole a Bicycle.

A thief forced entrance to W. L. Goodhart's implement store at Millheim, on Tuesday night of last week, and stole a bicycle valued at \$50. No trace of either have yet been discovered.

Cutting Down the Hill.

Council has ordered the street commissioner to cut down the hill back of D. F. Luse's on Hoffer street. It was very steep and taking several feet off the top will make an easier drive.

Offer a Reward.

The county commissioners offer a reward of \$200 for the arrest and conviction of any who set forest fires with malicious intent.

Train Late.

The mail train west on Tuesday morning was over two hours late owing to a wreck on the main line below Montandon.

It is a great mistake to suppose that a simple tonic gives strength; it only stimulates the stomach to renewed action. To impart real strength, the blood must be purified and enriched, and this can only be done by such a standard alternative as Ayer's Sarsaparilla.

DEATH OF EX-SENATOR WALLACE.

He Had Been a Prominent Figure in Pennsylvania Politics.

Ex-United States Senator William A. Wallace died on Friday, at his temporary home, 170 West Eighty-eighth street, New York.

Ex Senator Wallace has been a prominent figure in Pennsylvania, his native state, for many years. He was born in Clearfield, Pa., on Nov. 28, 1827, and received an academic education. He was admitted to the bar in 1847 and devoted himself to his profession till 1862, when he entered politics as a member of the state senate.

The services at Potters Mills will be held at 2.30 o'clock in the afternoon.

Died at Gatesburg.

John W. Rider, a prominent and highly respected citizen of Gatesburg, this county, died at his home Friday night, of paralysis, aged seventy-four years. He was a carpenter and millwright by trade and was born in that vicinity, and was one of Centre county's substantial citizens.

Good Men Only.

The office of county commissioner is a very important one to every taxpayer. The pocketbook is touched by the action of this official. The utmost wisdom should govern the selection of this officer. The right man for the place should be the one put there. Fitness for the office and the duties thereof should be the essential qualification in the man selected.

Didn't Work.

The other day Ed. Nerhood, clerk in Wolf & Crawford's store, was weighing a bag of rags brought in by a Centre Haller, and after getting the package off the scales accidentally slapped his hand on the bag, when it struck something big and solid. He investigated and brought forth a big stone. He didn't pay for the stone.

Missionary Convention.

A convention of the Woman's Home and Foreign Missionary Society of the Northern Conference of the Lutheran church, will be held in Centre Hall next Wednesday and Thursday, June 3d and 4th. A large number of delegates are expected to be in attendance.

Will Keep them from Smoking.

An exchange says; a teaspoonful of common salt to every gallon of kerosene will keep the lamps and oil stove from smoking, will prevent any odor from them, and will cause the oil stove to give a third more heat; besides a lamp will never explode when there is salt in the oil.

Never Judge by Appearances.

The following is the statement of some observing individual: "Never judge a person by his outside appearance. A shabby old coat may enwrap a newspaper publisher, while a man wearing a high plug hat and sporting a gold headed cane may be a delinquent subscriber.

Food, when it sours on the stomach,

becomes innutritive and unwholesome. It poisons the blood and both mind and body suffer in consequence. What is needed to restore perfect digestion is a dose or two of Ayer's pills. They never fail to relieve.
