Ate the Saske.

A Dunstown resident has a hog that likes snakes, says the Lock Haven Democrat. Recently the owner of the pig heard a racket in the pen and running down the lot saw that the hog had a four foot black snake in its mouth. The snake was darting his fangs into the flesh of the pig, but his porcine majesty held bravely on to the reptile. The man ran back to the house and soon returned and was surprised to see that the hog had eaten the snake whole. Next morning the pig was as lively as ever and seemed none the worse for his strange meal.
