Local Jottings in Season.

The Potter's Mills brass band will hold a festival in Allison's grove next Saturday evening, at which ice cream, cakes and other refreshments will be served.

Nothing conduces more to the prosperity of a town than by sticking together and encouraging all legitimate business enterprises, banishing petty jealousy and unneighborly doings.

Shook Bro's hen factory at Spring Mills, now near completion, is the largest of the kind in central Penn'a, and it deserves to pay the proprietors.

As a general thing we had good roads all summer, and we are pleased to note that in some of our townships improved road making is receiving some attention.

Nice huckle berries are retailing at 5 cents per quart.

Early apples are selling at 30 to 40 cents per bushel.

In Lewisburg new potatoes are offered at 25 cents per bushel.

Roasting ears are likely to be seen on our tables within a few days and young America will be happy. Can't Condo still put away 16 ears at one meal?

This is the second state encampment held at Lewistown.

Booser Bro's livery, equipped with good horses and all kinds of clean rigs, is doing good business.

Take the Reporter for the campaign—only 25 cents.

Whiteman, also, has removed his front yard fence, and so has Geise.

Nearly a Scrap.

THERE came pretty near being a war-like scrap, on Tuesday, in camp, at Lewistown, between the 10th and 18th regiments, the latter being called the "dude" regiment from Pittsburg; it came marching along, saw the 10th standing in its way and opened fire on it. The affair would have resulted seriously had not Col. Elliot, division inspector, seeing the seriousness of the situation, taken a hand in the battle by calling off the two regiments. It appears that bad feeling has existed between the two regiments from a former encampment.

What Hits the Farmer.

The frequent rains of late have done some harm to hay lying in the fields and as it has not been a plentiful crop this makes it some worse. Wheat and rye on shock had to have sheaves spread apart to dry and prevent sprouting. The farmer always is in danger of being hit in some undesirable manner, it may be too much or too little rain, bugs, grasshoppers, mildew, rust, weevil, or low prices and swindling agents. He has to put up with more of the undesirable than any other class.

Last summer one of our grand children was sick with a severe bowel trouble. Our doctor's remedies had failed, then we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave very speedy relief. We regard it as the best medicine ever put on the market for bowel complaints.—Mrs. E. G. Gregory, Frederickstown, Mo. This certainly is the best medicine ever put on the market for dysentery, summer complaint, colic and cholera infantum in children. It never fails to give prompt relief when used in reasonable time and the plain printed directions are followed. Many mothers have expressed their sincere gratitude for the cures it has effected. For sale by Wm. Pealer, Spring Mills, S. M. Swartz, Tusseyville, and R. E. Bartholomew, Centre Hall.

"THE PEOPLE'S BIBLE HISTORY"

After twelve years of careful preparation, and at an enormous cost, "The People's Bible History" has just appeared from the press of The Henry O. Shepard Company, Chicago, and has been welcomed unqualifiedly by the press, the pulpit and the people. It is superbly printed and bound, and its many illustrations are exquisite in conception and detail. Eighteen specialists of world-wide renown have concentrated their power in the writing of this great book. Of the introduction by the Right Honorable William E. Gladstone, Rev. H. W. Bolton, D. D. of Chicago, says: "The introduction itself is worth the price of the book, written by one whose utterances are from the deepest wells of thought. His rare experiences have given him authority to speak concerning the greatest book of the world—the Word of Life."

No one should be without this most important work, which is sold by subscription only in several styles of binding. The "popular edition" of 940 pages will undoubtedly be the work that will meet the most popular demand, but to satisfy those who desire a handsome form the publishers have produced an edition de luxe containing 1,283 pages and 200 full-page illustrations and maps. The latter is said to be a wonder in modern bookmaking, and is pronounced the finest work of the kind ever printed.

The Commercial Advertising Critic, Nath'l C. Fowler, Jr., has the following to say in regard to "Acadia," a book which has just been issued by the Canada-Atlantic and Plant Steamship Company:

"Acadia" stands in a class by itself. It reads like a poem of sense. Its corners are curved. Its sentiment is as pure and as bright as the brooks you write about. It's honest. You paint your pictures with nature's brush dipped in the sunshine. Above all, over all, and under all, remains one monumental fact against which the cannons of criticism cannot penetrate—it is a book the people want."—Savannah Morning News.
