No big prices are looming up for the farmer, yet they say McKinley, the be elected. Vive la humbug!

You heard a grunt from Vermont last week in favor of gold. But did you hear last Monday's thunder from Arkansas for Bryan and free silver!

THE Indianapolis convention's work is only a second rate farce as the leaders admit they do not expect to carry a single elector for Palmer.

THAT the Democratic low tariff is out humbug. It's the Jacksonian silnow. Sakes alive! did you ever!

THE leaning of the millionaire goldbugs is plainly shown in a check for to the McKinley fund. It was all the talk at Republican National headquarters and made them all hilarious.

ONE of the York state goldite bosses came to big boss Hanna's head-quarters saying money must be raised and must have it, and that some of the back counties of the state were "rotten with silver."

WHEN a mill shuts down it's blamed on silver now (not on the tariff); then if one starts up it's it is credited to McKinley. Queer contradiction, that silver shuts down some mills and puts life into others at the same time.

Poor McKinley! his organs seem to be forgetting him altogether and lauding the bolting Democratic nominees Palmer and Buckner, set up at Indianpolis, rebel brigadier and free trade. Why not withdraw McKinley and Hobart at once?

why dont they circulate the gold now hoarded in their vaults? That no one with a long stick and backed "by the are flocking to Bryan. Eternal."

This fact in itself is not enough to convict, but it affords a clue. With this clue in hand, we introduce Ernest Seyd into the conspiracy. A writer, quoted by Samuel Deavitt in his book "Our Money Wars," says:

"The English capitalists raised \$500,-000 and sent one Ernest Seyd to America to have silver demonetized. He came. In the bill was skillfully inserted a clause demonetizing silver.
