His first term of office will expire the first Monday of January, next, at which date his second term will commence-for the people mean to re-elect him. As a public official he has given the electors. To the right of the entire satisfaction. Courteous to all, obliging to a fault, and always in the square in which the voter by marking most pleasant humor. Visit his ofa cross votes for the entire thirty-two fice vault and examine the files and records of his office and you will come out more fully convinced than ever that he should be re-elected. All his work and records are in faultless order. Being an excellent penman, his records are neat and clean and his writing can be as easily read as print. The people know a good officer when they have him and we predict for him proaching the house. He fired his or General, has prepared the plan and the largest vote ever given any candidate for that position.

'He is a self-made man and possessed of a blameless character.

#### Arbor Day.

State Superintendent Schaffer has designated Friday, October 23, as Autumn Arbor Day.. The superintend ent in his proclamation says: "A waste acre which produces nothing is locked the church when the elders a reproach to any country, as much as a wasted life is a disgrace to him who came to meet to settle the membership has led it. Therefore, lend the weight of your character and example to the public duty of covering the barren hills and mountain tops of the state with trees, whose leaves will distil moisture into the air, whose trunks and bark will furnish material for our industhis action. Justice Dean holds that ducing fresh soil to replace that which tries, and whose roots will aid in prois washed from our fields, down the streams and rivers into the ocean."

#### Corn Was Free.

A few evenings ago one of our young men was across the valley spending the evening with a maiden fair and young. It was close towards the 'we sma' hours when he started on his way Sunday, October 4th, are good and will home. He was moving along quietly, be accepted. Agent Skinner was not and when passing a cornfield he noticed a horse and truck wagon standing along the fence. At this hour of usual procedure, and he pursued his investigations still further. In the field busily husking corn were three persons, two men and a half grown boy. They did'nt notice their audience and kept on at the shock. They were unmolested and the young man passed on. The corn was said to have been brought to Centre Hall.
