For Recorder, J. C. HARPER. For Auditors, FRANK W. HESS, B. F. KEISTER. For Coroner, DR. W. W. IRWIN. For Surveyer, J. H. WETZEL.

"The Boy Orator," what a deal of trouble his speeches cause the trusts and goldites. Reason, they can't refute his arguments.

On the election ballot, make your mark on the second colum circle for the regular Democratic ticket.

It is worth any voter's while to attend the 3rd of November election to ces? vote a ballot sheet larger than the world ever saw. The ballot has nigh a dozzen colums, one for each party now in the race, and each colum 26 inches in length, the size of the sheet with stub is 28x33. With such a formidable weapon in the hands of the American voter, we can consider the Republic safe.

The election of county commissioners is of great importance to the taxpayers of our county. Messrs. Heckman and Meyer are well qualified for the office. They are intelligent and careful farmers and would conduct the business affairs of the county with ability, honesty and protection of the people's money. They are as well very accommodating and clever gentlemen with whom it will be a pleasure to do business.

SAY, you advocate of a gold standard, don't you find yourself very much | important office a gentleman who is out of place among the greedy trusts, grinding corporations, goldbugs, banks and skinning monopolies all under the command of the labor oppressor, Mark Hanna? Voter, look, and see all the above mentioned elements combined sides, Mr. Cronister is well qualified most subservient HOPOCRATS in on the side of McKinley and Hanna. Get out of that crowd as soon as you can-when they are on one side you ular on account of his entire bearing surely should be found on the opposite side.

Democrats of old Centre are you ready for the election, November 3rd? Democrats of Penns valley, it is for you to say what the Democratic majority in the county shall be. Crown yourselves with glory, for a cause that directly interests the masses of the people. The money question comes home to every fire-side and into every pocket book. Dont one miss the election and see that no Democrat is absent from the polls.

In another colum we give a strong criticism of the Supreme Court by the minority Judges of that tribunal who are not Democrats. This knocks the criticism of Bryan's platform into tatters because of its criticisism of the Supreme Court. That tribunal is only a public servant and as open to criticism as the President or any other public official. At the time of the Dred Scott decision, based upon a clear constitutional point, the entire Republican party not only harshly criticised but indecently abused the Supreme Court. It makes a difference whose ox is gored.

SUPPOSE that Mr. Bryan should declare that National Banks were more dangerous to our liberties than standing armies, he would be denounced as an anarchist by the Hannaized press, yet he would only be repeating the words of Thomas Jefferson.

Suppose that he should also declare that gold was the most useless metal in the world, fit only for plugging teeth and ornamenting fools, that press would denounce him as a lunatic, yet of Berijamin Franklin.

HOPOCRATS.

All the old, but now dead, Republithe people the consumers of oil, and can leaders, Lincoln, Grant, Blaine, put into the pockets of the Standard and Garfield, were for silver coinage and against a gold standard. But the party has gone back on them, hopped over to gold, hence are HOPOCRATS. Sherman, Quay, PALMER, Ingersoll, Harrison, and all the other living Republican leaders, were outspoken for the coinage of silver, but all of a sudden they hopped over to the goldbug millionaires, this makes them the HOPOCRAT party.

McKinley, yes, even McKinley, by his votes and speeches, is on record as the strongest kind of silver coinage Who favored the creation of the new man. But bribed by a nomination for President by the trusts and millionaires, he hopped from silver to gold, Who voted to increase the already and is now the HOPOCRAT candidate, the biggest hopper of 'em all.

The Democrats are for 16 to 1, because their platform has 16 good points while McKinley's is I entire bad point. The Republicans favor 16 bad points in their creed because the Democrats have I that don't suit them.
