

M'KINLEY, THE PRESIDENT.

The Canton Man Elected by a Larger Majority than ever Given a Presidential Candidate.

HEAVY REPUBLICAN GAINS EVERYWHERE.

Illinois, Ohio, Nebraska, Kentucky, Iowa, Kansas, and Other Doubtful States, Give Big Republican Majorities.

JACK SPANGLER DEFEATED FOR CONGRESS.

Arnold Carries the District By a Nice Majority.—The Republicans Elect Part of their County Ticket.—Cal Weaver Defeated for Treasurer.—Penns Valley Votes Her Usual Big Democratic Vote.

IT WAS ANOTHER BIG LANDSLIDE FOR THE REPUBLICANS

The Republicans had their day on Tuesday, and elected their National ticket, sent Arnold back to Congress, besides electing part of their county ticket.

It was a Democratic Waterloo, and Bryan and free silver were snowed under by immense majorities, and McKinley received a larger electoral vote than was ever tendered any presidential candidate. It was a victory of the trusts and corporations against the masses, and the money powers won.

In this Congressional district the Republicans have re-elected Arnold over Spangler. Arnold's majority will be about 2,000 in the district.

In the county the Republicans succeeded in capturing most of the important offices, and they are feeling very jubilant in consequence.

It was an ideal election day in the county. The weather was fair and mild. A very large vote was polled, and each party worked hard in seeing that every voter went to the polls.

There was intense interest manifested all through, both on the national and county ticket, and the result is somewhat surprising, even exceeding the anticipations of the most sanguine. The Republicans spent a pile of money and made the effort of their lives in working up the campaign.

The vote in Penns valley was out. Every precinct showed slight Democratic gains and a big majority was sent over the mountain. The Palmer Democrats had counted on making a big showing on this side but their vote was slight and insignificant. In many of the districts there was a great deal of cutting done on both tickets.

On the part of the Republicans there was a big fight on Assembly between Hastings and Womelsdorff. Womelsdorff was to be killed in the interests of Hastings, who wants to succeed Cameron in the U. S. Senate. In Centre Hall the Republicans listened to the dictates of the Gov. and out Womelsdorff. He only received 15 votes while 35 were polled for McKinley, and 36 for Curtin. The Gov. still has a pull in Centre county.

There was considerable cutting done in the boro. All the county candidates came in for their share, but the result was evened up by the work on both tickets.

The result was so close that nothing definite could be learned of the county ticket until Wednesday afternoon, when the official result was announced.

Harrison Kline was elected Treasurer over the Democratic nominee, Cal Weaver, by 300 majority.

For Commissioner the result was uncertain until the official count was made. The vote was very close. All day Wednesday both parties claimed control of the board of Commissioners, and every five minutes a rumor was flying through the air only to be contradicted and another set going.

Schofield and Foster will be sent to Harrisburg to represent the people of Centre county as they properly should be. There will be no more Standard Oil legislation, no increase of salaries and creation of new offices with the vote of these representatives. They have the manliness to stand by their convictions, and the people of Centre county have not gone amiss in electing these men to the legislature.

There was a stiff fight on the Sheriff between Cronister, Democrat, and Miller, Republican. Cronister won the day and for the next three years will look after Centre county's malefactors and care for the Castle on the hill. It was a hard fight for him. At the last hour all sorts of malicious lies and stories were sprung about him, but they had not the effect desired, and he goes in with a majority, while not large, yet is as good as a thousand.

Cal Harper was elected Recorder over Rickard by a safe majority, which is an evidence of the faith of the party in his Democracy.

Register Rumberger goes back with a nice clean lead over his opponent. The Republicans conceded his election during the campaign.

In the district Clearfield gave Arnold about 2,000 majority over Spangler for Congress. Clearfield elected her full Republican county ticket. This county may now be classed among the Republican counties.

The victory in the county can be considered a great one. The party labored under many adverse circumstances and had much to contend with. There was a bolt of Democrats from the national ticket and this was a source of much harm to the county ticket. The party was hindered in the work by the lack of sufficient funds, while on the other hand the Republicans had money to burn, so to say, and they used it to good effect as the result shows.

On Commissioner it was not definitely known what members would comprise the board until Wednesday evening. The vote was so close and the cutting being done in so many districts that the result could not be announced with any certainty. Philip Meyer is the defeated Democratic candidate and the Republicans elected both Riddle and Fisher, an event that has occurred only twice in years. The board will be composed of Fisher, Riddle and Heckman.

RESULT IN OTHER STATES.

The Solid South Broken.—McKinley Carries Several States.

The elections show that McKinley is to be the next President by an overwhelming majority of the electoral college votes. The voting has been very decisive in almost all of the states. In New York State the plurality is not far from 255,000. The Legislature is strongly Republican. The Republican candidate for Governor is elected by a plurality almost as large as that of McKinley's.

Of the nine candidates for Congress nominated by Tammany four or five are beaten by sound-money men.

The result in New England was an avalanche. Massachusetts led off with 100,000 plurality for McKinley, Maine and Connecticut followed with 50,000 each, Vermont increased the phenomenal majority given in September. New Hampshire doubled her majority of four years ago, and little Rhode closes up the column with 20,000 for McKinley. There was a clean sweep of Congressmen, State officers, and Legislatures.

Maryland joins the victorious column with 25,000 to 30,000 plurality for McKinley and elects five, and perhaps six, Republican Congressmen.

New Jersey, which in 1892 gave to Grover Cleveland a plurality of 14,974, has been carried by McKinley and Hobart by a plurality of over 55,000. Pascaic county, the home of Vice-President elect Garret A. Hobart, rolled up the splendid plurality of 5,000 for the national Republican ticket, as against 536 for Harrison in 1892.

In Alabama the plurality for Bryan is estimated at 40,000.

Arkansas goes for Bryan by 30,000.

In Mississippi the Republicans practically made no canvass. The vote was light, and Bryan's majority is expected to exceed 25,000.

Florida adds her electoral votes to the Democratic column by a majority of about 15,000.

Louisiana chose by 40,000 majority the fusion ticket, with four electors for Bryan and Sewall and four for Bryan and Watson.

Kentucky has been carried by McKinley by a plurality estimated at 15,000 or more. Col. W. C. P. Breckinridge has been re-elected to Congress by the Democrats and Republicans in the Seventh district.

West Virginia has gone Republican by 12,000 to 15,000.

Ohio gave McKinley the enormous plurality of 75,000, Hamilton county leading off with 18,000 plurality for the Canton man. McKinley carried his own voting ward, which, in 1892, was more than 700 Democratic.

Indiana gave a plurality of 50,000 for McKinley.

Colorado was carried by Bryan by a heavy majority. Senator Teller is sure of re-election.

Idaho chose Bryan electors and a Democratic Legislature which will elect the successor to Senator Dubois.

The Republicans made a clean sweep in Iowa, carrying the state for McKinley by nearly 100,000 and electing all of the eleven Congressmen.

John Altgeld has been wiped out in Illinois. Tanner (Rep.) was elected Governor by a plurality estimated at 125,000. McKinley ran ahead of Tanner somewhat. Chicago and Cook county gave a plurality to McKinley of about 53,000. The Legislature, which is heavily Republican, will choose a successor to Senator Palmer.

Michigan's plurality for McKinley is estimated at not less than 50,000. Pingree, (Rep.) for Governor ran slightly ahead of McKinley in the cities. A solid Republican Congress delegation was elected in Michigan.

Wisconsin rolled up a plurality of 100,000 for McKinley. The Legislature is heavily Republican and will elect a Republican successor to Senator Vilas, Dem.

Minnesota is overwhelmingly Republican, the McKinley electors winning by 5,000 and probably carrying the Governor and all the Congressmen with them.

Nevada elects a Democratic Legislature, which will choose the successor to Senator Jones.

North Dakota gives McKinley 3,000 plurality and elects a Republican legislature, insuring a Republican successor to Senator Hansbrough.

McKinley carried Oregon by 5,000. McKinley wins in South Dakota by 8,000. The Republicans elect the Legislature insuring the election of a Republican to succeed Senator Kyle.

Texas is claimed for Bryan by 100,000.

Pennsylvania

The state gave tremendous majority for McKinley, greatly exceeding that of Gov. Hastings two years ago. Philadelphia gave about 100,000, while Allegheny county put up about 60,000, while in all other counties in the state there were big Republican gains, with a loss of Democratic numbers. The state is claimed for McKinley by 300,000. This is the largest majority ever given a candidate.

RESULT IN DOUBT

M'KINLEY'S ELECTION NOT CERTAIN AT A LATE HOUR.

The Late Returns Do not Place McKinley in the White House.—Republican Demonstrations Cut Short.

BRYAN IS ELECTED—that was the news last night and this, Thursday, morning.

The following dispatch was sent out from Chicago last night, which gives most encouraging news: "The returns this evening indicate that Bryan will carry all of the states west of the Missouri river, and south of the Ohio and Potomac, which without Maryland and Delaware, make 299 votes. Delaware is still in doubt, but we are sure of one elector, which makes 210. Added to this Michigan, 14 votes, or Indiana 15 votes, and it insures Bryan's election."

"The claims of the Republicans were based on the reports from the cities. Now that we are hearing from the country the situation is rapidly changing."

The New York Journal this Thursday morning does not concede the election of M'Kinley.

National Chairman Jones yesterday afternoon telegraphed Bryan that his defeat is not certain and that he believed he was elected if the falsifying of the returns is prevented.

Returns had come in in favor of McKinley that now turn up for Bryan. We have a telephone message that this morning's Philadelphia papers report Bryan's election as likely.

This morning's Harrisburg Patriot is full of crowing roosters over a possibility of Bryan's election.

A private message to the Reporter this morning claims 204 electors for Bryan already sure, needing only 20 more to elect him and prospects are he will get them under correct returns.

States that were reported for McKinley on Wednesday morning have since turned up for Bryan. Of these Chairman Jones now claims for Bryan West Virginia, Michigan, Indiana and Kentucky.

The Pittsburg Chronicle Telegraph, a staunch McKinley organ, says that already at 10.30 a. m., on Wednesday, that McKinley's election was not a certainty.

IF BRYAN IS ELECTED THERE WILL BE NO STEALING OF THE PRESIDENCY like in 1876. And if Mark-hanna attempts it he may be hung as high as Mark-hanna. No More 1876 Steal!

HOW TO PREVENT CROUP.

Some Reading that Will Prove Interesting to Young Mothers.—How to Guard Against the Disease.

Croup is a terror to young mothers and to post them concerning the cause, first symptoms and treatment is the object of this item. The origin of croup is a common cold. Children who are subject to it take cold very easily and croup is almost sure to follow. The first symptom is hoarseness; this is soon followed by a peculiar rough cough, which is easily recognized and will never be forgotten by one who has heard it. The time to act is when the child first becomes hoarse. If Chamberlain's Cough Remedy is freely given all tendency to croup will soon disappear. Even after the croupy cough has developed it will prevent the attack. There is no danger in giving this remedy for it contains nothing injurious. For sale by Wm. Peeler, Spring Mills, S. M. Swartz, Tusseyville, and R. E. Bartholomew, Centre Hall.
