North Carolina.

Kentucky doubtful.

Advices show that North Carolina is safe for Bryan by not less than 15,000. The Populists elect five Congressmen, the Democrats two, and the Republicans 2. In the legislature the Populists hold the balance of

North Dakota.

Only a question of majorities in this state now, it being assured for McKinley. It is thought the majority will be close on to 8,000. Cass county, including the City of Fargo, gives McKinley about 1,200. In the Congressional race, Burke, Fusion, is heading Johnson, Republican, off, but only the counties which Burke is most likely to carry have been heard from. The Republican state ticket is elected by a large majority.

Pennsylvania.

Crawford county furnishes the election surprise in Pennsylvania by going Demoeratic. With the townships yet to be heard from, the county gives Bryan 664 plurality, a Democratic gain of 1,650 over 1892, when Harrison had 985 plurality.

Of the 204 members of the assembly elected 169 are Republicans and 35 Democrats.

South Dakota.

A special to the Journal from Yankton, S-D., says that the State of South Dakota will go for McKinley by somewhat less than 600. The legislature is fusion by about 20 votes on joint ballot, which means a Populist Senator to succeed Kyle. Populist Andrew Lee is elected governor.

Tennessee

The news from the state so far received leaves the 'result of the gubernatorial race still in donbt. A compilation of figures, official and unofficial, and including such parts of all counties as were received, shows an, advantage for Tillman, Republican.

A running account was kept of majorities as they were received, and at no time did Taylor's (Dem.) vote come nearer than 1,800, The Republican candidates of the counties still unheard from are located in East Tennesse, and have always given heavy Republican majorities.

Indiana.

Seventy-four counties out of 92 in Indiana show a plurality in the state for McKinley of 20,252. The remaining counties will not materially change this result, although official plurality may bring it down to 19,000 or 18,000. Nine Republican Congressman are elected, and it is probable that Landis (Rep.) in the Ninth, is elected over Cheadle (Fusion-Free Silver).

PRESIDENT-ELECT MOKINLEY.

Indiana's 15 electoral votes will go to Mc-20,000. Unofficial returns received from all | 000. the counties by the Republican state committee, place the plurality at 20,123.

Washington. Every county in Western Washington has given Bryan a majority. The average majorities in the different counties are: Adams, 100; Douglas, 30; Whitman, 200; Kittias, 150; Garfield, 94; Columbia, 66; Walla Walla, 97; Yakima, 325; Stevens, 1,200; Azqtin, 300; Okanagan, 500; Lincoin, 100; Franklin, 100; Spokane, 2,500.

Kentucky.

On the face of complete unofficial returns from all but three mountain counties, Bryan leads by 1,544. The votes of these three counties last year gave Governor Bradley 1,865 majority, and have been counted for considerable increased Republican majorities. One precinct in one of these counties has just reported 100 increased Republican majority.

Corrected returns just received. Bryan receives 494 more votes in Calloway county, and Hardin county 633 more for Bryan. However, the Republicans still claim the State will go for McKinley by 478.

office of the Associated Press from W. O. Bradley, Governor of Kentucky: "Kentucky certain for McKinley.

Delaware.

The three electors of Delaware are Republican by about 2,600. It will require the official count to determine the political complexion of the legislature.

The Republicans elect Johnson, sheriff, and two Levy Court Commissioners, giving them control of the latter body. The Republican electors have a majority of 750, and the Legislatdre is Democratic by 260 majority. Tunnell and Handy have 274 majority.

McKinley's majority in Delaware will be from 3,900 to 4,000; Tunnell, for Governor, 1,800; Handy, free silver, for Congress, 2,400. The Legislature is Democratic.

Michigan.

The total vote of Michigan appears to have been, in round numbers, 485,000, of which, for Governor, Pingree received 275,000; Sligb 205,000. Pingree's actual plurality has in, creased to 70,300. McKinley's is about 16,000 less, on account, presumably, of the "Bryan and "Pingree" vote, which shows that a considerable element which favored Bryan also voted for Pingree. The legislature is now estimated to stand as follows: Senate-Repub icans 26, Fusionists 6. House-Republicans 80, Fusionists 20,

Nebraska.

Complete returns from 44 out of the 93 counties of the State received at Populist State Headquarters give Bryan 7,039 majority and Holcomb (Fusion), for Governor, 10,645. It is estimated from these figures that Bryan's majority in the State will be about 13,000, and Holcomb's about 18,000.

Massachusetts.

Complete returns from Massachusetts give McKinley a plurality of 168,716. The vote was as follows: Bryan, 104,203; McKinley, 272,996; Palmer, 11,865. Wol-

cott's plurality for Governor is 150,766. The vote upon the question of biennial elections shows a majority against the proposition.

Idaho. Thirty-nine precincts in Idaho out of 231 give Bryan 3,995; McKinley, 889. Bryan's majority in the state will probably reach 13,-00) Gunn, Fusion-Democrat-Populist, is elected to Congress over Borah, silver Republican. Iowa.

The returns by counties in Iowa were completed. The total vote cast in the state is in excess of 510,000 voters, estimating the Prohibition and Palmer votes together at

Of these votes 286,751 were east for Wen McKinley and 219,118 for Wm. J. Bryan giving McKinley a plurality of 67,633 This is not only the largest vote ever east in the state, larger than any previous vote by 70,-000, but it is also the largest Republican majority ever given in Iowa. Garfield's major-Ity was 45,000.

Kansas.

Kansas has without a doubt elected Bryan, electors This is conceded by Republican State Chairman Simpson. Populist State Chairman Breidenthal claims the state for the fusion ticket by 13,000, while the Republicans assert that the majority will be nearer 5,0.0. Returns are still far from complete. The Democrats will probably have four or five of the eight Congressmen, and will more than likely have the legislature, insuring the election of a Populist United States Senator to succeed William A. Peffer.

Maryland

The Republican ticket was elected in Maryland by about 30,000 plurality. The entire Maryland delegation in the next Congress will be Republican.

The plurality for McKinley in Baltimore City was 21,000. Both of the Republican city nominees for Congress were elected by simiarly large pluralities.

Virginia.

The election passed off quietly in Virginia. Bryan and Sewall have carried the state by about 35,000, while the Democrats have lost the Fourth and Ninth Congressional districts and probably the Tenth.

Louisiana.

Returns are coming in slowly, but the indications are that the Democrats have made a clean sweep, electing their Congressional delegation, and that Bryan has carried the State by not less than 30,000 majority.

Minnesota.

Comparisons will be out of the question in Minnesota returns. Fusion and new party affiliations have changed matters too much However, wherever analysis is possible, it will be made.

Polls closed at 7 o'clock, but in some of the country precincts the vote was counted ahead of time when the registered vote was all in.

The first seven of such precincts came from scattered points in five of the seven Congressional districts and gave McKinley, 923, Bryan 482, Compared with the vote of two years ago when Nelson, Republican, for Governor, had 6,000 majority over the combined Populist and Democratic vote, this is a net Republican gain per precinct of 25. Nine precincts give McKinley 1,205, Rryan 583. There are 2,100 precincts in the State.

Ohio.

Dispatches to State headquarters since the polls closed says the vote was unusually large everywhere in Ohio, and most of it polled early in the day. Republicans claim unprecedented plurali-

ties for McKinley. Democrats make no claim on the State. If the ratio of gains thus far reported be maintained McKinley will carry the State by 102,000 plurality.

New Jersey.

Chairman Murphy, of the Republican state committee, claims the state by 35,000. He claims Essex county by 15,000. Chairman Price, of the Democratic state committee, admits the state has gone for McKinley by 100,000.

Florida.

Reports from all over the state indicate that a large Democratic vote was polled. In On the same authority, the plurality for several counties the Republican vote was

nominee, a close race.

Georgia. Indications point to the election of the Democratic electoral ticket by 50,000 majority in this state. It is probable that the entire Congressional representation will be Democratic, with the possible exception of the Tenth district, where West, the law partner of Hon. Thomas B. Watson, is giving William H. Fleming, the Democratic

Montana. The vote throughout the State has been light. Interest centres on State and county tickets but the State is being conceded to Bryan, Chairman Hirschfield, of the Republican State Committee, concedes the State to the fusion ticket. The Republicans may elect a few county officials in woolgrowing districts.

Mississippi.

Mississippi gave Bryan a majority of 50,000 The vote for Watson will not exceed 10,000. The seven Democratic candidates for Congress are elected by majorities ranging from

Maine. Local pride over the fact that their fellow townsman, Arthur Sewall, was the candidate for Vice-President on the Democratic ticket did not influence votes. The Bath Republicans cast their votes straight, and Mr. McKinley led Mr. Sewall by 101 votes in the latter's own ward, and 752 in the city.

New York. Based upon returns from one-fourth of the election districts above the Harlem, together with the nearly complete returns from New York and King's counties, which includes New York City and Brooklyn, the plurality of McKinley over Bryan in the State of New York is estimated at 295,000.

Illinois.

The returns from over the State of Illinois indicate that McKinley has made as big gains in proportion throughout the counties and towns as he has in Chicago, and this seems to justify the claim of the central committee that the state has gone 100,000 Republican.

If the gains which are already reported hold up in the districts yet to be heard from the majority, it is said, will exceed that

Fo effort has yet been made to tabulate the returns. The Democratic-Silver-Republican fusion state ticket, headed by Alva Adams, Democratic candidate for governor, apparently has a plurality of 12,000 over the Populist-Silver party fusion ticket. The McKinley Republican state ticket got

fewer votes than the Republican electors.

West Virginia.

Wyoming.

Returns, as far as in, show Bryan electors 300 ahead; four precincts in Johnson county to hear from will increase this over 100. Big Horn county, without railroad or telegraph commnication, cannot be heard from for several days. Both parties claim Big Horn. Ante-election advices would give Bryan 200 majority. Only two counties are yet complete. Bryan's plurality estimated at 700 in

California. Complete returns from 2,115 out of 2,377 precincts in California gave McKinley 141,-117; Bryan 134,134. Same precincts in 1892 gave Harrison 117,148; Cleveland, 116,899.

Wisconsin.

Milwaukee claims to be the banner city of the United States in its vote for McKinley. It is the home of Henry C. Payne, and a persistent effort was made to have him removed from the Republican National Committee on the ground that he was unpopular with the laboring classes of his own city. he returns show, however, that while two years ago, when there was a Republican landslide throughout the country, Milwaukee was carried by a fusion of Democrats and Populists by 1,700, this year it goes 9,300 for McKinley, showing a gain of 11,000, which in proportion to its population is believed to be without an equal in the country.

Jones Gives it Up. Senator James K. Jones, chairman of the Democratic National Committee, issued the

following statement: "The result of the election is apparently no longer in doubt. It has been one of the closest contests that the people have been

called upon to determine in recent years. "We have claimed the election on our advices from States that were admittedly in foubt, in which we knew there had been many frauds and from which there was evidence of tampering with the returns. It seems now to be apparent that Mr. Bryan, after making the most brilliant campaign in the history of our country and having carried most of the States claimed to be doubtful, has not carried enough to assure his success in the electorial college, Bryan electors have been chosen from all of the States South of the Potomac and Ohio except West Virginia, and all those west of the Missouri except California and Oregon. He has 190 electorial votes, and this number may be increased by final returns from States yet in question. He has not obtained enough votes to carry the electoral college. Thus this remarkable campaign closes with the election of William McKinley.

Trouble Between West Virginia University Faculty and Studenta.

The rebellion at the West Virginia University at Morgantown is assuming much larger proportions than it did last year, and the work of the institution is practically at a standstill. Nearly all of Thursday and Friday was taken up with the hearing by the Faculty of charges against the alleged ringleaders, the chief of whom is Bruner, president of the Senior Class, who secured a con-

tinuance of his case for several days. The trouble started with the action of the Foot Ball Faculty, who ignored the wish of the students as to the manager of the team. but it has now spread beyond the athletic contingent. It is probable that there will be several expulsions and suspensions.

RAIDED TOWN OF CARNEY.

Anned Bandite Plandered Many Ottisens and Pub-

lie Buildings. Full particulars have just leen received of the raid of the little town of Carney, about wenty miles east of Guthrie, Okła. About 9 o'clock Saturday night six masked and beavily armed outlaws, supposed to have been headed by the notorious "Dynamite Dick," one of the associates of the Daltons and Bill Doolan, rode into the place and lit-

era"y "held up" the town. Carney is a town of about 300 people. The robbers entered the village from the north, with a great show of firearm. Two of the cutlaws entered the general store of B. Fouts and compelled him and his son to open the safe. After securing about \$800 from them they bound both the father and son, threw them upon horses, and carried them about two miles out of town, where they tied

them to a tree. In the meantime the rest of the gang had entered the postoffice, but falling to secure anything of value, they raided the hotel, compelling the proprietor and several traveling men who were stopping there to turn over their money, watches, and jewelry Several smaller stores were also raided. Before entering Carney the outlaws had taken the precaution to cut the telephone wires leading to Chandler, so that there might be no chance of a failure. During the raid the bandite kept up a fusillade of bullets in all directions, terrorizing the inhabitants so that very little effort was made to resist the
