Local Shorts of Interest.

Wednesday set in with rain.

The late rains are now showing their good effects on springs.

Considerable thieving has been going on hereabouts of late.

About 130 persons communed in the Lutheran church on Sabbath last.

Farmers about done husking corn, quality excellent and no soft corn.

Tuesday morning was the coldest so far this fall, ice quarter inch on puddles.

The late mild weather has ceased and Monday was raw and of a winterish mood.

Nov. 17 and 19, are the last days Corman's cider press, near Far Mills, will be in operation.

Several hindquarters of nice beef will be taken on subscription any time within a few weeks.

Work has been plenty in this section the past six months, but don't blame the new President for it.

We are still strongly for silver and will accept all that is offered on subscription to the Reporter.

Coal is higher than for years; want the big man in Canton do something at once to make it cheaper for the poor and shivering?

It affords us pleasure to have letters from Democrats in various sections praising the Reporter for the grand fight it made in the late campaign.

None of Centre Hall's congressional candidates made the rifle last week: Jack Spangler got left, Cleve Dinges missed it and Will Hoffer "didn't make it."

Rev. Rarick, Chas. Arney and Geo. Bushman went to Sugar valley Monday on a day's hunt and now we guess there is no game left in all that section, deer or turkey.

The Gentzels with some Bellefonte hunters have gone to the Clearfield woods for deer, and promised the Reporter "a smell" of venison. Biggest kind of luck to them, that our "smell" may be correspondingly big.

C. K. Sober, of Lewisburg, one of the greatest wing shots in the world, will be appointed by Gov. Hastings as a member of the state game commission. Gov. should also appoint Centre county's Daniel Boone, Tom Harter, editor and hunter, one of the commission.

PERISHED IN THE FLAMES.

A Young Girl Burned to Death at Jackson-

ville. Last Sunday afternoon the house and barn, and all the outbuildings on the property of John Dolan, at Jacksonsville, this county, were destroyed by fire, and in the flames the thirteen-year-old daughter of Mr. Dolan is supposed to have perished.

It is not known how the fire originated. Mrs. Dolan and two daughters after dinner on Sunday, went to call on a neighbor, leaving the youngest daughter at home to wash the dinner dishes.

Mr. Dolan went up stairs to bed. Shortly after he smelled smoke and an investigation showed the whole lower part of the house in flames, and he was compelled to jump out of the second story to save his life. Nothing has since been seen or heard of the daughter who was washing the dishes, and it is supposed she perished in the flames.

The flames spread to the barn from the house, and lapped up all the buildings on the farm. All the household furniture, farm implements, two horses and two cows and a lot of grain were destroyed. Mr. Dolan had no insurance, and it is a total loss.

Died in Gregg Township.

John Crater, an aged citizen of Gregg township, this county, died at his home October 24, from the results of a paralytic stroke. Father Crater was born in Berks county, March 6, 1809, and arrived at the advanced age of 87 years, 7 months and 18 days. He was highly respected by his many friends, and a large number of people attended the funeral services to pay their last tribute of respect to the departed. An aged widow, two sons and three daughters survive him. His remains were laid to rest in the Mountain burial ground October 27th. The funeral services were conducted by Rev's J. H. Erdman, of the Evangelical association, and N. J. Dubs, of the United Evangelical church.

Guard Against Fires.

Cold weather is setting in. Fires to keep your homes warm during the winter will be necessary. Let us caution every Reporter reader to examine flues and see that they are safe and not defective to endanger your buildings. Many fires are caused by defective flues and chimneys, and in such cases all insurance is forfeited, as your neglect in this regard is the cause of many fires. Read your insurance policies.

One hour spent in examining your house to see that all is safe against fires, may save you and your neighbors hundreds and even thousands of dollars.

A Man Who Goes Without Sleep.

M. B. Cowdrick, a resident of Bradford township, Clearfield county, is so afflicted with an ailment that he can remain awake day and night for ten days without effort. He seldom sleeps more than two hours at a time. Mr. Cowdrick's ailment is an affection of the nerves, and he suffers excruciating pains incessantly. He was quite a wealthy man eleven years ago, when first attacked, but most of his money has been spent for medicines and treatment. For patent medicines he has expended over \$2000.

Springs Strong.

The frequent rains we have had this fall, have raised the springs, and the streams are all strong and full. They are stronger than they have been for over two years, and there is little danger of a drouth the coming winter. All the cisterns on the farms have been filled, and there is not any likelihood of the farmers being inconvenienced with a shortage in water.

Result in Millin County.

Millin county elected part Republican and part Democratic officers by the following majorities:

McKinley 640; senator, Parcels, dem., 159; assembly, Bell, rep., 43; associate judge, Werts, dem., 687; sheriff, Collins, rep., 126; treasurer, McClintic, dem., 472; commissioners, Nale, rep., Novinger, rep., and Sterrett, dem.; poor director, Cummins, rep., 264; auditors, Hunt, rep., Smith, rep., and Swigart, dem.

Death of Philip Barnhart.

Philip W. Barnhart, a well-known citizen of Boggs twp., died on last Friday, aged 81 years. He belonged to the early settlers of our county, and was an estimable citizen.

Union County Deaths.

DEATH OF JOHN B. SOWERS.

A Venerable and Distinguished Citizen of

College Township. The venerable subject of this sketch was born in Berks county, April 20th, 1810, and if he had lived a few hours longer, would have been 86 years and 6 months old, when his spirit took its flight to the great world beyond, Oct. 25th, 1896.

Mr. Sower's parents early moved to Union county where he was an apprentice to the trade of shoe-maker, which he followed continually until within a short time of his death, making a continuous service of sixty-six years with hammer and last. Mr. Sowers lived for more than sixty years in the vicinity of State College, and was by far its oldest citizen, having voted for Andrew Jackson in 1832 and continually from that date to 1896 in College and Ferguson townships.

Drilling for Water.

Millheim has in contemplation the drilling of a well at the new school house. John Hartman, of the same place, also thinks of having a well drilled.

At Scotia a well is being drilled that has reached a depth of over 400 feet without striking water. Krape & Lee began the work and continued to a depth of 200 feet, then quit. Next Mr. Clemens tackled it and has a hole over 400 in depth.

While drilling a well last summer at Kaufman's in Nittany valley, Krape & Lee having reached a depth of 60 feet, the drill struck a cavern and plunged down 50 feet. The pump was let down to the bottom and a little water was found. The sample of water brot up by the pump contained bits of twigs from huckleberry and other bushes. There is every indication of a large cave being there. The drilling was abandoned.

On Prof. Bitner's farm, the Peter Ruble place, 2 1/2 miles west of Old Fort, water was struck at a depth of 110 feet and it rose to within 10 or 15 feet of the surface.

All wells in the valley have limestone water, the soft water being obtained from the mountain rivulets.

New Creamery.

The grangers are about to erect a new creamery in Haines township, locating it near W. J. Krape's. Alfred Krape, of this place, is to drill a well for this purpose convenient to the creamery.

There are now four creameries on this side: one each at Spring Mills, Coburn, Rebersburg and State College, the new one above referred to will be the fifth.

Outbuildings Burned.

Last Friday night there was a little fire on Isaac Smith's premises about 3 miles east of here, in Gregg twp. Apple butter boiling was going on during that day requiring the keeping up a strong fire. After midnight the smoke house was discovered on fire and totally consumed; the kettle shed was also burned and all the apple butter. In the smoke house were stored a lot of articles which were burned too. The fire started on the roof evidently from the fire for boiling the butter during the day.

Does This Fit You?

If you start or report a bad story to any one you are doing a damage that no repentance on your part can ever undo. Whisper a slander to your best friend and tho you stand on a hill the next day and proclaim with a loud voice that it is not true, you can not recall the bad story. If you have no pity for those who do wrong, have a little respect for yourself and don't gossip about them.

There is also the cowardly slanderer, who does his bad work by lying insinuations, innuendo and hints, and cautions you against mentioning his name, he is the most dangerous of all.

Something Else to Worry Us.

A great problem is soon to occupy the minds of the people of the world. In four years the sweep of time will carry us into a new century, and the figures which indicate the century of 1800 will be exchanged for 1900. When this time comes, can we abbreviate the year in writing and printing, as we do now in 1896? If we may abbreviate, how shall it be done? How will this look, '90? Or this, 19? When you write at the top of your letter to the editor, March 14, '96, it looks all right, but March 14, '00, will not be at all satisfactory. Did you ever before think what an inconvenient time 1900 is going to be? If so, just consider how lucky your stars are that you will not be living on the mundane sphere in 2000.

Recent Millin County Deaths.

At Three Locks, Wm. Cargill, aged 78 years. At Yeagertown, Howard Ennist, aged 22 years. At Newton Hamilton, Harriet Moody, aged 93 yr. In Menno, wife of Samuel Y. Plank, aged 65 years.

The knack of looking well is due principally to the clothing one wears; to dress well does not necessarily mean that one must own a silver mine or have a "corner" on gold. Inquire at the Philadelphia Branch-what they don't know about fitting you out nobly and at a low figure no one else knows.

1075 By the Penn's Valley Democracy.

The Democracy of Penn's valley have been true to the good old party as in days gone by. Without the rousing majorities over here the opposition would have carried the county as often as they lost it in the past dozen years. Bryan and free silver had 1075 majority in the few townships on this side.

The Democrats of this side the county having done their duty so nobly, need not go up Salt River-at most not farther than Logan's Gap, and can go home from there every evening to sleep in a clean bed.

The majorities on this side are as follows for Bryan:

Centre Hall 46; Millheim 60; Gregg 226; Haines 107; Harris 48; Miles 189; Penn 181; Potter 209; Ferguson 9. Total 1075.

The majorities have been running in about the same way since the days of Jackson, being a little larger of late years than formerly. The REPORTER was with them all the time and kept watch teaching good, sound Democracy, in sunshine and rain.

The Chase for Postmasterships.

The aspirants for postmasterships is getting lively all around.

At Millheim are a number of applicants, among them we hear the names of Fred Gutelius, George Ulrich, and Henry Miller, also Adam Miller and Jerome Spigelmyer.

At Spring Mills we hear of G. H. Long, and there will be more.

For Centre Hall we hear of Andy Reesman, Dav Brisbin, Jeff Shafer, Sam Shoop, and there will be more.

For Bellefonte there are in mention T. H. Harter, Harry Keller, Al Dale, et cetera and so weiter.

At Rebersburg the chase is said to be red hot.

Go it, boys, to the victors belong the spoils, proclaimed Old Hickory and we believe in him.

Killed a Deer.

Last Saturday the Potters Mills hunting party took a day off and went after deer in the Seven mountains. They got a two pronged buck, which weighed dressed, about 120 pounds. Several hunting parties have been in the mountains after deer, and three or four have been reported killed. A Coburn party killed one, a Milroy party another, and a lot of hunters from Millheim came out with a bear. Hunters say the deer are getting scarcer every year.

New Disease Among Horses.

A new disease is attacking horses in different sections of the state, but we have not learned of its appearance in Centre county. Veterinarians are unable to diagnose it. The leading symptoms are loss of appetite, rapid rise of temperature, discharge at the nose and loss of vision. Death usually follows within 24 hours of attack.

Clinton Went Republican.

The following are the Republican majorities in Clinton county: McKinley 435; congress, H. B. Packer 128; assembly, J. H. Frederick 247; associate judge, W. L. Hamilton 26; sheriff R. D. Peck 616; probthonary, J. B. Leshar 1124; treasurer, R. W. Jameson 52; commissioners, James O'Donnell 347, F. A. Rail 211; auditors, G. T. Michaels 338, Ola Olson 236.

A Jollification.

The Republicans have decided to hold a jollification on Saturday evening at Bellefonte, over the election of McKinley and Hobart. Just what will be the principal feature has not been learned.

AT THE RING

OF THE

School Bell

Tens of thousands of the men of the next generation pack up their books and turn their steps towards the school house. Happy days are they for the boy who is well-clothed and well shod; and that reminds us that we have, for various reasons, been the recognized leaders in boys' footwear in this town. Special attention has been paid to shoes for the little men, and this Fall we are better fixed than ever before to clothe their little feet. And we don't forget their little sisters, either.

THE GLOBE.

Dry Goods, Clothing and Millinery.

There is no sentiment in business. The people trade with us because THEIR DOLLARS GO FURTHER HERE THAN ELSEWHERE.

We do not ask your trade for friendship sake, but on the basis of Dollars and Cents. We cater to the masses, and sell more Dry Goods and Millinery than any store in Bellefonte.

Our Clothing Department is a new one with us, but our way of doing business will bring it to the front, and in line with our other Departments in a very short time.

We have been heavy buyers this season on the dullest markets ever known to the wholesale trade. The crowded condition of our two floors shows very plainly that we have an IMMENSE STOCK.

We Are Selling Goods at Ringing Bargains That Brings a World of Buyers to Our Counters.

Our trade is large, our stocks are so great, and our assortment is so varied that we are enabled to offer inducements that have never been equaled in this town.

In Dress Goods Dept. we are absolutely without competition.

In Domestic, Table Linens, and House Furnishing articles we made our big purchases on the depressed markets. These goods have since then all advanced sharply in prices, and we are retailing some goods here today at actually LESS THAN WHOLESALE PRICES IN NEW YORK.

Ladies' Wraps and Millinery.

Our business has been very large and still increasing. We have the goods to suit you and at popular prices.

We Will Make Some Remarkably Low Prices on Overcoats This Week.
