"Why, Mr. Spigelmyer, ain't this just lovely?"

"Quite an improvement. Oh, my! but this is nice."

"We believe we made a mistake and got into John Wanamaker's."

"You are certainly making a hit on China and Lamps."

"I think this is the nicest part of the store. I could spend a half a day here."

"You never saw such nice things. It's certainly a show."

"This is the finest addition yet."

Respectfully submitted.

When you buy on tick, be prompt to pay; when you borrow don't forget to return; when you talk, speak the truth; when you do a favor, let it be from principle, not from selfish motives.

Weather was mild and spring-like this week. Families that did their butchering during last week's cold snap, must haste to eat their stock of sausages and leberwurst lest they spoil, or, use 'em to remember the poor with before it is too late.

### DIED AT LINDEN HALL.

G. W. Campbell, a Highly Respected Citizen Succumbs to Heart Trouble.

Mr. George Washington Campbell, a highly respected citizen living a short distance west of Linden Hall, died last Sunday morning at the age of about 78 years.

Mr. Campbell had been in ill health for some time, being a sufferer from asthma, but his physical condition at no time assumed such a phase that his friends became alarmed. On Saturday he was taken seriously ill with heart trouble, and death ensued Sunday morning. His many friends were greatly shocked at this almost sudden termination of a useful life, and few were aware of his illness until the announcement of his death.

Mr. Campbell leaves a widow and four children to survive him. They are Elmer and David, both living near Linden Hall, Mrs. J. C. Gilliland, of Oak Hall, and Mrs. Stine, living in Lebanon county. Several children have preceded him in death.

In just two weeks after his death, Mr. and Mrs. Campbell would have celebrated the fiftieth anniversary of their marriage, the golden wedding. The funeral took place on Wednesday from his late residence. Interment was made in the Branch cemetery.

#### Tavern Stand Sold.

The old Aaronsburg tavern stand has been sold by its late owner, Henry Phillips, to Ed. Bower, for \$1000, a property at one time worth \$4000. This tavern a generation and a half ago was owned and kept by Henry Witmer, as the "Farmers' and Mechanics' Inn." For a number of years it has not been having a license to sell liquor and was kept only to accommodate travelers with meals and lodging. It is one of the landmarks of that section. The new owner, Ed. Bower, will continue it as a house of entertainment and is fitted to offer the best to his guests.

#### Stroke of Paralysis.

One day last week William Ettinger, of Milton, was prostrated by a severe stroke of paralysis. Years ago he was a resident of Aaronsburg; he is a brother-in-law of the editor of this paper. He is a son of Rev. Daniel Ettinger, of York, Pa., who was the early head of the Evangelical church in this country and the editor of the first religious organ of that denomination. He died some 15 years ago at the age of 95 years at his home in York. While editing the church paper he lived in New Berlin.

#### Change in Time.

A change of time of trains went into effect on Monday morning. The time of two trains only has been changed, both morning. The passenger east to Montandon arrives here at 7.15 instead of 7.05. The morning mail to Bellefonte is scheduled at 8.15 instead of 8.09. The time of other trains remains as before. On the main line the change has been very light.

#### Referred to the School.

An exchange says a farmer and his wife owned a hog and they wanted to weigh it. The man weighed 100 and his wife 135 pounds. They put a board across the fence so that when they sat upon the ends it exactly balanced. They exchanged places the wife taking the pig in her lap, just balanced the board again. What was the weight of the porker.

#### Dinges' Run for Congress.

Our former townsman, Clevan Dinges, who had the unanimous nomination for congress from the prohibition party of the Lycoming district, was complimented with more than his party vote. In Lycoming he received 1117 votes, and in the district 1654. Cleve would have been an honest M. C. if elected.

#### Tried to Rob Hastings' Home.

An attempt was made to rob Gov. Hastings' mansion on Tuesday evening. Mrs. Rankin, the mother of Mrs. Hastings, discovered a tramp trying to get in the front door and pluckily drove him off, but not before she was viciously abused by the tramp, who repeatedly tried to pass her.

#### Putting Down Crossings.

The town council is putting down substantial crossings in different parts of the town. They are of brick with a good curb on each side. The old ones are torn up and new ones laid in their stead. Barney Garis, the mason, is doing the work for the borough.

#### Politics Kills a Horse.

On election day, one of treasurer elect Harrison Kline's farm employees was driving a large work horse in a buggy, taking voters to and from the polls, at Pleasant Gap, and while passing over the road the horse suddenly became sick and died in a short time.

#### Thanksgiving Services.

Union Thanksgiving services will be held on Thanksgiving morning at 10 o'clock, in the Presbyterian church of Centre Hall.

"Clothes do not make the man"—but they help. The Philadelphia Branch knows just how to increase your personal appearance 100 per cent without pauperizing you.

### Old Timers Fight.

Last Friday two of Bellefonte's oldest citizens got in an altercation that wound up in an ugly fight. Benjamin Housel built a small house on a piece of land owned by John Caldwell. On Friday Mr. Caldwell was to see Mr. Housel and they were talking about various matters and finally while discussing the appointment of mail carriers they became excited and called each other ugly names and a fight ensued. They clinched and rolled, pounded and slugged each other until outside parties interfered and parted the two men. On Tuesday they were given a hearing before Justice Keichline who discharged them for want of sufficient evidence as to which party was at fault.

The peculiar point about the quarrel is the age of the combatants. Mr. Caldwell stated that he was 90 years while Mr. Housel gave his age at 70. They would be the last persons any one would expect to see in a fight, but they had a real lively one in which black eyes were given.—Centre Democrat.

#### Her Essay on Physiology.

The cruel newspapers are publishing the horrid story that a sweet girl graduate in a neighboring town read an essay on physiology, in which she said: "The human body is divided into three parts—the head, the chest and the stummick. The head contains the eyes and the brains, if any. The chest contains the lungs and a piece of the liver. The stummick is devoted to the bowels, of which there is five—a, e, i, o, u, and sometimes w and y."—La Moure Chronicle.

#### Rev. Runkle Installed.

A special meeting of West Branch Classis of the Reformed Church was held last Thursday night at Hublersburg. Rev. James M. Runkle was received from Carlisle Classis and installed pastor of Nittany Valley charge. Rev. T. Derr, of Lock Haven, preached the installation sermon. Our Reformed brother is an excellent minister and for a number of years was pastor of the Ref. congregation of Mechanicsburg. Rev. Runkle is a native of this vicinity.

#### Near Completion.

The Bellefonte Central railroad, which is completed to within one mile of Pine Grove Mills, is rapidly being pushed into the town. A large number of men and teams are now employed in grading that part of the road, which will be finished in a short time, and then the ties and iron will be laid. It is a part of the county that appreciates an enterprise of that kind as the road has already received reliable patronage from the people.—Daily News.

#### A Huntingdon County Murder.

Huntingdon county taxpayers will be called upon to foot the bill of a murder trial in that county, in which the principals are not citizens and do not contribute towards paying the taxes of the county. The dead man is Peter Vengelona, an Italian, and five persons are held for the crime.

#### A Good Record.

Charley Arney has helped kill 41 rabbits so far this season, and the season has only fairly opened. He says that the game is plenty, and the number bagged already is more than he helped kill in any season before. Charley chaperoned a party on Saturday and they brought home seven cotton tails.

#### Will Lose a Leg.

Joseph Thompson, a seventeen-year-old young man at Bellefonte, will likely lose his right leg, by being thrown under a slow moving freight train at Bellefonte. He was jumping off and on, when the train made a sudden jerk and he was dragged under the wheels.

#### Another New Dwelling.

Clem Luse broke ground last week for another new dwelling house at the station. It will be erected between the dwelling of R. D. Foreman and the newly erected house of Milfred Luse. The planning mill firm of A. P. Luse & Son have done much towards building up that end of town.

#### Will Become a Centre Haller.

William Meyer, late merchant at Coburn, has purchased Clem Lose's fine residence at the station, and thinks of moving hither next spring, as he will be a useful citizen, we welcome him and all such.

#### A Bellefonte Fire.

Last Friday night the coach shop of Homer Martz, at Bellefonte, was totally destroyed by fire, along with several vehicles. The loss will be about \$800, on which there is an insurance of about \$200.

#### LOTS FOR SALE.

Lots in 1, 1/2 or 1 acre, or more, on reasonable terms, located on main road short distance north east the station. Apply at Reporter office.

### FOSTER'S PREDICTIONS.

When and Where storms Will Occur This Month.

My last bulletin gave forecasts of the storm wave to cross the continent from the 11th to the 15th, and the next will reach the Pacific coast about the 16th, cross the west of Rockies country by the close of the 17th, the great central valleys 18 to 20th, and the eastern states on the 21st. The warm wave will cross the west of Rockies country about the 16th, the great central valleys on the 19th, great central valleys 21st, eastern states 23d. The disturbance will occur during the low temperature storm period, and the temperature of the week, although going to high points preceding the storm centre, will average low. The disturbing forces will be above the average low. The disturbing forces will be above the average, and the storms will manifest a very considerable energy. Storm energies are expended in various ways; sometimes in causing excessive heat, sometimes by a great drop in the temperature, in excessive cloudiness, or rains, or snows, winds, electrical displays, etc. When I speak of storm energies or the force of storms the reader must not conclude that destructive storms are meant unless explicitly.

Rainfall of this storm period—16th to 21st inclusive—will be about or a little below the average. This storm period occurs near the turning point, which will be preceded by the rain period, and immediately followed by the period of the drought.

These rain and drought periods come very regularly and the reader should keep them clearly in mind. Except in long droughts and long wet seasons the rain period of the month continues about two weeks, beginning at the top of the high temperature storm period. Then the drought period begins at the bottom of the low temperature storm period and continues about two weeks.

During the drought period it will be noticed that everything dries rapidly. It is a splendid time to dry washed and wet clothing, the painter finds it to be his best time to work, paste dries quickly, vegetation withers and wet soil bakes. The reverse is true of the rain period.

#### Marriage Licenses.

The following marriage licenses have been granted the past week: John W. Guiser, Bellefonte and Alta Haines, Tyrone. Harry H. Noll, Rebersburg, and Emma Sholl, Wolf's Store. Wm. J. #### Porkers' Squeal Prevent a Steal.

The Adamsburg Herald says some sneak thieves tried to steal two of Dr. Smith's fat hogs on Sunday night, but fortunately were disturbed before succeeding in their undertaking. Had the thieves not been alarmed by the squeal the Doc. would have lost his fat porkers but he could have fallen on good father-in-law Heckman of near our town for his supply of shunke, brotweast un leberweast.

### AT THE RING

OF THE

## School Bell

Tens of thousands of the men of the next generation pack up their books and turn their steps towards the school house. Happy days are they for the boy who is well-clothed and well shod; and that reminds us that we have, for various reasons, been the recognized leaders in boys' footwear in this town. Special attention has been paid to shoes for the little men, and this Fall we are better fixed than ever before to clothe their little feet. And we don't forget their little sisters, either.

### Dry Goods, Clothing and Millinery.

There is no sentiment in business.

The people trade with us because THEIR DOLLARS GO FURTHER HERE THAN ELSEWHERE.

We do not ask your trade for friendship sake, but on the basis of Dollars and Cents. We cater to the masses, and sell more Dry Goods and Millinery than any store in Bellefonte.

Our Clothing Department is a new one with us, but our way of doing business will bring it to the front, and in line with our other Departments in a very short time.

We have been heavy buyers this season on the dullest markets ever known to the wholesale trade. The crowded condition of our two floors shows very plainly that we have an IMMENSE STOCK.

We Are Selling Goods at Ringing Bargains That Brings a World of Buyers to Our Counters.

Our trade is large, our stocks are so great, and our assortment is so varied that we are enabled to offer inducements that have never been equaled in this town.

In Dress Goods Dept. we are absolutely without competition.

In Domestic, Table Linens, and House Furnishing articles we made our big purchases on the depressed markets. These goods have since then all advanced sharply in prices, and we are retailing some goods here today at actually LESS THAN WHOLESALE PRICES IN NEW YORK.

### Ladies' Wraps and Millinery.

Our business has been very large and still increasing. We have the goods to suit you and at popular prices.
