 CENTRE HALL, PA., THURS. JAN. 7  
 VOLUME 70  
 With this issue the CENTRE REPORTER enters its Seventieth Year.  
 In its past there is nothing that is discreditable—it has followed such a path as to earn for it the confidence and esteem of the Democracy, and the respect of all honest-thinking men of whatever party or sect. We are proud to say this and the proof of it is found in a steadily increasing circulation and frequent letters from its patrons bringing us words of kindness and congratulation. Of course, our fearless and consistent course in advocacy of what is right and for the general good, may have called against us the enmity of such who think and act upon the vicious principle that "there is no honesty in politics," but what of that? For when the lives of such have the X-ray turned upon them you see dishonesty in many forms hidden back of their motives and deeds with jealousy prominent. We are pleased to know we have the friendship of the first named of these two classes.  
 No journal in central Pennsylvania can show a brighter record for good accomplished in its county, as to matters of education, improvements, honest politics, and advocacy of whatever was for the general good backed by a liberal use of its means, than the REPORTER.  
 Our course in the future will be the same path of duty. Thanks to our friends for past support—we will endeavor to merit the same in the future and strive to gain new friends to our many old ones.  
 A Happy New Year and long life to everybody.  
 Cameron's resolutions recognizing the independence of Cuba will be defeated in the Senate.  
 THE Wanamaker Republicans now declare they will keep up the fight and run him for governor next time.  
 In Iowa a few days ago they had a fierce snow storm that blocked the railroads. In other parts of the west the same blizzard caused great suffering.  
 THE sheriff contest is the first election contest in this county and will be the foremost topic among our people until it closes. The Curtin-Yocum contest was a district affair.  
 The legislature is now in session. The best thing it could do would be to abolish the new and useless offices created at the last session and cut down the salaries that were raised at the same time—then go home.  
 You wonder how Quay manages to win his fights. Well, he declares his victory last summer for the state chairmanship cost him \$200,000. His present fight to beat Wanamaker and elect Penrose costs him more than that. It is difficult to sink a man when he has that sort of life-preservers to float him.  
 Study this lesson: During the last 15 days 28 banks have failed involving over 21 million dollars. Nearly a dozen large business houses were dragged down by the crash of these banks. It doesn't seem as if the hanna-m'kinley promises were any thing but a fraud.  
 BOTH the fighting Republican factions at Harrisburg are charging each other loudly with being guilty of bribery to secure votes for senator, and threats of prosecutions from both factions. If these Republicans carry out their threats against each other, all the jails in the commonwealth will be filled with bribers.  
 THE state legislature met at Harrisburg on Monday. The fight among the Republicans over Wanamaker and Penrose for U. S. Senator is worse than red hot. Each side is charging the other with bribing legislators, in sums of \$500 to \$5000 for a vote, and we are inclined to think both tell the truth.  
 THE Miller contest to oust Cronister from the sheriff's office is to go on, as per a ruling of Judge Love on Saturday afternoon. The Democrats are not afraid and are ready for the contest, confident they can show more illegal votes cast for Miller than for Cronister. Cronister's attorneys are Fortney, Orvis & Bower, N. B. Spangler and Ira C. Mitchell. Miller has Judge Furst and Chambers.

BANK troubles are still coming along. R. D. Cornelius, one of the oldest and best known cashiers of Baltimore, committed suicide on Monday. He drowned himself in a duck pond, a few hours after a shortage of \$60,000 in the bank's funds was discovered. The Germania Bank, of St. Paul, Minn., has shut down.  
 The West Side Bank, of St. Paul, has been swamped by the shutting down of the Germania.  
 IN Columbus the religious communities of the city, irrespective of denominational lines, have effected a preliminary organization whose ultimate object is the abolishment of Sunday festivals. The ministers are of the opinion that the Sunday festival, usually a thing of pomp and circumstance, is usually held for a mere display of hacks and quasi mourners. They will not refuse to officiate where it is necessary for obvious reasons to bury the body on the Lord's day.  
 This we consider a move that should be made everywhere.  
 IN Union county the changes in party rules made by the Republican committee, include the adoption of the Australian ballot system for use at the primaries. This is the first actual step in this direction in any county in the State, tho the matter has been discussed a good deal.  
 In Centre county Democrats for a number of years have advised a change in the rules for voting at the primary elections, some favoring the Crawford county system. The party in this county has repeatedly been defeated upon the charge that nominations were made by manipulation and such as were not the people's choice, the result being defeat at the general election. Recent years have given warning in this direction. It is a subject worthy of thoughtful consideration if the Democracy wish to hold their ascendancy in old Centre.  
 It is evident that the people are paying a big price for coffee. This has been disclosed by a "war" now going on between the sugar trust, owners of the Woolson spice company, which puts Lion coffee on the market, and the Arbuckles. The roasters of coffee, like Arbuckles, Levering, Dilworth, and the Woolson spice company, have been realizing at least six cents per pound profit on their goods. This is entirely too much. The country now knows what their profits are, and should see to it that they are reduced to a reasonable sum. Two cents a pound, or three at the outside, would be all they should have.  
 Georgia has just set an example to her sister States by passing an Anti Trust law which is designed to cover all cases and to put an end to the Trust system so far as that State is concerned. Among other provisions of the law is a clause which authorizes any person who may have been injured by a Trust to bring suit for damages in the Courts. As the Pennsylvania Legislature is about to enter upon a great career for the reform of abuses this Georgia law might serve as a model for the study of the representatives of the people who will assemble next week at Harrisburg. It has been asserted that the Republican party is incapable of legislating sincerely and effectively against the Trusts. The Legislature of Pennsylvania will have an opportunity of refuting this charge, thinks the Record of 2nd.

thousands of dollars upon others. Factories and mills are closing, throwing thousands of men out of employ! Surely, according to their own logic these must be Republican victories, and "the advance agent of prosperity" must be a fraud.  
 BRUSH VALLEY.  
 The Great Fantastic Brigade of Last Friday Caused Great Merriment.  
 Our Brush valley people have been somewhat low spirited during the holidays, with the exception of the Fantastic Brigade on last Friday. But no doubt they will receive a two-fold spirit in another year and show the sister valleys that she does not always occupy a seat in the rear.  
 Hurrah for the new side walk at the west end of Rebersburg; if the burg has street lights yet the people will then be able to take what we denominate "an evening's pleasure walk."  
 Dr. Bright, of Rebersburg, has a right to wear an extra broad smile over those twin girls.  
 Rev. Stover has been conducting a revival meeting for the last week, but no seekers at this writing.  
 We are glad to see Cor. Stover out again after a short illness.  
 The Lutherans of Rebersburg are taking advantage of the week of prayer.  
 Mrs. Hannah Fulmer is sick in bed at this writing.  
 Titus Gramley and family, of Spring Mills, spent a pleasant New Year at Rebersburg.  
 The carpenters have finished their work on the Lutheran church at Rebersburg.  
 The United Evangelical people will build a new church in the near future at Wolf's Store.  
 C. C. Loos's Union county lumber men were at home over Christmas.  
 Prof. H. E. Bierly was home over Christmas.  
 Mr. Wm. W. Sholl, filled Rev. Short's pulpit last Sunday evening at the Yearick's church; he also addressed the Prohibition club last Tuesday evening at Bellefonte, from which place he left for the Seminary at Williamsport. Mr. Sholl is a well-equipped Prohibitionist, and he will surely be a great power for the Prohibition platform in the near future.  
 On Sunday evening Mr. Harry Royer, of Rockville, and Miss Lula Stover, of Kreamerville, were united in marriage by Rev. Mum; we wish them a long and happy life.  
 Last Friday at noon the people of Rebersburg were indeed a little surprised when the great Fantastic Brigade moved through Rebersburg in their comic and systematic order; the boys introduced some of the latest styles for the year; their style of dress proved to be comical enough to cause most any sanctimonious face to be chilled with a smile on the first day of year. While the people in general of our valley took a back seat, for not having even a cantata over Christmas, therefore, the young people surely deserve a seat in the front on New Year's day on account of their success. There were about sixty boys, twelve wagons, and thirty-five horses. Our boys just know how to get up something.

**PETTY STEALING.**  
 There are numerous petty steals carried on under the state government, which in the aggregate raid the treasury to the tune of hundreds of thousands of dollars. We will only briefly instance two samples now in play:  
 All have read within the past few days that one of the new, high-priced and useless departments at Harrisburg has sent out several traveling suckers to visit all the county commissioners in this state to get the scalp account and the number of skunks and foxes killed in each county! The mileage and per diem for these useless and idle trotters will foot up a big sum; yet, it is a fact, that if it is important to have this pole-cat data, it can be obtained for less than \$5 by addressing a small blank to the commissioners' office in each county and the information would be obtained at an expense of 4 cents postage. The scalp account is printed each January in the county financial statement and 1 cent for postage will carry the skunk account to Harrisburg.  
 Another infamous steal is that of a committee visiting the state institutions to ascertain how many foreigners are maintained by the same! for this job \$3000 are to be paid to a junketing committee! This information the Governor or either the Senate or House can demand from the heads of these state institutions, without expense, yet \$3000 are filched from the tax-payers' to go up in tobacco smoke and down in beer and wine.

**GOING TO SMASH.**
