 CENTRE HALL, PA., THURS. July 29

The new tariff bill was passed by the senate on Saturday afternoon and soon after was signed by the President.
 McKinley has gone off on a trip to get a rest—poor fellow. A good many other people have been resting since the election, waiting for prosperity.

The Senate adjourned by snubbing the President on his currency message in refusing to take action on it. Next look for a snub from the people on the tariff for the trusts, with everything the people need to be raised in price.

Just now the happiest fellows are the Klondike gold prospectors and the members of the sugar trust. Both struck it mighty rich.

The fellows that are far from being so happy are the coal miners.
 Gov. Hastings yesterday put in two more vetoes on the bill to pay for a legislative frolic to New York and Philadelphia, \$5000. The other, \$850, pay for the committee to investigate the state capitol fire. Good, very good!

The duty on hides means an average increase of 25 cents a pair on men's shoes. Armour, Swift, Morris and the Libbys control the hide market and will coin millions out of it. Another trust made happy and raking in prosperity by the tariff.

Gov. Hastings has received numerous explanations of the legislative expense bills, concerning which he called for information, but they are marked "Private and confidential," which is tantamount to a confession that they will not bear publicity. In that case the bills should not be paid out of the public treasury.

The short wheat crop in foreign countries will make prices better for farmers in this country, and the wonderful new discoveries of gold will tend to make money plentier—there is some prosperity ahead now for which thank Providence alone. But the McKinley people are trying to rob Providence of the credit and claim it for themselves.

Dr. Swallow reports to Gov. Hastings that he along with an expert has examined the bills for fitting up Grace church, and points out quite a number of items where the charges are double what they honestly should be. His letter is a raking epistle.
 Now let the Governor "smite every dishonest dollar" with another popular veto.

The wheat market has been the sensation of this month. Since July 2nd the price has risen twelve cents up to Wednesday of last week, when a reaction of four cents was not surprising, but the close was 5-8 cent higher for the week. It is notable that this rise came in the face of highly encouraging crop news which is not disputed and has for support nothing but foreign conditions and demand.

SINCE the passage of the tariff bill it is reported that the principal trusts are to be merged into one with one thousand million dollars capital. The following corporations are named as likely soon to merge their identity into one colossal whole:
 The Standard oil company, United States leather company, National lead company, American sugar refining company, United States rubber company, American tobacco company, American spirits manufacturing company, American cotton oil company, New York, Chicago and Bay State gas company.

This combination of Trusts will rule the country and impoverish the people.
 HERE are the three great trusts, and there are scores of others benefitted to a less extent, which extract from the new tariff legislation in the following sums:
 The sugar trust - - - - - \$13,000,000
 The lead trust - - - - - 3,500,000
 The lumber trust - - - - - 6,125,000

Total to three trusts - - - \$22,625,000
 This should go a good way in clearing off Mark Hanna's obligations to the trusts and money power for services rendered in the presidential campaign of 1896.

A list was read in the senate the other day of 129 trusts from the sugar, the lead and the lumber trusts, down to those of minor consequence, every one of which receives more or less protection under the conference tariff bill.
 It is an open secret that the senate sugar schedule as well as the house proposition, and after them the rates

proposed by the conference committee as the great and final triumph of Tom Reed, were all prepared by the sugar trust managers. Whichever form was taken the trust was sure to win. They had the cards up their sleeves. The average congressman could not understand the exact bearings of the intricate schedules, but the trust attorneys in and out of congress had no difficulty on that score. It was "heads I win and tails you lose" all the time between the trust and the people, remarks the Pittsburg Post.

The Scalp Bill.
 The Governor has signed the bill placing a premium of \$2 on wild cats, \$1 on red or grey foxes and 50 cents on minks. In order to secure this premium the animal itself or its entire pelt from tip to nose must be presented to a justice or alderman and make affidavit where and by whom the animal was killed. The officer will then cut off the ears and burn them, giving the person a certificate of the amount due him, who upon presentation of the same to the county commissioners will receive an order for the amount upon the county treasury. The officer who gives the certificate is to receive 25 cents for his services out of the county treasury. Any person who shall willfully and fraudulently collect any premiums shall upon conviction thereof pay a fine not exceeding \$500 or undergo an imprisonment in the county jail not exceeding one year or both. This law is now in effect.

Died in Philadelphia.
 Dr. Samuel Noll, a physician of Bellefonte, died yesterday afternoon in Philadelphia, at the age of about twenty-nine years. Dr. Noll gave up his practice in Bellefonte about one month ago, being afflicted with a disorder of the liver, and went to Philadelphia for treatment of the disease. While undergoing treatment his ailment developed into yellow jaundice, which the medical attendance could not combat, and the Dr. succumbed. The remains will be brought to Pleasant Gap, and will be interred in the cemetery at Zion the latter part of the week. Dr. Noll was unmarried, and was one of five brothers, of whom there are, James and John, of Bellefonte, and W. H. and Abner of Pleasant Gap.

 More rain today; too much rain to suit farmers; much grain out yet.
 Andree, the Norwegian explorer, who left for the north pole about two weeks ago, has not yet been heard from.
 The Klondyke gold fever is spreading. One authority says it is not so hard to get there as represented and names a route along which there is pasture for horses.

SPRING MILLS.
 A Pleasant Surprise Party at the Home of Mr. and Mrs. James Kennelly.
 The M. E. church of our village will hold a festival on Friday and Saturday August 6 and 7. All are invited.
 Mrs. Hemphill, of Philadelphia, and Mrs. David Bradford, of Centre Hall, are here on a visit to James N. Leit-zell.

The interior of the new postoffice building is rapidly approaching completion, and within the next week or ten days will be ready for occupancy.
 Commercial agents pass through our village in droves, and the cry is "still they come." All report business on the road as not being particularly satisfactory, or in other words is a "little off."
 On Monday last Mr. Graden of our village, met with quite an accident, while hauling grain by some mishap the wagon upset and the result is a broken leg.

Mrs. Quiggle, widow of J. K. Quiggle, of Salona, Clinton county, a lady enjoying very excellent health, notwithstanding her advanced age of 85 years, is visiting her daughter Mrs. A. Allison of our village.
 On Friday evening last, Mr. and Mrs. James Kennelly, of our village, were rather agreeably startled by a large and unexpected visitation of relatives and friends—a surprise party, very quietly and successfully managed by their two daughters, Miss Sue and Mrs. Kate Blair. It was the anniversary of their mother's birthday, and the occasion was a very enjoyable one. The company were very handsomely entertained; several short addresses were delivered. Mrs. Kennelly received quite a number of mementoes, kind remembrances, and after being delightfully entertained, at a seasonable hour the company retired wishing many returns of the day.
 On Thursday last the junior base ball club of our village had a contest with the Millheim nine, by the way, a well managed and strong team, resulting in favor of Millheim by a score of 27 to 8. The juniors were defeated in the start, and went from bad to worse 'till the close of the game. The juniors can play, but why they have become so indifferent of late, is a question easily asked, but not so readily answered. We have also a juvenile club, lads ranging in age from 7 to 10 years; on Friday afternoon last, they had a "battle royal" with a similar club in Georges valley. Early in the evening the "nine" returned home followed by a host of excited little friends, all shouting and singing songs of triumph. Nearly every one had a broom stick mounted with a weather beaten tomato can, an old boot or shoe as an ensign of victory. The "score" being 52 to 7 in their favor. No doubt the "team" will now challenge the junior club.
