SPRING MILLS.

Our Scribes Find Many Items of Interest in Their Town.

We had about twenty changes and removals in our village this spring; an unusually large number. Weaver the butcher, of Aaronsburg, made his first trip of the season to our village on Tuesday last. Professor D. M. Wolf commenced his special session of high school for advanced scholars, on Monday last with over forty students. Miss Mabel Sankey will commence a spring and summer session of school for ten weeks for little folks, on the 11th inst. William Graden now drives the hotel hack, and carries the mails to and from the railroad station, vice H. B. Miller resigned.

On Thursday last Harvey Confer, of Millheim, manager of the Spring Mills Planing Mills, moved into the brick building recently vacated by Alfred Bradford who, as previously reported, moved to Farmers Mills. We had quite a snow fall down this way on Tuesday last. So far, April has done remarkably well in imitating winter; Sunday snow squalls, remarkably cold on Monday and on Tuesday a snow storm of several inches, of course by next day nearly all the snow had disappeared, leaving us a sea of mud instead. However, real spring weather is hardly "expected" 'til after Easter.

M. B. Hering, of Lock Haven, a day or two since handed me a copy of the Ulster County Gazette, published in Kingston, N. Y., January 4th 1800—nearly a century ago, a few items of which might not be without interest to your many readers. The copy is draped in heavy black lines in mourning for George Washington, and gives quite an extended account of the funeral. In a letter from Georgetown dated Dec. 20th, 1799, says, on Wednesday last, the mortal part of Washington the Great, the Father of his Country, and the friend of man, was consigned to the tomb with solemn honors and funeral pomp. On the ornament at the head of the coffin was inscribed "Surge ad Judicium; deo the middle of the coffin, "Gloria Deo," and on the silver plate "General George Washington, Departed this life on the 14th of December, 1799, at 63. Speaking of the funeral it says: Between three and four o'clock the sound of artillery from a vessel in the river firing minute guns awoke afresh our solemn sorrow; the corpse was moved, a band of music with mournful melody melted the soul into all the tenderness of woe. The procession was formed and moved in the following order: Cavalry, Infantry and Guard with arms reversed; Music and the Clergy, then the General's horse with his saddle, holsters and pistols, then the pall bearers; Col's Simms, Ramsy, Payne, Gilpen, Marsteller and Little, followed by the Mourners, Masonic Brethren and citizens. After giving an account of the arrival at the base of the elevated lawn on the banks of the Potomac, where the family vault was located, also the burial ceremony, concluded in the following manner: "The sun was setting; Alas! the Son of Glory was set forever. No, the name of Washington, the American President and General will triumph over Death. The unclouded brightness of his Glory will illuminate the future ages." It also contains the proceedings of Congress in reference to the sad event; the Senate's address to President John Adams relating to it, and the President's reply. The whole account, the above being simply an outline, is certainly very interesting reading. The newspaper also contains quite a number of quaint advertisements, for instance: For sale, one-half of a saw mill, also a healthy active negro wench; Samuel Freer advertises seasonable goods for cash or produce, and adds that ashes will be taken at the store. A red bull is advertised as having strayed away, any one returning him will be thanked; riabrough & Jansen announces that they have dissolved, and all persons having accounts are to come up at once and settle, so that they can divide the property. The foreign news is limited to a dozen or twenty lines, and about three months old. The newspaper looks decidedly odd and ancient, being a sheet 22 by 18 inches, about the size of a single page of the REPORTER, containing only four columns to the page, simply a miniature newspaper when compared with the journals of today.

On Monday afternoon Misses Annie Nearhood, Orpha Bierly, Forest Ocker and Harry Corman were out for trailing arbutus. Our boys are trying to organize a base ball club, and are progressing rapidly; the citizens are subscribing freely towards it. There is a rumor afloat that Herb. Small and Miss Iva Wolfe were united in the holy bonds of matrimony on Saturday evening. Edwin Wolfe who was teaching at Aaronsburg, came home a few days ago and expects to start to school in Rebersburg next week.

LINDEN HALL.

Items of Interest as Gathered by Our Correspondent.

H. C. Gettig is at present visiting friends and relatives in Clinton county. Miss Jennie Weibly opened a term of summer school on Monday, with sixteen scholars in attendance. John Kelligan who has been away from home about seven years has returned; his many friends are glad to see him again. On Tuesday every one was surprised at the fall of snow, which continued all day; this cold spell has no doubt frozen a great deal of the fruit which was budding.

Frank Wieland will open his store in the Hess building as soon as the necessary arrangements can be made. The building has been undergoing some remodeling, which will give it a nicer and cleaner appearance. In making mention of the movings we failed to mention the flittings outside of town, not wishing to slight any one we make mention of them this week. Cyrus Durst, who lived south of town, moved to Boalsburg, and Ezra Tressler will occupy that farm; W. Garbrick, of Rock Springs, moved on the Ishler farm, vacated by Tressler; Calvin Coble moved to Oak Hall and George Markle will occupy the house he vacated; Sam. Gross started up housekeeping in the house vacated by Wm. Worrel, on Church street; Frank McClintie will move into the tenant house on the Van Tries farm, formerly occupied by Wm. Cooney.

Potters Mills.

J. S. Reish has a new hostler for a change. Frank Royer is building an implement shed. Miss Linnie Evans is still on the sick list. Mr. Carner, of Hublersburg, is visiting at the home of Wm. Stover, at this place. There will be some empty houses in our town this year, as they are not all occupied yet. Mathias Parker has been receiving toll since Mr. Confer moved; Mathias says he will have the road in better shape soon.

There was an April fool letter written by a couple young ladies to a couple gentlemen at Colyer, and the boys came and were disappointed, so the girls say.

Moving time is about over; J. W. Smith leaves this week with his family for Reinsburg, Bedford county, where he will engage in the tannery business.

A number of young men and ladies from other localities are attending school here. Movings and big dinners are past for the season, next will be picnics and festivals. Ed. Urb, of State College, spent Sunday in this town. What's the attraction Ed. - The K. G. E. Lodge had a sermon delivered for them by Rev. Rearick on Sunday night. Miss Bella Jones, of Altoona, is attending our High school, preparing for teaching.

REBERSBURG.

The Incidents and Happenings from Down the Valley.

Harvey Burd and Oliver Granley made a business trip to Lock Haven this week; they returned Tuesday. Our summer term of school has opened; quite a number of students are attending and expect many more. Charley Miller bought Cal. Zeigler's bicycle the other day, and now he is seen riding on the streets every half hour. Our new landlord, A. L. Nearhood, papered the bar and dining rooms; the rooms certainly make a fine appearance. On Monday afternoon Misses Annie Nearhood, Orpha Bierly, Forest Ocker and Harry Corman were out for trailing arbutus. Our boys are trying to organize a base ball club, and are progressing rapidly; the citizens are subscribing freely towards it. There is a rumor afloat that Herb. The new blacksmith shop is full of business all the time; a great many horses are shod daily. Dr. Leitzell and John Horner have each recently purchased a fine bay horse. Both horses appear to be movers. The planing mill is being rapidly constructed, and at the present rate of progress will be ready for action before many weeks. With the oncome of summer weather the base ball has made its appearance, and many are seen loosening up their stiff joints preparatory to making a clean sweep this season. Michael Smith, of Potters Mills and Lowell Smith, of Pine Grove, have been helping the Smith Bros' delivering furniture and doing undertaking work, the past few weeks as they had too much to do without extra hands.

In a letter from Georgetown dated Dec. 20th, 1799, says, on Wednesday last, the mortal part of Washington the Great, the Father of his Country, and the friend of man, was consigned to the tomb with solemn honors and funeral pomp. On the ornament at the head of the coffin was inscribed "Surge ad Judicium; deo the middle of the coffin, "Gloria Deo," and on the silver plate "General George Washington, Departed this life on the 14th of December, 1799, at 63. Speaking of the funeral it says: Between three and four o'clock the sound of artillery from a vessel in the river firing minute guns awoke afresh our solemn sorrow; the corpse was moved, a band of music with mournful melody melted the soul into all the tenderness of woe. The procession was formed and moved in the following order: Cavalry, Infantry and Guard with arms reversed; Music and the Clergy, then the General's horse with his saddle, holsters and pistols, then the pall bearers; Col's Simms, Ramsy, Payne, Gilpen, Marsteller and Little, followed by the Mourners, Masonic Brethren and citizens. After giving an account of the arrival at the base of the elevated lawn on the banks of the Potomac, where the family vault was located, also the burial ceremony, concluded in the following manner: "The sun was setting; Alas! the Son of Glory was set forever. No, the name of Washington, the American President and General will triumph over Death. The unclouded brightness of his Glory will illuminate the future ages." It also contains the proceedings of Congress in reference to the sad event; the Senate's address to President John Adams relating to it, and the President's reply. The whole account, the above being simply an outline, is certainly very interesting reading. The newspaper also contains quite a number of quaint advertisements, for instance: For sale, one-half of a saw mill, also a healthy active negro wench; Samuel Freer advertises seasonable goods for cash or produce, and adds that ashes will be taken at the store. A red bull is advertised as having strayed away, any one returning him will be thanked; riabrough & Jansen announces that they have dissolved, and all persons having accounts are to come up at once and settle, so that they can divide the property. The foreign news is limited to a dozen or twenty lines, and about three months old. The newspaper looks decidedly odd and ancient, being a sheet 22 by 18 inches, about the size of a single page of the REPORTER, containing only four columns to the page, simply a miniature newspaper when compared with the journals of today.
