How He Gets Rid of Potato Bugs.

An expert potato grower has learned to lessen the ravishes of potato bugs by anticipation. Just before the plants make their appearance above the ground he scattered potato parings plentifully over the potato field, covered with an ample dressing of paris green. The first crop of beetles is thus taken care of and the summer's battle is half won.

Degraded the Flag.

An Altoona merchant has been sued under "An act to protect the American flag from insult or degradation," approved April 29, 1897. The merchant's alleged offense is having pasted on his newspaper advertisement a small flag which could easily be taken off and used on the lapel of one's coat.

Odd Fellows Picnic.

The Odd Fellows of Centre county will hold their annual basket picnic at Hecla Park on Wednesday, June 8th. An effort will be made to secure a special return train from Bellefonte to Cobern in the evening to accommodate those from this valley who wish to attend.

The Reformed Classis.

The attendance upon the Reformed Classis which held its sessions here last week, was full as to ministers and delegates, with quite a number of visiting members of the denomination. The Sabbath services were attended by crowded audiences, which had the benefit of able sermons and excellent music. The members of classis were the recipients of the kindest hospitality from the citizens and departed highly pleased with their stay here.

Sunday Newspaper Race.

Sunday papers reached here last Sabbath morning at 10, being brought over from Lewistown to Bellefonte in two wagons by Cruse of Bellefonte, the number was 1800 copies. A rival party, Baum of Bellefonte, got his papers off the train at Lock Haven. It was a race between the parties to reach Bellefonte first. Baum, it appears, reached Bellefonte about an hour ahead.

He is Patriotic.

John Uzzle, proprietor of the Washington house, at Snow Shoe, has erected an immense flag pole on his premises from which floats the breeze a beautiful American flag. The ceremony attending the raising was attended by many residents of the place and the exercises were appropriate to the occasion.

Memorial Day Services.

The Spring Mills Camp, Sons of Veterans, have accepted the invitation of Samuel Shannon Post, No. 282, G. A. R., to attend the Memorial sermon, which will be delivered by Rev. Eisenberg in the Reformed church, on Sunday, May 29, at 10 o'clock, a. m.

Met at Bellefonte.

The United Evangelical Christian Endeavor and Sunday School Convention is in session at Bellefonte. Forty ministers and fifty women delegates are present. Rev. Goodling delivered the address of Welcome.

Raised the Flag.

A large flag 10x20 feet, was swung to the breeze Tuesday morning across the diamond. The flag was purchased through the efforts of Charley Arney and John Van Pelt, who solicited subscriptions and to whom all credit is due for this patriotic effect. A fine large pole over sixty feet high was planted at the corner of the Lutheran church. The weather signal flags are put in service here giving the probabilities for the day as sent out by the weather bureau. The new flag is suspended on a rope between the large staff and a high tree aside of the hotel. The school board has ordered a large flag to be hung on the belfry of the school building. The citizens about the station are making an effort to secure a large flag also. With all these the town will not be lacking in showing its colors.

Individual Communion Set.

On last Sunday morning the Holy Communion was celebrated in the Reformed church of this place, it being the last day of the meeting of Classis. On this occasion for the first time in this part of the county, the individual communion set was used, which the members recently procured. The one common cup, heretofore almost universally used, is done away with by this system. It is a well known fact that there is always a great deal of unpleasantness as well as immediate danger incident to the old form of one cup. The danger is from a sanitary point of view. Microbes and disease germs are very liable to be conveyed from one lip to another, and in this age people lay great stress on this question. The unpleasant feature, and one which tends to detract much from the true spirit of the occasion, is, when, a communicant knows that a fellow-communicant has very recently risen from a bed of sickness, having been confined on account of some infectious disease. With this knowledge, although probably at the time there may be no imminent danger, it very naturally brings about a certain feeling of unpleasantness to a more or less degree. From a sanitary standpoint the innovation is especially commendable. However we think that the original symbolic idea is conveyed where all drink out of the one common Communion cup. The individual set consists of a number of small glasses arranged on a tray which is perforated with receivers into which the glasses perfectly fit. The system can be carried out without much friction and it seems to give universal satisfaction.

Showing the Queer.

Monday afternoon a young man aged about twenty years, arrived in the town on the 3.00 train from Bellefonte. He was fairly well dressed, and stopped at the hotel. When he came to pay his bill he attempted to work off on Landlord Runkle two half dollars and a quarter, all counterfeit. Mr. Runkle discovered the nature of the goods at once and promptly handed the coin back. The fellow left the town the next morning, going east. The merchants and others in town were warned of the fellow, and his predilection for shoving the queer, and he did not succeed in getting rid of the stuff.

When Writing to Soldiers.

The postoffice department wants all persons writing to soldiers to put the full name and address of the sender either upon the envelope or enclosure. The rank, company and regiment of a soldier should be included in the address to insure prompt delivery. But should the location of the regiment be unknown to the writer, the remainder of the address will insure safe delivery. The department will appoint at once postoffice inspectors for the purpose of looking after the mail intended for the troops. They will constantly be in touch with the troops, and provide ways and means for delivering the mail.

Child Picked Up a Rattler.

Near Rauchtown a few days ago a young child of Oliver Weidler, while playing on the grass, picked up what it thought was a piece of sausage. The exclamations of the child attracted the attention of a member of the family who was horrified to see a rattlesnake in the child's hand. The reptile was killed and measured over three feet in length.

Visited the Cave.

Friday afternoon the ministers and delegates in attendance at the sessions of the Reformed Classis, were taken to the cave to give them a treat in the sights and grandeur of this famed cavern. The conveyances were supplied by the members of the Reformed church, and it was a most enjoyable outing for the visitors.

Death at Madisonburg.

Mary, the widow of Adam Shaffer, died on Monday morning, 16, aged 79 years. Three children are left to mourn her loss: U. S. Shaffer and E. S. Shaffer, of Madisonburg, and Mrs. J. W. Hazel, of Spring Mills. She was an active member of the Lutheran church.

Appointment Recalled.

The appointment for services in the Presbyterian church at Centre Hill, next Sabbath, May 29th, is recalled.

Harry Reeser Meets an Untimely End in a Field.

When Ammon Gramley, who resides on Dr. Smith's farm, near Clintondale, walked out into one of the fields, Saturday evening, 14, he met a sight which he will not soon forget. He found a boy, whom he had taken to raise, Harry Reeser by name, lying under a heavy land roller with his life crushed out. He thinks the boy had been driving the horses for about an hour after dinner. The roller was going over a gully, and the boy must have felt himself being jostled off, when he evidently yelled "Whoa" to the horses. He must have fallen under the ponderous machine, and by the time the animals stopped the roller was on top of the boy. As he could not start the horses again, the animals stood still until 5 o'clock when Mr. Gramley came out and saw the result of the accident. The body of the dead youth was taken to the farm house, prepared for burial and was shipped to the home of deceased's parents at Danville. The boy was about 10 years old. -Centre Democrat.

Closed a Water Ditch.

The part of the ditch dug last summer, from the boro' line towards the Bible spring, was closed up again this week, since the quantity of water to be had from said spring was sadly misjudged by our esteemed councilmen although told by many not water-wise that the spring was far from having the needed quantity. This part, of the boro' plant, about one mile, would have been completed last summer at an expense of some \$2500 had it not been for the injunction served at the time and a large sum of money would have been wasted. The council deserve credit for filling up the useless ditch thus wisely heading off possible accidents.

Postoffice Re-established.

After a delay of a couple months and with much inconvenience during that time, the people of Tusseyville, will again be provided with mail facilities. The Department discontinued the office, but through the efforts of Congressman Arnold it was re-established, and W. F. Rockey appointed postmaster. The office will be opened as soon as Mr. Rockey receives his commission. It will be kept in Swartz's store as before. Mr. Rockey has appointed Thomas Swartz his assistant.

Guard Against Stealing Wheels.

The Pennsylvania division, L. A. W., offers a reward of twenty-five dollars for the arrest and conviction of any person stealing a wheel belonging to a member of the organization in this state.

Clinton County News.

Arthur Labar, 14 years of age, who resides near Westfield, while out in the woods the other day with his dog had a lively experience. The dog discovered three large raccoons eating wintergreen berries and at once gave them battle. The three coons made a vicious attack upon the dog, and young Labar, disliking to see his dog chewed up in this manner, seized a club and killed all three.

The trial of the case of Wm. Quigley and Hannah Quigley, his wife, against the city of Lock Haven, ended Thursday morning with a verdict of \$8,000 for Mrs. Quigley and \$200 for Mr. Quigley. The suit was for damages for injuries received by Mrs. Quigley, who fell on the sidewalk at East Park st., March 7, 1896.
