PENNS VALLEY **BARGAIN STORE...**

Spring Mills, Pa.

We Are On Deck!

With the largest and most complete stock of goods for the Spring and Summer that we ever received before. Every department in our large store has been filled up with all that is the latest, and we are positive that the new stock will please even more than ever. In our

Dry Goods and Clothing.

All the latest and most stylish fell to our lot in buying. New patterns and shades appeared this spring and our lines are made up entirely of such. The ladies will be pleased to find something up-to-date and stylish. Our Prints, Ginghams are exceptionally fine and we would ask that an inspection be made of them. Curtain Goods of every description. Our Dress Hats are the latest shapes, suitable for the seasons.

Window Shades.

We have received a full line of Window Shades, which are being offered at tempting figures. We have them from 10c. up on roll fixtures.

HE best way to reach the public is by advertising. We are

here with our Spring advertisement to tell you that we are in business deeper than ever; that our stock is larger than ever; that our goods are better than ever, and that our prices are as low and lower than ever, notwithstanding the fact that manufactured leather goods are higher than ever and leather has advanced more than ever.

We are not advertising any catch goods. What we have in stock is good goods, and will be sold for just what they are in reality. It is customary to say in advertisements that "our prices are the lowest," and anything else that looks well on paper. We don't believe the public should be imposed upon even in advertisements. We have gained a reputation since we are in business that we are jealous of and propose sustaining that reputation so long as our sign announces our business. That reputation is fair and honorable dealing and prices that give us but a living profit -no more can be asked by any one. Our present stock consists of a complete line of all kinds of harness, both factory and handmade. Also, riding bridles and saddles. Collars, sweat pads, and flynets are the most sought after now. We have a full stock and can suit all in styles and quality. Trace chains, hames, halters, tie ropes and whips are always needed and a full line is always on hand. Besides a full supply of general saddlery hardware you will find horse brushes, curry combs, harness oil, axle grease, shoe soles, and anything else in our line.

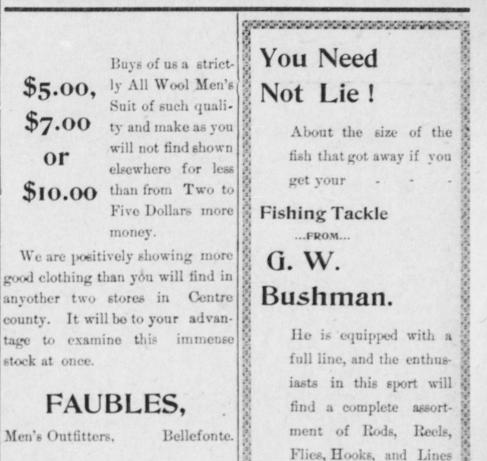

Dr. Hess' Poultry Food, Dr. Hess' Panacea, and Dr. Hess' Instant Louse Killer are recommended from experience, as are also Dr. Scott's Hoof Paste and Family Remedies.

We are always ready to exchange our goods for any kinds of grain. We can sell you any kind of buggy and carriage you may want. The price depends only upon the quality. A good livery is attached to our business, which is conducted to the advantage of those who happen to need its services.

Havana Feels Distress. The weight of the blockade has been felt in Havana for over two weeks. Business is almost at a complete standstill, and there is hardly any movement in the streets, which have a sort of holiday appearance. The parks are almost deserted and there are very few people to be seen on the Plaza de las Armes at night, although the band plays there and everything possible is done to keep up the spirits of the people. There is a feverish desire to leave the island, and over 5000 people applied for passage on the French steamer Lafayette when she left there recently.

Good News.
