CENTRE HALL, PA., THURS. Sept. 29

This is the year when Billy Arnold will be Halted in.

Our congressional tug will be Hall against Arnold, with no prospect of the latter's being able to walk the crack.

Our county ticket gives satisfaction with our state ticket. Upon the whole we have good men and splendidly competent.

Jenks is drawing immense crowds in the western part of the state, and his powerful arraignment of Quayism is shaking up the dry bones of the corruptionists.

No Democrat can afford to leave his party this year to compliment Dr. Swallow. George A. Jenks is the only candidate in the field qualified for the office of governor of Pennsylvania, and every good citizen should support him.

It is announced that 10,000 Spaniards in Porto Rico refuse to live under the American flag, and have demanded that they be returned to Spain at the expense of the Spanish Government. Uncle Sam can be glad for that, it will afford a good opening for that many of his children, who will be a blessing in Americanizing Porto Rico.

It would not be surprising to the rest of the world to wake up some morning and discover that France has a good sized revolution on her hands. And a revolution would mean the probable overthrow of the French republic. The army in France has been plotting for years to rule that country, and it has almost accomplished its object. The outrage upon Colonel Piouart may be the last straw to break the people's patience, and civil war may come as a result of usurpation of power by the military.

The fight in the state and county is not so much against the Republican party as it is against corrupt Quay bossism of which the honest portion of the Republicans are as tired as it is loathsome to Democrats who are willing to join with the Republicans to wipe out the corrupt Quay machine. In many counties the Republicans have placed in nomination anti-Quay men for assembly and these will receive Democratic support, while Republicans will vote Jenks and against Stone who is owned by Quay.

In our county the Quay men have set up Townsend and Daly for assembly. No honest voter, Democrat or Republican, can consistently vote for these gentlemen as they would vote to perpetuate the corrupt Quay domination.

The authorities of Reading are now under bail for maintaining highway nuisances; an indictment has been found against the Mayor and Councilmen of Carbondale on the same charge and before Judge Bechdel, of Schuylkill county, on Wednesday last, a jury awarded Lewis Draibach \$300 damages against the borough of Schuylkill Haven because the Councilmen permitted water to overflow a road near the plaintiff's premises to his inconvenience.

Remarks the Philadelphia Press:—The people of the State are getting a better understanding of the law governing Councilmen and other public officials, and there is a calling to account in various quarters.

There is strong talk in Washington about forcing Gen. Miles out of his position as the commander of the army if the position itself has to be abolished for that purpose. It is said that Secretary Alger and Adjutant General Corbin are bent on taking this step, and that their influence will probably be great enough to overcome the President's personal approval of Miles, and cause him to make the desired change. If anything of this kind is done, Alger and Corbin, and McKinley, too, will be very sorry for it a little later. The country knows Gen. Miles; it has confidence in him. It has none in Alger and Corbin, and while it still has confidence in the President he could do nothing to forfeit that confidence more quickly than by sacrificing a man like Miles at the demand of the politicians in the War Department, remarks the Philad. Ledger.

Private W. H. Bowden, who is on the Democratic ticket for Lieutenant Governor, was badly wounded and left on the field at Antietam. He was left there to die, but a brave Allentown German named Ignatz Gresser, in the heat of the fight, returned to the line and rescued Comrade Bowden from almost certain death. The brave act of Gresser has been rewarded by a medal of honor by congress. Capt. DeLacy who is the Democratic candidate for

Secretary of Internal Affairs, went into the army as a private soldier and came home a captain, and for his daring and bravery was awarded a medal by Congress, and is to-day Senior Vice Commander of the Medal of Honor Legion of the United States. Now, if the soldier business means anything in a campaign and if the fraternity among old soldiers has really grown into an affectionate regard and fraternal bond then ought the G. A. R. of the State honor by their votes the noble comrades above named and so well known in the State for their personal fitness and unassailed records. Then, too, the State ticket upon which these men are placed is headed by the truest patriot.

**BIGOTRY'S LAME EXCUSE.**  
The Philadelphia Ledger confesses the incurable dishonesty and danger of Quayism, and the great ability and high moral character of Mr. Jenks, but refuses to support that gentleman because he voted for Bryan in 1896. His election, it contends, would be a calamity, because it would "bolster up the cause of Bryanism."

The Ledger says: "Consider what would be said about a Democratic victory in Pennsylvania! Such an unusual occurrence would call for comment in all parts of the Union. The Bryan papers would declare that the candidate elected represented the free silver idea; that he was an open advocate of Bryanism and free silver in 1896; that he was placed in nomination by Bryan adherents, and that the people of Pennsylvania, knowing this, had elected him Governor. Republican and Sound Money Democratic papers would be forced into explanations. They would show that, although tainted with Bryanism he was elected on state issues, and throughout the land the Bryan forces would be strengthened and encouraged, and the advocates of free coinage would be misled into a renewal of the contest in the false hope of capturing the east."

What a pitiful excuse for a failure to perform a plain duty the Ledger makes! It admits that the moneys of the state are squandered and stolen, that the Republican party is hopelessly in the toils of the corrupt Quay machine and that Candidate Stone is a mere creature of that machine, but prefers an indefinite continuance of that rule, to the election of an upright and highly capable man, because he is a Democrat. Could bigotry go farther than this?

**WOULD BE PARDONED.**  
Dr. Swallow challenged Quay's candidacy for governor, Wm. A. Stone, to a public discussion of the robberies committed by the recent Quay legislatures, by which the state has been bankrupted. Stone refused to accept the challenge, using the dodge that if Swallow knew of any steals his duty would be to prosecute the guilty ones, and have them punished.

Very good. But candidate Stone knows in advance that a prosecution of Quay's tools in courts under Quay's influence, would be a farce, and that delays and bribing of witnesses would be resorted to to defeat the ends of justice.

Stone also knows in advance if there was a prosecution and conviction of the thieves belonging to the machine, that Quay has a pardon board at his command to set the condemned rascals at liberty before they get behind the prison bars. This happened before.

When the lamented Charles S. Wolf prosecuted William H. Kemble, Petroff and others for bribery and corruption, and had them convicted and sentenced, didn't a corrupt pardon board of which Quay was a member pardon Kemble, Petroff and the rest immediately? and didn't Wm. A. Stone himself approve of the pardoning of the convicted corruptionists?

Every reader of the Reporter remembers the more recent prosecution of the saint John Barsley, who had stolen a million of the public money, for his and the benefit of the Quay machine. He was prosecuted, found guilty and sentenced, but an equally guilty pardon board under the thumb of Quay, pardoned the thief John Barsley to stop him from telling who shared with him the stolen money. Didn't Wm. A., the candidate of Quay, approve of that pardon too?

But, the trial of the rascals, thieves, and corrupt gang that is on board the Quay machine, is now going on before the High Court of the People of the Commonwealth, who will pass a sentence of "guilty" upon the Quay-Stone-Elkin gang, which no infamous pardon board can set aside. George A. Jenks is pushing this prosecution, and the defendants, Quay, Stone, Elkin & Co., are shaking in their boots.

A treasury circular states the amount of money in circulation in 1890 is given at \$4.90 per capita; in 1891, \$7; in 1892, \$6.96; in 1893, \$6.69; in 1894, \$10.91; in 1895, \$12.02; in 1896, \$13.85; in 1897, \$20.57; in 1870, \$17.50; in 1880, \$19.41; in 1893, \$22.82, and in 1898, \$24.74.

**A CRITICAL TIME**  
During the Battle of Santiago.  
**SICK OR WELL, A RUSH**  
NIGHT AND DAY.

The Packers at the Battle of Santiago de Cuba were all Heroes. Their Heroic Efforts in Getting Ammunition and Rations to the Front saved the Day.

P. E. BUTLER, of pack-train No. 3, writing from Santiago, De Cuba, on July 23d, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa. For sale by J. H. Ross, Linden Hall; S. M. Swartz, Tusseyville; F. A. Carson, Potters Mills; H. F. Rossman, Spring Mills.
