

THE RACKET.

No. 9-11 Crider's Exchange, Bellefonte.

Have U Selected Ur New Fall Costume Yet!

We are ready and you wont be offered the hap-hazard choice of a buyer who was not posted. We stand very close to the importer and manufacturer, and offer U patterns and styles not to be found elsewhere in Centre co. Every store can't get first choice. We do get it. Its a point worth remembering when U start out for that new dress.

The "Gold Medal" line of Black Dress goods, every yard guaranteed perfect and true to price. Botany Mills specialties in all desirable shades and weaves, stamp our Dress Goods Department as first-class.

The Dress Lining Department is one of the best in the store, and if U buy Ur own linings, we can help U get just what is required and save money for U too.

Butterick Patterns, Delineator, etc., for November now ready. Too much to talk about. Kom and C.

G. R. Spigelmyer.

Fall and Winter Wraps...

As the cold weather approaches you will be selecting a wrap. We are sole agents for the "Bie-field" Wraps, and can show you the latest styles in

Jackets, Coats, and Capes,

from which to select, and at prices that will enable all to buy.

Wolf & Crawford.

Foster's Weather.

My last bulletin gave forecasts of the storm wave to cross the continent from the 7th to the 11th and 13th to 17th.

The next disturbance will reach the Pacific coast about the 18th, cross the west of Rockies country by close of the 19th, great central valleys 20th to 22d, eastern states 23d.

Warm wave will cross the west of Rockies country about the 18th, great central valleys 20th, eastern states 22d. Cool wave will cross the west of Rockies country about the 21st, great central valleys 23d, eastern states 25th.

Temperature of the week ending 8 a. m., October 24, will average about normal east of the Rockies and below on the Pacific slope. Rainfall for the same week will be above normal east of the Rockies and below on the Pacific coast.

During the week ending October 24 the temperature will go to great extremes. A wave of high temperature will cross the continent east of the Rockies, followed by a cold wave.

About the time of that cold wave killing frosts will penetrate northern portions of the cotton belt.

A Good Joke.

In a neighboring town where the style among the elite has lately come to them to send out cards on the birth of a child, was topped off by a citizen who had a cow that a few days ago gave birth to twin calves. He had cards issued to his friends, the two cards were tied together with blue ribbon, on one was Mr. and Mrs. J-E-B-on the other card was Gen. Shaft-er and Miss Barton. As the cards did not mention that they were calves, congratulations and letters of surprise have been rolling in on the couple.

Died at Fillmore.

Charles S. Musser, a well-to-do farmer, near Fillmore, died on Monday afternoon at his home from an affection of the stomach. He was aged about 42 years, and leaves a wife and four children.

Truth wears well. People have learned that De Witt's Little Early Risers are reliable little pills for regulating the bowels, curing constipation and sick head ache. They don't gripe; or sale by Smith & Crawford.

KILLED BY A TRAIN.

A Woman at Bellefonte Decapitated on the Railroad.

On Monday evening after the 8.33 passenger train had left the depot at Bellefonte, some boys walked down the tracks, and stumbled over the body of a woman. A light was struck and one of the boys was horrified in finding that he was standing on what proved the face. The body was lying near the mill of Gerbrick, Hale & Co.

The remains were those of Mrs. J. Mitchell Gerbrick, head Miller in Gerbrick's mill, and she had been struck by the train. Her body was horribly mangled and the head was severed from the body. Coroner Locke held an inquest. The woman was struck by the engine which was running tank first out of Bellefonte.

Mrs. Gerbrick had been ill for some time, her illness slightly affecting her mental faculties. It is said that she had several times threatened suicide to end her troubles.

She was aged about 38 years, and leaves a husband and one daughter. She was a sister of Daniel Wion, of near Bellefonte, and of Mrs. Harry Swabb, of Centre Hall. Her maiden name was Emma Wion.

The remains were interred in the Bellefonte cemetery Wednesday afternoon.

Burglary in Daylight.

Last Wednesday afternoon the residence of Adam Decker, a farmer residing near Hublersburg, was burglarized. Mr. Decker and family were away from home during the afternoon, but before leaving the house had locked the doors and fastened the windows. The burglars pried open the window with a crowbar and entered the house. All the cupboards, bureaus, etc., were ransacked and the contents thrown over the floor. The intruders were evidently after cash for they took nothing but money. They secured a small amount of money in silver, which they took from Mr. Decker's pantaloons, and a check which they found in an envelope, for thirty dollars. There is no clue to the robbers.

Inducement to Grow Timber.

Owners of land having a forest of timber trees of fifty acres and not less than fifty trees to an acre, each tree to measure at least eight inches in diameter at a height of six feet above the surface, shall be entitled to receive annually from the commissioners of their respective counties, during the period the trees are maintained in sound condition, a sum equal to eighty per cent. of all taxes annually assessed on such fifty acres, or so much of eighty per cent. as does not exceed forty-five cents per acre. No person can receive a reduction on more than fifty acres.

Made Good Time.

Last Saturday morning a week John Van Pelt released a carrier pigeon which had been sent him for a trip to its home in Ithica, N. Y. The bird once before had made the fly from Williamsport, and from Centre Hall was over two hundred miles from its home. When released the pigeon started at once in a north-easterly direction and arrived home as John was advised very early Sunday morning. John received a pair of carriers and will start a loft.

A Bachelor's Growl.

The volunteers who went to war and put up with four months' cooking by a man who didn't know a stepman when he met it on the road will hereafter have some idea of the suffering of a man who marries a girl who can't cook and doesn't learn. Thoughts of having to put up with that kind of cooking till death steps in should make the returning soldiers very cautious in selecting wives. The law doesn't promise a mustering out process for a man who has no other reason for complaint than that his wife's meals don't suit him.

Millinery.

Have you been to Mrs. C. B. Boobs to see the new hats and bonnets? The largest display of trimmed hats ever seen in this town. Low prices; nice felt hats at 50 cents; felts at 58 cents. Come and see them. A nice selection of velvets for hat and dress trimmings; fancy feathers, wings, tips, all sorts of hat trimmings at low prices. Milliner store opposite the REPORTER office. You are cordially invited to call whether you wish to buy or not.

New Counterfeit.

A new and dangerous counterfeit half-dollar has made its appearance. It is made of lead with a little necessary ring, but it is soft and light in weight. The color is good and the workmanship exceedingly fine, making it hard to detect when not handled singly.

The Pheasant Season.

The season for pheasants will open on Saturday, the 15th. The hunters are already making arrangements for the opening day, and as the farmers report that the game this year is plentiful the indications are that the first day will see a great many bagged.

A stubborn cough or tickling in the throat yields to One Minute Cough Cure. Harmless in effect, touches the right spot, reliable and just what is wanted. It acts at once; for sale by Smith & Crawford.

STILL A SHORTAGE.

The Water Supply in Town Running on Half Time.

The water supply in the town from the new water plant of the boro has shown no improvement the last week over the week before, and the plant is running on half time for over two weeks now.

The number of consumers has not increased neither has the apparent supply, for the town was out of water as many hours the last week as before. At no time for over two weeks have the people had water after six o'clock in the evening, and the gates are closed down so that the supply can be saved for the next day. From Saturday evening until Monday morning again, no water was turned into the mains. The people profited by their experience of the week previous and filled every receptacle at hand.

The council laid nearly three hundred feet of 4 and two inch pipe from a spring into the reservoir. The flow of the spring is so small that it would not supply an ordinary leak in a service pipe. The spring was dug out in hopes of finding more water, but all flowed over the surface. The council has men at work digging trenches, getting in shape for turning into the upper reservoir the water which flows into the lower one down the mountain. The large reservoir will soon be completed.

Nurses Wanted.

The Associate Society of the Red Cross of Philadelphia is maintaining its hospital at Camp Meade. Patients too ill to be moved to city hospitals are taken there. Its capacity to receive all these cases is inadequate because of the Society's inability to secure experienced women nurses for the nominal sum of sixteen dollars per month. Nurses willing to make the sacrifice and to engage in this laudable work will kindly apply by letter or report to "The Committee on Nurses," 1501 Chestnut Street, Philadelphia. Funds are needed to meet the increasing demands upon the Society.

Refused to Pay.

Some of the taxpayers in the town refused to pay the boro tax of 4 mills assessed against them, claiming that it was illegal. There was little or no work done on the streets the last year, and the money from the liquor license almost paid for the expenses of lighting. The greater portion of the tax levied was spent on the water job, and the kickers insist that it should be properly assessed as a water tax. Some who paid did it under protest. The courts may be asked to determine the legality of the same.

The Latest Fad.

If you wish to be up-to-date you must carry your pet cat or dog with you when you cycle, letting it rest on your back or shoulder. That is a new fad among the freaks in New York City and it is reported as growing. One freak has made all the others green with envy by coming out with a parrot perched on the handle bars.

A Fine Crop of Apples.

It is reported that Wm. Fisher, the Unionville nurseryman, will pack 10,000 bushels of apples this fall. He has grown 7,000 bushels in his own orchards and will buy 2,000 bushels to fill his cold storage house. Each apple is wrapped in paper and packed away until sold.

The Blistered Arm Tramps.

The "war tramp" is abroad. He blisters his arm with acid and goes up to a back door with a pitiful tale of hardships he has suffered. At the same time he exhibits the arm and it seldom fails to bring something. He is a fraud and his class are working all over the country.

Very Plenty.

The chestnut crop is an unusually large one and they are sold at about six cents a quart. Some merchants buy them by weight instead of measure. Hundreds of bushels will be shipped from the valley to eastern markets, and considerable revenue will be derived from the fruit.

Attended Presbytery.

Huntingdon Presbytery was in session at Milroy last week. James Lee, of Farmers Mills, was the representative from the Centre Hall charge. Rev. C. C. Christine, pastor of this charge, and Joshua T. Potter and son Harry also attended the sessions.

Commissioners' Convention.

The state convention of the county commissioners of Pennsylvania will meet in the court house at Clearfield on October 19. An interesting program has been arranged. A large attendance is expected.

Death of Hannah Hoy.

Mrs. Hannah Hoy, an aged lady, died at her home near Shiloh, in Benner township, at the age of eighty years. She had been a sufferer for many years from general disability incident to old age.

Married.

At the Presbyterian parsonage, Centre Hall, October 5th, 1898, by Rev. F. F. Christine, Mr. Robert A. Miller, of Benner township, and Miss Ada F. Jamison, of Spring Mills.

TO BE MUSTERED OUT.

Company B to be Disbanded Tuesday, October 18th.

Captain Taylor is authority for the statement that Company B will be mustered out of the service on Tuesday, the 18th of October. The necessary discharge blanks are now being prepared. Among the sick are Fred Tebbs and Clyde Long, of Howard, who are still at the Altoona hospital; R. C. Daley, at home, Romola, who is recovering from an attack of typhoid fever, and Grenoble, of Pleasant Gap. Frank Wallace, who had his skull fractured, is still in the hospital and there is assurance of him pulling through. Bert Bayard, who is an orderly on Gen. Brook's staff, and was in the Porto Rico campaign, left there and is now at Santiago, and will soon sail for home.

The boys are glad to be mustered out and return to their former avocations, as they were not anxious to do garrison duty in Cuba, or elsewhere.—Centre Democrat.

A Father Finds a Murdered Young Daughter's Body in a Field.

Daisy Smith, aged 16 years, a daughter of Henry Smith, a wealthy farmer of Boiles Run, near Selingsgrove, was found murdered on Monday in a field near her home.

Her body was riddled with shot and there was a gaping knife wound in her throat. The affair is mysterious and although it is said the authorities have suspicions as to the identity of the murderer, no arrests have yet been made.

The discovery was made by the girl's father, who had sent Daisy to gather some herbs which he was to compound for treatment of a sick horse.

Wm. Krissinger, an ex-convict, was arrested on Monday night on suspicion of being the assassin. It is thought the murderer attempted to assault the girl and meeting resistance killed her. Krissinger has been seen in the neighborhood for a week and when arrested was at a watering trough washing blood from his hands.

Reduced Rates to Philadelphia.

For the Grand Peace Jubilee at Philadelphia, October 26 and 27, the Pennsylvania Railroad Company will sell excursion tickets from all ticket stations on its line, to Philadelphia, at rate of single fare for the round trip (minimum rate 25 cents.) Tickets will be sold and good, going, October 24 to 27, and returning leaving Philadelphia to October 31, inclusive.

This jubilee will be one of the greatest events in the history of Philadelphia. The rededication of Independence Hall, recently restored; the unveiling of the Grant Equestrian Monument, Fairmount Park; a monster civic and industrial parade, and a grand military and naval pageant, led by General Miles and other distinguished heroes of the late war, will be prominent features. The President and his cabinet are also expected to be present. oct13-24

Hang Up Your Stamps.

The commissioner of internal revenue has issued instructions to the collectors to notify the special taxpayers to post conspicuously in their places of business the stamps indicating payment of the special tax. The commissioner also calls their attention to the provision of the statute which imposes for such a failure a penalty equal to the special tax for which his business rendered him liable, and the costs of prosecution. The penalty in no case will be less than ten dollars. Where the neglect is done wilfully or by refusal, the penalty will be twice the amount of tax. This does not refer to banks, as special tax paid by them is assessed. It is the duty of the deputies to report any such refusal or neglect referred to.

Improvements.

Merchant Benner, of the Star store, has his new dwelling at the south end of town, almost under roof. He will not occupy it before next spring.

Clem Luse is rushing his new dwelling and will soon have it under roof. The brick layers have completed their work on the new grange hall, and plasterers are now engaged on the interior. The building is a handsome one, and will be the most imposing structure in the town.

A Jail Breaker Caught.

In May, 1897, William Hannah and George McCormick were arrested on the charge of breaking into the tailoring establishment of Charles McClelland, at Bellefonte. While confined in the jail awaiting trial the two effected escape and the commissioners offered a reward of \$50 for their capture. Hannah was arrested at Lebanon Monday and will be brought back for trial.

Cold Winter Predictions.

A cold winter, with lots of snow and rain, is predicted by prognosticator Cuthbertson, of Buffalo. His opinion is based on the fact that the year so far shows an excess of heat and it is the most natural thing in the world to suppose that one extreme will follow another. August last goes as the continuously warm and sultry month of its kind, breaking all records not for excessive heat, but uniformity.
