No quantity of onions will set McKinley to crying if Quay is not re-elected to the Senate, while all honest men would rejoice.

The Reporter's prediction that the whole Democratic county ticket would be elected by old-fashioned majorities, came true to the letter.

Secretary Alger says the elections vindicate him. Just now every wrongdoer in the country, from Quay to Alger, is shouting the elections have vindicated him.

Siam is to be represented again at Washington. That country's new minister has a name several sections long, and among his titles is "commander of the most noble order of the white elephant."

The Republican majority of 47 and plurality of 72 in the Fifty-fifth Congress has been reduced to a narrow margin. The Democrats have gained at least thirty and perhaps thirty-five or forty seats, besides cutting down the majorities of Republican congressmen in all parts of the country.

Wanamaker and the Business Men's League have issued proclamations that Quay cannot be elected senator, as a majority of the legislators were elected as anti-Quay men.

The Spanish peace commissioners respectfully set forth to the American peace commissioners that in their opinion Dewey's victory at Manila was unimportant. A little thing like the destruction of a fleet is of no importance to Spain.

One good result of the energetic and honorable Democratic canvass in Pennsylvania lies in the fact that we have won back many Democratic counties, we hope, to a permanent place in the Democratic column.

The size of a candidate's family is a political issue in Utah. When a candidate for office possesses two wives and two sets of children, his opponents raise the point that he ought to remain at home and look after his family.

A striking illustration of the difference in the condition of the working people of Europe and those of America is furnished by contrasting the staterage passengers who go West with those who go East on the big Atlantic steamers.

The commissioner of internal revenue has issued instructions to the collectors to notify the special taxpayers to post conspicuously in their places of business the stamps indicating payment of the special tax.

The new voting machine tried at Rochester, N. Y., marked a complete success. Although about 28,000 votes were cast, the exact result in all the election districts was ascertained in less than one hour after the polls closed.

De Witt's Witch Hazel Salve has the largest sale of any Salve in the world. This fact and its merit has led dishonest people to attempt to counterfeit it.

generation has become accustomed to using machinery for so many things that were formerly accomplished by hand that the prejudices against mechanical voting could doubtless be overcome if it were conclusively shown that this method possessed important advantages over the old-fashioned plan.

HONOR IN DEFEAT.

It is not usual to compliment the defeated general, says the Pittsburg Post, but the vitality, party unity and improved organization that the Democratic party of Pennsylvania showed on Tuesday were in a great measure due to the skillful and energetic leadership of Colonel James M. Guffey.

Mr. Guffey, fairly credited with these important achievements, is in no sense a political boss, for he neither holds nor desires office, has no patronage at his disposal, and no well-oiled or well-paid machinery at his command.

The average man, if asked what is the most important crop of the world would unhesitatingly say, "Wheat." This is true in the United States, but far from the case in the world as a whole.

CURIOSITIES OF THE VOTE.

An examination of the full vote of the State, says the Pittsburg Post, showing a total of 958,816, as reported officially and otherwise, presents some points of interest.

The Democrats carried at the late election 31 counties, the Republicans 35 and Swallow the one county of Lackawanna, leading Stone in that county 690 and Jenks 1,000.

The falling off in the total vote of the State from that cast for President in 1896 was 235,326. This table shows the decrease in the State vote for governor compared with the preceding presidential election since 1878.

Table with 2 columns: Year, Total Vote. Rows: 1878 (56,851), 1882 (191,116), 1886 (79,652), 1890 (178,356), 1894 (75,814), 1896 (235,539).

Hang up your Stamps. The commissioner of internal revenue has issued instructions to the collectors to notify the special taxpayers to post conspicuously in their places of business the stamps indicating payment of the special tax.

EXECUTOR'S NOTICE.—LETTERS TESTAMENTARY on the estate of George Krape, late of Gregg township, deceased, having been lawfully granted to the undersigned, he would respectfully request all persons knowing themselves indebted to the estate to make immediate payment, and those having claims against the same to present them duly authenticated for settlement.

COURT PROCLAMATION.—Whereas the Hon. John G. Love, President Judge of the Court of Common Pleas of the County of Centre, having issued his precept bearing date the 1st day of October, 1898, to me directed for holding a Court of Common Pleas and Orphan's Court, Court of Oyer and Terminer and general Jail Delivery and Quarter Sessions of the Peace in Bellefonte, for the county of Centre, and commerce on the 4th Monday of Nov., the 24th day of Novem., 1898, and to continue 2 weeks.

Wanamaker Says the Election is Really a Rebuke.

Mr. Wanamaker has published a statement scoring Quay, in which he says:

"The truth is the recent election is a most significant rebuke and defeat of Senator Quay and all he represents. His candidate for governor received a minority of the votes cast for that office, and is only elected because the opposition was not solidified upon a single candidate. Col. Stone is not the choice of a majority of the voters of Pennsylvania.

"Significant above all is the result of the election of members of the general assembly. The next legislature will be composed of 254 members; of these at least 155 are expressly commissioned by the people and pledged to vote against Senator Quay, and not more than ninety-nine in any contingency justify a vote for his re-election.

Mr. Wanamaker has deposited \$20,000 in bank, as a reward for any producing evidence that will convict any person guilty of bribery in the election of a U. S. Senator.

A little child of J. R. Hays, living near Colquitt, Ga., overturned a pot of boiling water, scalding itself so severely that the skin came off its breast and limbs. The distressed parents sent to Mr. Bush, a merchant at Colquitt, for a remedy, and he promptly forwarded Chamberlain's Pain Balm.

The World's Greatest Crop.

The average man, if asked what is the most important crop of the world would unhesitatingly say, "Wheat." This is true in the United States, but far from the case in the world as a whole. The first place must be given the potato. Of all the staple crops of the world, the potato takes the first place, the annual crop being more than 4,000,000,000 bushels, against 2,500,000,000 bushels of wheat and 2,600,000,000 bushels of corn.

For broken surfaces, sores, insect bites, burns, skin diseases and especially piles there is one reliable remedy, De Witt's Witch Hazel Salve.
