Uses the X Rays.

A hen farmer, who makes a business of selling eggs, has taken to examining his fowls with X rays to see if they contain eggs. It would be a good thing to apply the same test to some of the eggs sent to market to see if they contain fowls.

INCENDIARY'S WORK.

The Pine Stump School Building Burned Sunday Evening.

On Sunday evening between seven and eight o'clock the Potter township school building at Pine Stump, about a mile and a half west of town, was destroyed by fire, the work undoubtedly of an incendiary.

The school is taught by Thomas Moore. The building was of frame construction and had no fire from Friday evening when Tom closed for the week. The fire was discovered by Geo. W. Glace, who lives within a short distance. It was burning slowly in the vestibule inside the outer door, and had not yet communicated to the main building.

Sprung a Bad Leak.

During the last week the water leaking through the front embankment of the new boro reservoir, undermined the bank over the pipe, and a part of the facing wall caved in.

Found the Horse.

The horse which ran off for William Harshbarger, at Linden Hall, on Sunday night 12th, upsetting the buggy, and throwing him and a lady friend out, was found near Fillmore, above Bellefonte. After the accident no trace of the horse was learned until Friday, when it was located on a farm, about fourteen miles from where the accident occurred.

Prothonotary Smith, whose term of office expires Jan 1, has been spending considerable time on a small farm near Millheim, which he recently purchased. AN INTERESTING CASE.

And one in which the Constables of the State are Doubly Interested.

The constables of the state are waiting with much concern the decision of the Supreme Court in a case which has just been argued in Pittsburg.

It involves the question of whether a constable is entitled to 50 cents for each witness subpoenaed, regardless of how many names are on a printed form, or whether he is only entitled to 50 cents for serving the entire paper.

The case originated in Lancaster county, where Commissioners claimed that Constable William Price was not entitled to 50 cents for each name, and the Common Pleas Court sustained the Commissioners.

An appeal to the Superior Court resulted in a reversal opinion rendered, that a Constable should have 50 cents for each witness subpoenaed, and now the Supreme Court is to decide finally on the important matter.

It would be rather interesting if the Supreme Court should reverse the Superior.

Hunting Notes.

Dr. Riter bagged a fine wild turkey about two miles below town on Tuesday. There are two or three large flocks of wild turkeys on our mountain, it is said.

The Bradford hunting party out in the Seven mountains have not landed any deer yet.

Charley Arney and Jim Sandoe are running up a large rabbit score, and they expect to exceed that of last season.

The Modocs of Boalsburg have made the best record for this year. Three bucks and a doe is their score. It will not be beaten. The deer are reported scarce.

A party from Shamokin killed six in the Seven mountains. Outside hunters and fishermen do much to deplete this wilds and streams of Centre county of game and fish.

New Railroad Project.

The West Branch railroad company was organized at Clearfield, on 15, by a number of capitalists of Clearfield and Lycoming counties. The road will be built from Clearfield to Williamsport, following the Susquehanna river the entire distance. It will open a section of Clearfield, Centre and Clinton counties now undeveloped.

A. Patton, of Curwensville, was elected president; H. B. Powell, of Clearfield, vice president; S. J. Dyer, of Curwensville, treasurer. John E. An Important Suit.

One of the most important suits to be tried at the next term of court, beginning next Monday, at Bellefonte, will be that of Mrs. Mary T. Fox, of Bellefonte against the Pennsylvania Railroad. She asks for \$10,000 damages for the killing of her husband about one year ago, by being run over by a coal car which was thrown in on a switch.

A Fine Galaxy of Instructors and Lecturers Selected.

The fifty-second annual session of the Centre County teachers' institute will be held in the court house, Bellefonte, from Monday, December 19th to Friday the 23d inst. From present indications it will be one of the most pleasant and profitable institutes ever held in the county.

Y.; Wednesday evening, lecture, "Character Building," by Prof. John DeMotte, A. M., M. D., Ph. D., of Bryn Mawr, Pa.; Thursday evening, lecture, "The Last Days of the Confederacy," by Gen. John B. Excess Checks Again.

Shortly after the law revenue law went into effect, both the Philadelphia & Reading railway and Pennsylvania railroad company discontinued the issuance of excess checks to all passengers who purchased their tickets from the conductor, as under a ruling of the internal revenue department, it was compulsory to affix a 2-cent stamp on all checks of this nature issued. The matter was carried to the United States attorney general and he recently decided that no stamp was necessary on these checks. The railroad companies mentioned above have been notified of this decision and they in turn have notified their conductors to resume the collection of ten cents excess and to issue as before an excess check.

Policy Holders Must Pay.

Judge Endlich rendered an interesting decision in an insurance case in Reading the other day. In the suit of the Susquehanna Mutual Fire Insurance Company, of Harrisburg, vs. H. W. Wheeler, he gave binding instructions to the jury to return a verdict for the plaintiff. This case decides that a policy holder in a mutual company is responsible for his share in the payment of all losses while his policy is in force, even if the assessments to pay those losses are not levied until after his policy has expired.

Attempted House Breaking.

Late Monday evening an unsuccessful attempt was made to break into the residence of G. S. Clements, down street. Mr. Clements was away from home, and the robber evidently aware of this fact tried to pry open one of the front shutters. The noise awakened Mrs. Clements, and she alarmed the neighborhood. Across the alley lives Dr. Riter, who owns a large dog. Doc heard Mrs. Clements' screams and sent his dog after the robber, but the man got away. The shutter shows marks where the chisel was used in forcing the fastenings.
