"No trial, no caucus," is what the leaders say about Quay's delay.

Quay is making all possible speed to have his trial delayed.

The two judges of the supreme court deserves another.

The prospects for a fusion of Demowill oppose a fusion.

Marsh, the President of the wrecked had been in hiding for several years livered himself up, was on Tuesday sentenced to twelve years imprisonment. He broke into weeping when Judge Butler pronounced the sentence.

The peace treaty has been signed and as soon as it has been ratified by the United States senate peace between the United States and Spain not been elected governor of Pennsyl- ing fish. vania Spain would have started up the war again.

No Democrat favoring Honest Government will oppose a fusion of Democrats and anti-Quay Republicans in the organization of the House at Harrisburg. Jenks, Guffey, Wanamaker, the Record, the Press, and a majority of the voters of the state, favor a fusion to defeat the machine and inaugurate Honest Government.

The President is weakening on his pet purpose of annexing the Philippines. The arguments of leading Republicans and Democrats, have set the President thinking. For Uncle Sam to have the care over ten millions of barbarians is a matter to be well considered; too great haste may prove unwise. Our famous Monroe doctrice would be set aside by the adoption of Imperialism. It is rumored that Japan has offered two hundred million dollars for the Philippines. Let the Japs have them.

Gov. Hastings knew what he was doing when he undertook to restrain the CapitollCommission and keep it within the law. He was defeated in the courts, and the result is that the commission has loaded upon the State a job for which there is no law, but for which the Legislature at every session for many years will be asked to make an additional appropriation. It is one of those things, like the Albany Capitol and the Philadelphia City Hall, which is likely to cost a great many millions of dollars, and go on indefinitely. A more scandalous outrage has not been perpetrated upon the people of Pennsylvania in many years. The Legislature, instead of appropriating additional money, should comof its conduct.—Phil. Press.

Another United States Senator is on trial for looting a bank. It is Kenney of Delaware. He obtained the better of the bank's cashier, and with his aid and false entries, big pulls were made upon the bank's funds, and it was wrecked. This week was set for the trial of Senator Quay, who is charged with being unlawfully free with the state's funds in a Philadelphia bank, using the money in "Met." and other stock speculations, in collusion with bank officials, and for which favors he promised "to shake the plum tree." And the bank was shaken off its foundations. This thing of bank officials using depositors' funds for speculating in stocks is becoming a crying evil, other bank wrecked," and hundreds of depositors losing their

conspiracy in misuse of the public funds. He has called his opponents John Wanamaker, former Judge Jas. Gay Gordon and others who have

water up to his chin. When the suit was brought he made light of it and said he demanded a speedy trial and was able to show his entire innocence. Then he wiggle-waggled to have the trial postponed until last Monday. Now he has applied to the Supreme Court which granted him another postponement, upon his allegation that justice will not be done in Philadelphia, his old Republican stronghold, and asks that the case be tried elsewhere!

But to what county will he go that did not give him a trial at the polls at the recent election in which the great court of the people rendered a verdict against him?

The State fish commission recommends to fix at least a six-inch limit of size for the killing of any species of trout, and to make the minimum size who granted Quay a postponement of at which black bass may be killed nine his trial, were appointed to the bench | inches, instead of six. Good enough, by Quay's influence. One good turn but will not persons who violate the 5 inch trout and 6 inch bass law just for De Witt's Witch Hazel Salve the as freely violate a 6 inch trout and 9 In view of Quay's attempts to put inch bass law? It is not the minioff his trial the Pittsburg Republican | mum catches so much that make these leaders say, "No trial no caucus." This | fish scarce, as it is the other methods means if the boss don't prove himself of illegal fishing, by nets, dynamite, innocent, they don't support him for pollution of streams and fishing out of

No friend of Reform and we have 150,000 trout. Now we know from opportunities of observation, that there are not over 20,000 trout, under and above 5 inches, caught Keystone Bank, of Philadelphia, who in season with hook and line. Thus we see that the surplus and annual but returned a few months ago and de- addition of fry, should leave our waters alive with trout, if there were no other means used to kill these fish.

It is our opinion, too, that any trout wounded by a hook, will die in a short time, after being thrown back into his native element, unless his injury is very light. Better then that the injured fish go into the angler's basket, and that a more vigorous war be inauwill be officially declared by President | gurated against the other illegal and McKinley. Gov. Leedy, Populist, of Kansas, since the next legislature will only remain Populist by hold-over senators, in that branch, while the House will be the opposite, intends to call an extra session of the old legislature, for December 19. Here are some of the bills to go before the Populist caucus: To reduce freight rates 25 per cent.; to reduce passenger rates from 3 cents to 2 cents a mile; to reduce sleeping car rates 50 per cent. ; to make it a misdemeanor for a sleeping car porter to accept a "tip;" to reduce telegraph, telephone and express charges 40 per

To establish State stock yards at a cost of \$100,000,000, the charges to be 50 per cent. lower than those of the stock yards company at Kansas City, and to establish a State insurance department to insure against fire, lightning and tornadoes at 50 per cent. less than the rates charged by the present companies.

Representative Walters, who in 1897 introduced a bill enacting the ten commandments into laws, says he will offer the measure again at the extra ses-

Possible Successor of Quay.

If the Philadelphia jury should convict the Senator, it is believed that there would be a general scramble Ito get into the Senatorial race. An informal canvass of the Pennsylvanians in Congress indicates that State Senator Magee, of Pittsburg, would be pushed forward, and in this connection a story is again in circulation, which was partially published a few weeks ago. Since the recent election, more than one intimate friend of Senator Quay has declared that if the latter is re-elected he will serve but part of his term and then resign in favor of pel the commission to give an account | State Senator Magee. This program has been laughed at by many Quay people, but there are those who insist that it has been mapped out. The resignation of Quay and the election of Magee are to be contingent, however, on the re-election of William McKinley. In the latter event, Quay is to have a Cabinet position, presumably the Army or Navy portfolio, and Magee is to have the Quay influence back of him for the United States Senate.

Two Pointed Questions Answered. What is the use of making a better article than your competitor if you cannot get a better price for it?

Ans.-As there is no difference in the price the public will buy only the better, so that while our profits may be smaller on a single sale they will be much greater in the aggregate.

Senator Quay has soared high for witnesses in the case against him for consplication in minutes of the public will and use only the better one.

This explains the large sale on Chamberlain's Cough Remedy. The people have been using it for years and for his defense, prominent among them have found that it can always be depended upon.
