CALIFORNIA.

Extraordinary Tour via Pennsylvania Railroad.

America is a great country. In variety and grandeur of natural scenery it is unrivaled. To traverse it, to behold its diversities and its wonders, is a liberal education, a revelation to the immured metropolitan citizen. The personally-conducted tour to California under the direction of the Pennsylvania Railroad Company, which leaves on Feb. 9, affords a most excellent opportunity to view the vast variety and boundless beauty of this marvelous land. The party will travel over the entire route in the model Pullman train of smoking, dining, sleeping, and observation cars exhibited at the World's Fair, Chicago, and subsequently at Atlanta, Nashville, and Omaha. This train will be placed in service for the first time on this occasion, and will be in charge of a Tourist Agent and Chaperon, who will look after all details of the trip, as well as the individual welfare of members of the party. Stops will be made at Mammoth Cave, New Orleans during Mardi Gras Carnival, El Paso, Los Angeles, San Diego, Redlands, Riverside, Pasadena, Santa Barbara, Monterey, Del Monte, Santa Cruz, Mount Hamilton, Menlo Park, San Francisco, Salt Lake City, Glenwood Springs, Colorado Springs, Manitou and Garden of the Gods, Denver and Chicago. Nineteen days will be spent in California. Round-trip rate, including all necessary expenses during entire trip \$400 from all points on the Pennsylvania Railroad System east of Pittsburg; \$395 from Pittsburg. For itinerary and full information apply to ticket agents; Tourist agent, 1196, Broadway, New York, or address Geo. W. Boyd, Assistant General Passenger Agent, Broad Street Station, Philadelphia, Jan. 12-21.

Baker Heirs are "Digging Up"

The Baker heirs have purchased the old Nipple homestead in Perry county, and are digging about their property for valuable documents said to have been buried there a century ago. The documents are said to contain evidence proving the title of the Baker heirs to a large portion of the land on which Philadelphia is built, and valuable tracts in Berks, Chester and Lancaster counties.

Mr. S. A. Faekler, editor of the *Micanopy* (Fla.) Hustler, with his wife and children, suffered terribly from La Grippe. One Minute Cough Cure was the only remedy that helped them. It acted quickly. Thousands of others use this remedy as a specific for La Grippe and its exhausting after-effects; for sale by Smith & Crawford.

The funeral of the late Daniel Weiland held on Monday was largely attended, and showed the high esteem in which he was held, and his sudden demise cast a gloom over the community; he was greatly respected by all who knew him.

Prof. Waring, of Tyrone, arrived here Saturday last to attend the funeral of his uncle, the late Daniel Weiland. Prof. Waring is a great Sunday school worker and while here paid our school a visit and gave us a very pleasant talk on Sunday school work which was highly appreciated by the school.

Dr. A. E. Goble, principal of the Central Penn. College, was in town on Sunday; he preached a very interesting sermon on Sunday afternoon in U. Ev. church, to an appreciative audience. A collection was lifted for an educational fund, to which all freely gave. We are always glad to have Dr. Goble with us and hope he may be able to meet with us soon again.

A Newspaper Worth Reading.

With a circulation showing a gratifying increase as compared with a year ago, with a more extensive advertising patronage than ever before, with added press facilities which permit of enlarged editions whenever necessary, The Pittsburg Times comes to the public for 1899. It modestly claims to be a good, all-around newspaper, neglecting no opportunity to entertain its readers and sparing no effort or expense to get the news accurately and promptly. While it is Republican in politics it endeavors to be fair in discussion. Overlooking no field of human interest, it is carefully edited and courts the favor of the fireside rather than the applause of sensation mongers. For reference it submits to the unbiased judgment of newspaper men anywhere in the territory in which it circulates. Three dollars a year or six cents a week.

TEACHERS' CERTIFICATES.

Bill to Make Uniform Standard for Pedagogues Throughout the State.

Assemblyman W. W. Nisbit, of the Fifth Legislative District, proposes to introduce a bill at the coming session, which if it become a law will provide for a new teacher's State certificate.

It is claimed that a reform is needed in the present law, and it is proposed to make the act more stringent. At present permanent certificates are issued by the State Superintendent at the suggestion of teachers' institute committees in various parts of the state, the committees formulating the list of questions on which the applicants are examined and also going over their papers.

Mr. Nisbit's bill proposes that a uniform list of questions shall be used all over the state and shall be made up by the State Superintendent, who shall also examine the papers. The present permanent certificates out shall be valid, but no more shall be issued, the plan being to issue new ones, called State teachers' certificates.

La Grippe Successfully Treated.

"I have just recovered from the second attack of la grippe this year," says Mr. Jas. A. Jones, publisher of the Leader, Mexia, Texas. "In the latter case I used Chamberlain's Cough Remedy, and I think with considerable success, only being in bed a little over two days against ten days for the former attack. The second attack I am satisfied would have been equally as bad as the first but for the use of this remedy as I had to go to bed in about six hours after being 'struck' with it, while in the first case I was able to attend to business about two days before getting down." For sale by J. H. Ross, Linden Hall; S. M. Swartz, Tusseyville; F. A. Carson, Potters Mills; H. F. Rossmann Spring Mills.

Keeping Wrists and Ankles Warm.

It is the advice of a prominent physician to keep the wrists and ankles well protected from the cold of winter, for in this way he asserts that the ill effects of cold weather can best be resisted. Surely our grandmothers knew a thing or two when they knit us wristlets with fringed edges and drew old yarn stockings over our shoes when we set out on a journey in winter time. Yes, and when they knit us heavy gray woolen stockings.
