Quay's "d---- case" not "over" yet.

Grip is king. Scripture mentions a king Agrippa.

It is a deplorable fact that hundreds of Republicans will stick to the boss regardless of the proof of the blackness of his record.

Congressmen in favor of the imperialism of the administration, can not consistently vote to expel the Mormon congressman Roberts because he has three wives, since that constitutes him an expansionist of first water.

The Philippine islands are as full of harems as a dog is of fleas, yet the administration policy is to annex the entire creamery and then put poor Roberts out of his seat in congress because he has three wives.

Quay says he is satisfied with the opinion of the supreme court. So are the people.

When Quay fell 19 short in caucus, he said he was satisfied he was all right; and the antis were satisfied too.

The production of metals in the Western States and Territories, including British Columbia and the northwest territory, for 1898, shows that the aggregate valuations are: Gold, \$78,-461,202; silver, \$39,016,565; copper, \$46,200,648; lead, \$13,344,251. Total gross results, \$177,022,666. The year's combined product is the greatest in the history of the countries.

A great battle has been fought in the Yemen division of Arabia. The Turkish troops stormed and captured the ember 30. About 4,000 insurgents and by the United States! 2,000 Turks were killed or wounded.

Trouble between the Turks and Arabs in that part of Arabia has been in progress for over four years.

Andrew Carnegie sent President McKinley word, a few days ago, that he will pay Spain \$20,000,000 for the independence of the Philippine islands if this country will agree to allow the Filipinos their independence.

"I am perfectly serious in making this offer," said Mr. Carnegie. "I will pay the money with great readiness if statue. Not in the declaration of war my proposition is accepted. I am not trifling and I am not bluffing."

We have a circular from the Treasuso as to require that upon each adhesive documentary or proprietary stamp used or affixed after January 1, 1899, of the person using the same and the year in which used, also appear the month and day of the month when such stamp was used or affixed. The month may be expressed by numerals -for instance, on a stamp used on January 12, 1899, the date may be written or stamped 1:12:99.

Commissary General Egan, who freely used the word "liar" and other Crawford. foul language against General Miles in his testimony before the committee investigating the charge of furnishing our soldiers with "embalmed meat." General Miles pointed strongly to Secretary Alger and Commissary Egan as blamable in the matter. Hence Egan used the foul epithets in referring to General Miles. Egan has since taken back all his abusive language, but he has to stand a court martial.

The report, thinks the Pittsburg Dispatch, through one adminiseration organ, that it has been decided to try a little diplomacy with the Philippine leaders, is commendable if a little tardy. Admiral Dewey used diplomacy tempered with common fairness, and made them his warm and enthusiastic friends. But the military commanders went there apparently under influences that led them to take the attitude that they would have nothing to do with the insurgents except to reap the harvest of their efforts, and this inevitably led to the present complication. It is well, if a wiser course has been adopted. Better late than never.

The Baltimore American mentions sale by Smith & Crawford. Pennsylvania as one of the imperial commonwealths of the world, first of all the American States in mineral production, second in population and manufacturing, with industries worth over a billion dollars, with wealth ex ceeding five billions, larger and richer than some of the kingdoms of the earth. In many respects the best formed of all the States, she is a true representative in prosperity, progress and success of the Nation to which she belongs. While the strawberries are world, and in the other through the Great Lakes across almost half of the American continent.

The new governor of this commonwealth, William A. Stone, was inaugurated at noon on Tuesday. The sky was partly clear and the air mild but under foot it was damp. The parade was fine, made up of state dignitaries in carriages, national guards, political club, bands, etc.

The new governor's inaugural contains some fair promises, which, we trust, he will be faithful to. He declared during the campaign, if he became governor be would not be owned by any man, and that corrupt legislation would encounter his veto. Governor Stone understands the temper of the people of this state as voiced at the polls last November. It was an unmistabable demand for honest government. Heed that voice, Governor Stone, be true to your oath, true to the interests of Pennsylvania's millions who look to you in that behalf.

MR. McKINLEY'S POLICY.

The President leaves no doubt in the minds of the people of this country as to his purpose in regard to the Philippines. There is to be, first, government "within the absolute domain of military authority"-in other words, a military despotism. And then the 'assimilation" of American ideas, under duress, by 8,000,000 of mongrels and savages, and the coincident assiminsurgent position at Shanel on Nov- ilation" of this Malay pandemonium

We are to make these barbarians part of the American people by brute force if necessary-to annex them, against their will, and though 10,000 miles distant, to an American broth-Senator McCarrel, a Quayite, has in- erhood of equal States and equal citizenship !-as if we needed them, want ed them, or had not, with our Negroes and our immigration-with Culation" serious enough to tax our capacity to the attermost !

The President's proclamation for the first time definitely defines his policy Governor Stone, in his inaugural, in the Philippines. It is not to assist the Filippinos to self-government, as we are doing for the Cubans. It is ries be thrown to the state to obtain "the bestowal of the blessing of good

A "free flag" the banner in a war of conquest! A 'free flag'' the emblem of a military despotism ! A "free flag" the emblem of a military despotism ! A "free flag" cleansed from the blot of slavery at home to be raised over a vas- Bills rec sal people abroad!

In Congress and throughout the country the question will be asked, where did Mr. McKinley get his authority for this extraordinary action? Not in the Constitution. Not in any against Spain by Congress. Not in any precedent in American history.

Mr. McKinley's action in the Philippines has been an un-American, unry Department announcing: Exist- democratic, unprecedented and unconing Regulations are hereby amended stitutional. It is the duty of the Senate to declare its understanding of and its intention concerning the treaty, over which it has full jurisdiction. there shall, in addition to the initials And it is the business of Congress to embody in law the will of the nation -not the policy of the Executive-as to the "government, control and disposition of the Philippines."-World.
