**ANNOUNCEMENTS**  
Sheriff.

We are authorized to announce that Cyrus Brumgard, of Millheim Borough, will be a candidate for the Democratic nomination for Sheriff, subject to the rules and regulations of the Democratic party.

Lieutenant-Governor Gobe-tween.  
Quay to Stone: Help me Cassius or I sink.

So far it would appear instead of bread the people of this State are a Stone.

In some six or eight states the Republicans are quarreling bitterly over the election of U. S. Senators.

Let it be Jenks for Stone, above all others; if not, then Wanamaker, Daltzell or any other honest anti-machine Republican.

The gallant fight made by the Democrats and independent Republicans on the senatorship, is the cleanest and most patriotic act in the history of our state politics.

Things must have come down to a very shallow stage with boss Quay when Gov. Stone and his administration with all its patronage must be used to help the Senator, and yet not gaining a vote. He can't shake down that plum.

When governor Stone in his inaugural discomfited padded pay-rolls and then turned around and appointed Elkins, the chief stealer of padded pay-rolls, to the attorney generalship, he slapped his own mouth and advertised himself as a mock reformer.

In the last campaign public sentiment forced governor Stone to step from under Quayism and declare that he was not going to be owned by any man nor ruled by any boss. But since the inauguration governor Stone has handed all the patronage of his administration over to the boss to make votes for the senatorship. The boss does own the governor.

It is estimated that the "spoiled beef" purchased by somebody for the hungry soldiers of the recent unpleasantness with Spain cost the United States government \$2,000,000, of which one half was clear profit to the somebody who were in the "embalming" scheme which poisoned and sickened and killed so many of our brave soldiers boys merely that unprincipled scoundrels might grow rich in a day.

George A. Jenks in his last interview makes known his purpose to throw his strength for the best anti-Quay candidate presented at the fitting time. "I believe that it is my duty to the State and the country to do this." Mr. Jenks is a patriot and acts from principle. He is unselfish and true. We are glad he is at Harrisburg at this juncture.

Governor Stone has decided that Quay is innocent, and in that he agrees with Quay. That settles it and there is no use having a trial now. If the million voters of Pennsylvania get to think with Stone, then it will be unanimous. Governor Stone reading his inaugural with Quay smiling in one pocket and Elkin snickering in the other, has made a stupendous ass of himself.

The Record: In declaring for fusion in the Legislature to elect an opponent of Quay and the machine to the United States Senate, George A. Jenks represents the sentiment of the Democracy of Pennsylvania. Every Democrat in the Legislature, who shall vote directly for Senator Quay or shall give him a half vote by absence without a pair, will brand himself as a traitor to the Democratic party and to the cause of the Commonwealth.

Four Democratic senators were found base enough to desert their party and platform and vote to confirm Elkin, who signed the padded pay-roll bond, as attorney general. The Democrats of the counties from which these senators hail, have denounced them at indignation meetings, for this action. We are pleased to note that senator Heinle was true to his party and instantly said "No" when satan tempted him to turn traitor. Our senator has been true to his colors and will be found thus to the end.  
Our representatives, Wetzel and Foster, have voted square with their party right along.

Keeley having died, the Philadelphia Press had his "motor" premises investigated by scientific men and in walls and under floors were found hid-

den pipes with which to use compressed air—an old principle—to act upon his motor and make it mote. The discovery of a new and most powerful force exceeding any thing known, was heralded throughout the world, for over a dozen years, and much stock was sold and a Keeley motor company organized, Keeley keeping his secret and working in secret, not even informing stockholders whereof his wonderful new force consisted. But his motor wouldn't mote, and from year to year he announced the thing was almost near perfection, just needed a few changes and then the greatest of all discoveries would astonish the world. Keeley noted to another world a few weeks ago, and the investigation by the Press showed that he was at the bottom of a stupendous fraud.

**SENATORIAL DEADLOCKS.**

As there were or are pending senatorial elections in a third of the States of the Union, it is not at all surprising that there should be a number of deadlocks in States where the political elements are much mixed. Senators without difficulty. In Maine Senator Hale has been re-elected; in Massachusetts, Senator Lodge; in Connecticut, General Hawley; in New Jersey, John Keay; in New York, Chauncey Depew; in Indiana, Mr. Beveridge; in Michigan, Mr. Burrows; in Minnesota, Mr. Davis, and in Missouri, Francis Cockrell for the fifth time. He took the place of Carl Schurz in 1875.  
Among the States in which deadlocks are on or are clearly foreshadowed are Delaware, Pennsylvania, Nebraska, Utah, California, Montana, West Virginia and Nevada. In California, and Montana there have been direct charges and counter-charges of vote-buying. In Montana the fight is between two millionaires who have the Western prodigal way of spending money in politics. In Pennsylvania the fight is between bossism and corruption opposed by the friends of honest government.

**And Yet She Lives**

A woman who is a patient in the hospital at Weston, West Virginia, has been ill for a number of days. She was receiving treatment from Dr. Perry, one of the hospital physicians. A day or two ago he was informed by another patient that she had seen the woman swallowing a hairpin. Her physician set to work to remove from her stomach anything of an injurious nature which it might contain. There came from her 37 common pins, six wire hair pins, a tin snuff box lid, one inch in diameter; an iron screw, one and a quarter inches in length; six pieces of glass, one of which is one and one-eighth inches long and three-fourths of an inch wide, and another being a triangular piece, each side of which is three-fourths of an inch in length; four pieces of slate, one of which is one inch in length; one falcon pen; one small piece of china ware; and three comb teeth one inch long.

**Sold at Auction.**

To read of an aged woman being sold to the highest bidder in Pike county, the state of Pennsylvania, seems almost past credence, yet for years, Mrs. Elmira Quirk, a very aged widow, has been sold at auction by the overseers of the poor in Lackawaxen township. The successful bidder, in addition to receiving a small allowance for the maintenance of the woman, secured enough work from her to pay "for her keep." At the recent sale, however, when only \$1.50 per month was bid for the poor unfortunate, she suddenly exclaimed: "I bid \$5 per month. I can maintain myself on that amount!" In vain the auctioneer tried to secure another bid, and was finally compelled to sell the old woman to herself.—Kane Republican.

**Originated by a Pennsylvanian.**

"In God-We Trust" first appeared on the copper two cent issue of 1894, and is the first use of the word God in any government act. This sentence was introduced by James Pollock, ex-governor of Pennsylvania and director of the mint, with approval of S. P. Chase, then secretary of the treasury.

**An Economical Plan.**

An ingenious woman has discovered an easy way to get the better of large holes in socks and woven underwear. She takes a piece of strong net, bastes it over the hole and then darns over it, thus making the garment stronger than when new and much neater in appearance than if darned in the orthodox way.

**La Grippe Successfully Treated.**

"I have just recovered from the second attack of la grippe this year," says Mr. Jas. A. Jones, publisher of the Leader, Mexia, Texas. "In the latter case I used Chamberlain's Cough Remedy, and I think with considerable success, only being in bed a little over two days against ten days for the former attack. The second attack I am satisfied would have been equally as bad as the first but for the use of this remedy as I had to go to bed in about six hours after being 'struck' with it, while in the first case I was able to attend to business about two days before getting down." For sale by J. H. Ross, Linden Hall; S. M. Swartz, Tusseyville; F. A. Carson, Potters Mills; H. F. Rossman, Spring Mills.
