Why not give the names of those alleged three or four Democratic "leaders" who are underhandedly assisting Quay ?

Boss Quay heretofore kept himself in power by "shaking the plum tree." Last Friday he tried it by breaking the "pair" tree.

When Quay is dropped out the only funeral service needed will be jury bill and Governor Stone's plea in favor of the boss' election.

According to figures published at Madrid, 80,000 Spanish soldiers perished, chiefly from sickness, during the last campaign in Cuba.

Egan, found guilty by the court martial of having used insulting language against his superior, General Miles, will likely be sentenced to dismissal from the army.

Chris Magee's excellent Pittsburg Times is magnificently mum in the Quay fight, although Magee casts his vote daily as a senator, for Quay, yet Chris laughs in his 'kerchief at the prospect of his taking Quay's place.

Quay's trial has been fixed for February 20. In the mean time every effort will be made by his tools to have a law passed to help him out of his and that he would get a fair trial bescrape, he is afraid of the old law under which thousands of criminals have dodge for delay also failed. been tried.

the other day created a sensation by openly charging that every man who voted for Clark had been bought. He mentioned Representative Garr by name, and that gentleman shouted, "You are an infamous liar." The Grand Jury reported that money had been used on both sides, but there was not sufficient evidence to warrant an

indictment.

Speaking of the Pirates and Brigands of the Philippines, a special correspondent of the Scientific American says:

The brigands and pirates which infest the islands of the Philippines and the adjacent waters have, from time immemorial, been regarded as among the most desperate freebooters to be found in any part of the world. The inhabitants of these islands are composed of many different tribes and mixed races. The races or tribes are somewhat different on all larger islands, and on every one of these there are tribes that never knew the rule of Spain. On these islands there are no less than seventeen pagan and half a dozen Mohammedan tribes. Luzon, Mindanao, Cebu, Negros, Mindoro, and a dozen other islands all have their lawless freebooters, the remnant of some native tribe.

To annex such goods to the Christian United States at a cost of \$20,000,-000, it would seem Uncle Sam would be buncoed enormously.

QUAY DODGES.

When the boss was notified, while

fishing, down in Florida, that he had been indicted for speculating with the state funds, he said he was innocent, would insist upon an immediate trial, not let his enemies have the satisfaction of delaying his triai. That was bluff.

The grand jury having found a true bill against Quay he put in a plea for a trial elsewhere. Judge Finletter in a powerful opinion knocked that

dodge for delay from under his feet. He then, baby-like, appealed to the supreme court to quash the whole case or order it to be tried elsewhere than in Philadelphia. This dodge for delay met the strong and unanimous opposition of the supreme court, eight Republicans and one Democrat, that his request was entirely out of reason fore any Philadelphia judge. THE FIGHT AGAINST QUAY IS HOT

How Senator Miller Presented an Amendment to Block a Game-Democrats in the House Aroused Over the McCarrell Bill-What the Measure Proposes and How It Will Be Fought.

(Special Correspondence.)

Harrisburg, Jan. 30 .- Not since the memorable "senatorial campaign of 1875, which placed the lamented William A. Wallace in the senate at Washington, has there been seen so much enthusiasm amongst the representative Democrats as is now being witnessed in Harrisburg. This interest has been aroused by the magnificent fight that is being made to defeat the arch boss of machine Republicanism, Matthew Stanley Quay.

As it stands today, Quay is a defeated man, and his defeat is a tribute to sterling Democracy and the leadership of that peerless manager. Colonel James M. Guffey. There have been fewer slanders against Democrats during the past week than at any time since the present campaign opened Quay's friends have discovered that their falsehoods are reacting upon them, and there is a noticeable decrease in this species of warfare.

The Quay lines have been wavering for two weeks, and to sustain them and hold them in shape it became necessary to announce that assistance was to be had from the Democrats. Some of the Quay lieutenants went so far as, in a general way, to designate certain Democrats who could be influenced to vote for the "old man." These reports were credited to the Wanamaker headquarters, but it was soon shown that they had no such origin.

DEMOCRATS UNDER PRESSURE. Not in 20 years have Democrafs been subjected to such pressure as are those who are here now in house and senate. Professional "strikers" of the machine brand are here like flies around a molasses barrel. They are not only working for Quay's re-election, but they are trying to secure Democratic votes to pass the notorious McCarrell bill. This bill, which was prepared by Senator S. J. M. McCarrell, one of Quay's most subservient followers, prevents district attorneys from setting aside jurors in any county in the commonwealth, as is now the case. The bill is solely in the interest of Senator Quay, who does not want the district attorney of Philadelphia, who is to try him, to have this privflege.

MILLER TO THE FRONT.

It is to the credit of the Democracy that one of its senators put forth he first and most effective attempt to halt the bill. Senator Miller, of Berks, ofnow pending. But this is just what the Quay machine did not want, and

This is his comment on the plan to pay Spain \$20,000,000 for the Philippines, as provided by the Peace Treaty.

Among the testimony received on the "bad beef" question is the following statement from F. P. Coennen, Battery B, Pennsylvania volunteers, Homestead, Pa. : "Most of the fresh meat issued at Ponce was buried and smelled like a dead body and had the color of mortified meat. The naval beans and hardtack were mouldy, and the canned roast beef was not fit for a dog to eat. Some of the men were taken with cramps after eating it."

In settling with Spain for the Philippines the appropriation of \$20,000,000 over the fire, so as to fill the room under the treaty, doesn't begin to close the account. We also agreed under the treaty to assume the claims of American citizens against Spain for losses in Cuba prior to the breaking out of the war. These are estimated at \$26,000,000. The Quayites won, and the bill will doubtless pass third reading in the senate. but when it reaches the house there will be Democrats over there who will block its progress by proposing a simtrue, received assistance from the anti-Quay Republicans, but it is at the instigation of Democratic leaders that the party is leading in this attack on an attempt to influence legislation for one man's benefit.

It begins to look as if a great deal of good work will be effected at this legislature outside of the defeat of the McCarrell bill and similar Quay measures. The Democrats have discovered that they can rely upon the word of the anti-Quay Republican leaders, and are disposed to meet them half way in every attempt at reform. This was shown in the action of the independent Republicans and of the Democratic caucus of Friday last in their mutual agreement to stay out of the joint convention on Saturday. It was discovered that the Quay leaders had hatched crats who are under obligations to Quay and who would vote for him if an opportunity offered. The scheme was to get 16 Quay Republicans, who were ready to violate their word of honor and break their "pairs" with Democrats and anti-Quay Republic. ns, appear in the joint convention of Saturday and vote for Quay. Democrats whom they were paired, would, of course, be at home, never dreaming that any man would be so desperate of honor. This scheme was frustrated by the action of the Democrats and anti-Quay Republicans, who agreed that they would remain away from the joint convention, thus leaving the Quay people without a majority.

DEMOCRATS SPOILED IT.

It would have been very easy with only 135 or 140 senators and members answering the roll call on Saturday to have put this desperate scheme into operation, but the action of the two meetings effectively spolled it, and when the ballot was taken on Saturday Quay had only 30 votes, Daizell one and Jenks one.

There is still considerable feeling over the way that Senators Stiles and Boyd and one or two other Democrats in the senate have been acting. Senators Boyd, Stiles, Neely and Haines voted for the confirmation of John P. Elkin as attorney general, and when It came to a vote on the Miller amendment to the McCarrell bill, noted above, both Boyd and Stiles were absent, and did not vote.
