Quay can't make it. The senatorial plum won't be his.

A state income tax is now proposed to raise means for the plundered treasury.

All the foreign governments keep protesting they are friendly to Uncle Samuel.

The Republicans of Lebanon county deserve credit for turning down Quay and corruption at the primaries last Saturday. Bravo!

The black eye which the Republicans of Lebanon county gave Quay last Saturday will prevent him seeing the senatorship; the rest of his days.

Thirty-six new offices is what the Quay-Stone gang proposes to inflict upon the tax-payers of the state, and help the boss in getting votes for senator.

It is reported there are a few spurious Democrats loafing about Harrisburg, on the surface apparently working one way and in secret trying to place pegs for Quay.

The soap manufacturers are forming a combination which is to represent a capital of \$50,000,000 and will include every large soap manufacturing firm in the country while the smaller ones will be frozen out as a result of the trust.

The Lebanon county Republicans at their special primaries, last Saturday, for a candidate to fill Gobin's vacancy in the state Senate, defeated the Quay candidate, on a square fight, by 1400 majority! Let Governor Stone and usurping lieutenant-governor Gobin heed this danger signal.

Any of the officers connected with the army, reporting rotten beef supplied to our soldiers, incur the deep displeasure of Alger and the administration. Why not make these eat some of the "embalmed" stuff and see whether they wouldn't sooner eat crow or buzzard.

The Kansas Legislature has a general law against trusts, and the present session promises to be rich in exhibitions of that genius. There is a bill to prevent oil trusts from suing in the courts of the State. There is a bill to invalidate contracts to which a trust or its agent is a party, and forbidding the collection of debts due to trusts in the courts.

The House of Representatives of our state has just adopted a resolution declaring that United States senators should be elected by the people. A half dozen other states have adopted resolutions to the same effect. This is right and it should become a law. If the people of Pennsylvania could vote direct for senator the result in Lebanon county, last Saturday, indicated that Quay would not make it by a long shot.

The ratification of the treaty with Spain does not make the people of the Philippines citizens of the United States; but it does invest the United States with the responsibility of establishing orderly government in the archipelago and of providing for the release of the Spanish prisoners, as well as for the protection of the property of foreign residents.

The moves made by the Quay-Stone folks in the legislature, are, For 39 new offices; New county courts with judges; A state income tax; To pension all judges that have sat on the bench 20 years.

Great Scott! Let tax-payers climb to the tops of the highest pines to see the lay of the land, since the state treasury is already bankrupt from extravagance and corruption!

to the indigent, and that even in their starving condition they could not eat it, the odor being sufficient to condemn the meat as spoiled.

The Board of Meat Survey at Havana found, as the result of an inquiry that the contents of 10,848 cans are unfit for human food and have recommended that the Inspector condemn the meat.

Secretary Edge, of the department of agriculture, in his annual report, says its various subdivisions have made continued and permanent progress. Commissioner Rothrock has secured for the state over 50,000 acres of woodland for reservation purposes. During the year, 1,132 herds containing 14,437 animals, were tested with tuberculin and 1,348 animals costing on the average \$22.61, condemned as suffering with tuberculous disease. The average annual amount expended by Pennsylvania farmers for fertilizers is placed at \$3,750,000.

A FRESH RAID ON TREASURY. The Stone-Quay machine to help the boss' candidacy for United States Senator is now railroading a bill introduced in the Senate by C. I. Brown, of Philadelphia, to legalize the employment of 40 additional persons at snug wages in the Capitol. The bill had been prepared by the State Committees of both Houses to get legal authority to fill such places as those which made the padded pay roll of 1897 and led to the indemnity bond. The bill had been in the hands of the Finance Committee less than an hour when it was reported favorably to the Senate.

While it abolishes the no longer necessary positions of one engineer and four firemen, it puts in place of them an \$1800 a year superintendent of lighting, heating and ventilating appliances, with three \$1200 assistants, the four to be appointed by the Commissioners of Public Grounds and Buildings, who are Governor Stone, Auditor General McCauley and State Treasurer Beacom. For not one of the remaining 36 appointments provided for in the bill is any place abolished.

PEACE TREATY PASSED. The treaty with Spain, annexing the Philippine islands, our government paying \$20,000,000 to Spain, passed the Senate on Monday by one more than the required two-thirds.

If we now have a war on hand with the Philippines, we may have to spend a good many millions more.

Embalsmed Beef Common. Levi Wells, State dairy and food commissioner was in Pittsburgh the other day securing meat samples sold in that market and supposed to be preserved with acids in the same manner as the beef said to have been furnished to the army in the late war.

Recent Millin Co. Deaths. In Huntingdon, widow of Robert E. Shaw, aged 88 years.

The Kansas Legislature has a general law against trusts, and the present session promises to be rich in exhibitions of that genius. There is a bill to prevent oil trusts from suing in the courts of the State.

Recent Union Co. Deaths. Rand, Lena, daughter of Samuel K. Strickler, aged 8 years.

The ratification of the treaty with Spain does not make the people of the Philippines citizens of the United States; but it does invest the United States with the responsibility of establishing orderly government in the archipelago and of providing for the release of the Spanish prisoners.

Further echoes of beef came from Havana on Monday, much to the displeasure of Secretary Alger. General Lindbergh made the story, that of Laf, such as has been reported against, was made known.

DEMOCRACY STILL FIRM

Democratic Members Stand Like a Wall Against Corruption.

GREAT BATTLE AT THE CAPITAL.

National Committeeman Guffey Efforts His Forces Splendidly in Hand-Efforts of Republican Quay Bosses to Break the Line Futility—State Chairman Garman's Position in the Fight For the McCarrill Bill—No Hope For Ross Quay.

Harrisburg, Feb. 6.—The deadlock still continues. So far as the senatorial election is concerned the Democrats in house and senate occupy the same position that they did before, viz., holding the key to the situation. The present unbroken line of the Democracy, sturdy and firm in its allegiance to the people, is largely due to the efforts of that "noblest Roman of them all," National Committeeman James M. Guffey, of Pittsburg. Colonel Guffey left his great business enterprises last week and came to Harrisburg to take personal direction of his forces. He saw every man in house and senate and discussed the situation with him face to face. The result is that the lines of the Democrats are stronger today than they have been at any time.

Next in importance to the senatorial situation is the position of the McCarrill bill, as it is called. This measure prohibits district attorneys from setting aside jurors in criminal cases, and was introduced solely in the interests of Senator Quay. If the bill passes it will prevent the district attorney of Philadelphia from setting aside jurors, as has been the case in all English speaking countries for 700 years.

A FRENZIED HASTE. The most violent efforts have been put forth to force this bill through the legislature before the date set for Quay's trial, Feb. 20. The bill was rushed through the senate, and, much to the regret of their friends, two Democrats, Senators Boyd and Fayette and Stiles of Lehigh, voted for its passage.

On Thursday last the senate bill was sent over to the house and a fierce fight ensued in the committee on judiciary general over it. It was finally brought out of that committee, but again it must be regretfully said that four Democrats, Representatives Skinner of Fulton, Hoy of Clarion, Christian of Columbia and Duterra of Adams, voted with the machine Republicans to put the bill before the house.

A Democratic caucus was called on Thursday to consider what action the Democrats in the house should take on this measure. A resolution was offered by Mr. Dixon, of Elk, that no action be taken until the 21st of March, by which time the Quay trial would be over and the bill would be of no benefit to the arch Republican boss.

It had been reported all last week that State Chairman Garman was in Harrisburg in the interests of the bill. Indeed, some Democrats went so far as to charge that Mr. Garman was in the pay of Senator Quay. Mr. Garman is for the bill. He so declared in a statement that he put out last Thursday night. It is to be regretted that the head of the party should even be charged with such a thing. Mr. Garman's position is one of great dignity and importance, and even to be charged with aiding the enemy is serious enough in itself. But worse than this: on last Thursday afternoon eight of the brightest men in the senate, all of them Democrats, every one interested in the success of the party, put forth the following protest:

SOBRIETY FOR GARMAN. We sincerely regret and deplore the action of the Democratic state chairman, John M. Garman, in his active work upon the floor of the senate of Pennsylvania in behalf of the McCarrill bill, and further declare that his action, in our opinion, was in direct opposition to the best interests of the Democratic party.

O. R. Washburn, J. Henry Cochran, D. S. Legg, A. M. Newby, Jacob H. Kemmer, W. Oscar Miller, John A. Wentz, William F. Miller. The result of this was that Chairman Garman immediately issued a counter statement, in which he stated that he favored the bill and that it was his right to work for its passage if he saw fit. Unfortunately, Mr. Garman did not make any reply to the brazen assertions that he was working for Senator Quay.

The stand that the 86 Democrats were 87 until the lamentable death of Harry Manning, of Cumberland, last week—have made has met with the highest approval from newspapers of all shades of opinion over the state. It is pointed out how Garman is standing like the old Greek, at Thermopylae, holding at bay the hordes of the enemy. No one will ever know the names of these sturdy, faithful Democrats.

principles and the honor of the whole people, have had to contend with. Temptations of all kinds, money, offices, everything that could be suggested, has been offered them by Republican bosses for their votes, but rejecting them all, they will stand firm until the end.

The end is in sight. Thus far 18 ballots have been taken without any gain for Senator Quay. He is still 13 votes short of a majority and he can never make these up. There is no longer any doubt that the corrupt Republican machine, which is being fought from the inside, and the control of bosses as represented by Quay, Andrews and the rest of the old state gang, will be eliminated.

Dangers of the Grip. The greatest danger from La Grippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken all danger will be avoided. Among the tens of thousands who have used this remedy for the grippe we have yet to learn of a single case having resulted in pneumonia which shows conclusively that this remedy is a certain preventive of that dangerous disease. It will cure the grippe in less time than any other treatment. It is pleasant and safe to take. For sale by J. H. Ross, Linden Hall; S. M. Swartz, Tusseyville; F. A. Carson, Potters Mills; H. F. Rossman, Spring Mills.
