* The testimony taken in Chicago on the beef business has a fearful smell. And McKinley still keeps Alger in the cabinet!

Persons who have empty roast beef cans should save them. They will be in demand for the parades in the next presidential campaign.

A bill has passed making May 1 a legal holiday, to be known as Dewey Day. It is confined to that one day in 1899, not for future years.

The Appellate Court unanimously sustained the decision rendered by Judge Taney last summer that express companies are obliged to furnish war revenue stamps to all shippers.

The New York Sun makes a call for "Scientific Food Wanted." If the Sun will address Armour & Co., and other large beef canning firms it can get all the "scientific food wanted."

Rothermel, the delegate elected in . Union county to the Republican state convention, never declared himself a Quay man, and Shields, nominated for Register, pronounced himself anti-Quay.

Now, since a lamp trust has been formed, every one should begin to see -even the blind. The new combination will include all the lamp manufacturers of the country. See, now, how you've been voting, hey?

David L. Krebs, ex-Judge of the Clearfield courts, claims to have the support of Ex-Governor Pattison, Simon P. Wolverton and Ex-Judge Bucher in his candidacy for the Democratic nomination for the Supreme Bench.

Since the beef committee heard the testimony about maggots in the cans, they heard the testimony of another witness revealing that army beef was dosed with chemicals, a wax-like substance which was spread over the outside, and called it a "preservatine." Soldiers couldn't eat the horrible stuff without getting sick.

precaution should be taken to avoid it. Its specific cure is One Minute Cough Cure. A. J. Shepherd, publisher Agricultural Journal and Advertiser, Elden, Mo., says: "No one will be disappointed in using One Minute Cough Cure for La Grippe." Pleasant to take, quick to act; for sale by Smith & Crawford. without getting sick.

A vote in the House on the judges retirement bill with a pension attached shows that the bill will not pass this legislature. It would be just as proper to pension every farmer of thirty years at the plow, or blacksmith, carpenter, shoemaker, and worn-out men of all other trades, as to pension judges who never die poor.

The Quay people carried Blair county for delegates to state convention, but went for General Koontz, anti-Quay, for chairman of state central

tory in Blair, the antis carrying most of their ticket.

The Chicago testimony shows that canned beef fed to our soldiers had maggots and was rotten. We suppose Governal Miles for letting it out will to the rules and regulations of the Democratic of the Democration of the Democratic output of the Democratic of the De General Miles, for letting it out, will party. be punished, perhaps shot, and the purchaser of the stuff, Gen. Egan, with Alger and the Chicago beef packers, Alger and the Chicago beef packers,

Members of the Arkansas legislature were panic-stricken the other day when it was announced that physicians had diagnosed the illness of Senator Lankford as small-pox. After a half hour's debate the house voted to vaccinate all its members.

That remedy should be used at Harrisburg, Quay and all his lieutenants should be "vaccinated" to kill the corruption that is in them.

The Tin Plate Trust is in clover. The market reports set forth that it is so scarce that \$4.25 can be had per box, which is an advance of \$1.50 in the last six months, says the Pittsburg Post. The inference is that the trust has put a limitation on production, with the resulting advance in prices. We hear of tin-plate works acquired by the trust thrown out of work and the hands discharged-production is curtailed and prices advanced, which is an ideal trust condition.

Slavery we get with the Philippine islands. It exists in the islands of Sulu, Mindoro and others in the group. This Oriental slave trade which America cannot afford to tolerate, centres in Maibun, the ancient capital of Sulu. There it flourishes under the protection of our subject sultan, Haroun Narrasid, and it is said that girls of 15 can be bought at the very doors of his paiace for five bushels of rice, with slightly higher prices for choice bondmen or bondwomen. It is said that

so widespread have been the operations of these slave-hunters and their predecessors that among their slaves to-day are found natives of a number of the Pacific islands captured by the slavehunters of Sulu. Even after Aguinaldo is disposed of we will have problems in the Far East.

FARMERS TAXED TOO HEAVILY. National Grange Master Aaron Jones, of Indiana, was before the International Commission. He expressed the opinion that transportation was the most important question with which the farmer had to deal, and he believed rates should be made by an independent commission, and that the railroad companies should not be allowed to arbitrarily fix rates. He also asserted that the trusts should be controlled, and expressed the hope that the commission would devise legisla-

tion to that end. He asserted that the farmer is unfairly and inequitably taxed, onequarter to one-third of the income of the average farm being necessary to pay the taxes levied supon it. He suggested legislation looking to uniformi-

ty in taxation in the different States. The Reporter agrees with farmer Jones, and has always stood in that line. The people must rise in their majesty and at the polls put down the trusts and monopolies that are making such rapid strides towards the ruination of all outside of their protected circle.

THE COST FIGURED UP.

Statisticians of the Treasury Department figure that the war with Spain has been a more costly experiment for this country than our people have generally understood. The cost of the war alone was upwards of \$500,000,000. In addition thereto for some unaccountable reason we paid \$20,000,000 for the Philippines, rebellion and incidental expenses included. Upwards of \$20,000,000 have been expended already in naval and military operations there. Moreover, the peace commissioners agreed to the payment of about \$20,000,000 in claims against Spain, and those claims are already on file in the Department of State. The statistician says that the books of the registrar of the Treasury show that we are likely to pay something like a thousand million dollars for the glory and responsibility which came to us as a result ofgoing to war for humanity's sake.

La Grippe is again epidemic. Every precaution should be taken to avoid

I desire to announce to the Democracy of Centre county that I will be a candidate for County Commissioner, subject to the rules of the party. In 1894, I was a candidate for Associate Judge and went down with all the rest on the Democratic County Ticket, with no fault of any candidate, but due to a depressed and unsettled condition of affairs in the government, and a disastisfied people all over the country and Democracy was swept out of sight and the Democratic County Ticket went down with the slume. All the candidates that were on that ticket came to the front, except Aaron Williams, dec'd, and asked the party for vindication, and it has been done, either by nomination or election, viz: Hon. Jas. Schoffield, elected once; Hon. B. M. Foster, twice; C. M. Bower, Esq., received the nomination for Superior Court Judge. Now I respectfully solicit the same consideration and recognition, and submit my candidacy to the Democracy of Centre County for their Judgment at the coming primaries and County convention.

I temain your most obedient servant.

THE BRIBERY

Latest About the Sensation That Is Now On at Harrisburg.

New Witnesses Examined and Several Leading Republicans Are Involved. Spatz and Costello Tell Their Story. The Senatorial Situation Unchanged, But Quay Gets In His Work Against the Democrats on the Bruce Charter.

(Special Correspondence.)

Harrisburg, March 20.-The legislature is preparing to adjourn in conformity with the Democratic program. On Thursday last Representative Creasy offered a resolution providing for night essions on Tuesdays, Wednesdays and Thursdays, beginning tomorrow night. The object of this is to hurry legislation so that the house may be ready to adjourn on the date set, April 20. The Democratic leaders believe that all necessary legislation can be completed by that time and there is no necessity for continuing the expenses of the legislature

THE BRIBERY SCANDAL.

The bribery investigation this week was not very sensational. Only two new witnesses were examined, although two of the accused were given an opportunity to testify before the committee and explain their connection with the alleged use of money in the passage of the McCarrell bill. The new witnesses were Representative S. S. Smith, of Cameron county, and Editor O'Toole, of Scranton newspaper.

Representative Charles B. Spatz, of Berks county, was subpoensed, and denied having ever offered any money to anybody to either vote for the McCarrell bill or sign the paper agreeing to stand by Hon. George A. Jenks to the end. Mr. Spatz admitted that he had taken the three Democratic members from Northampton county downstairs to the room of a man named Lawler, whose room connected with that of ex-Senator Coyle, but that it was not for an improper purpose.

The three gentlemen from Northampton swore that Spatz took them down there and introduced them to Coyle, who made them an offer of money. Spatz said that he took them down to Lawler's room, where there was pen and ink, so they could sign the paper. Spatz presented a copy of what purported to be the paper and which he said had been typewritten by Mr. Nichols, whom Chairman Fow, of the investigators, said was the private secretary of ex-Senator William H. Andrews, of "Lexow" notoriety. Representative Sptaz said that he had never talked the McCarrell bill over with Senator Coyle and had never been offered any money to vote for it or to vote on the senatorship.

REPRESENTATIVE SMITH'S STORY.

Representative Smith said that he had not been offered money or any valuable thing, but that a man had asked him into a committee room, and there requested him to help support the McCarrell bill, and just as he began to talk about "two and a half" some one entered the room, and that ended the conversation. He refused to give the nam? of the person, but it is believed to be a

Michael J. Costello, who is accused of having introduced John Engler, of Lycoming county, to ex-Senator Coyle when Coyle offered Engler money, and who is also charged by Engler under oath with having driven out to his house 13 miles from-Williamsport and offered him \$500 to vote for the McCarrelll bill, also took the stand. Costello denied everything. He said that he was interested in the McCarrell bill because his brother was charged with conspiracy in Lycoming county, and he thought it would help him. He denied that he had ever offered Engler a penny, and gave as the excuse for driving out to his house in a snowstorm that he wanted to know why

he had not voted for the McCarrell bill. Being cross examined by Chairman Fow Costello admitted that he did not know that his brother was under indictment for highway robbery. He said he thought it was for "conspiracy to rob." He further admitted that he did not know the McCarrell bill did not apply to such crimes. He swore that Representa-tive Yates, Republican, of Philadelphia, had told him and several others that he was going to desert Quay and vote for Dalzell because Senator David Martin, of Philadelphia, had offered to make him

a magistrate in that city. Representative Yates will go on the stand and deny the story of Costello as a deliberate talsehood. Senator Martin said he would not dignify Costello's statement with a denial. Democratic State Senator J. Henry Cochran, of Lycoming, is greatly incensed at Costello, who dragged his (Cochran's) name into the matter. Costello is likely to suffer for his actions when the prosecuting committee gets down to work.

EDITOR O'TOOLE'S STATEMENT. Mr. O'Toole is editor of a Scranton paper that published three columns of an article about members being compelled to vote for Quay, and stated that Judge Archibald, of Lackawanna county, had held an office over the head of Representative Mackey as a club to force him into voting for Quay. The editor admitted that his information had come from Representative Mackey, Republican, of Lackawanna. Representative Mackey will be called to the stand this week, and the revelations regarding this judge can then be made.

Editor O'Toole in his article made some statements reflecting on Represent-ative Timlin, Democrat, of Lackawanna. He said that Timlin's election was in doubt, but that the Republican candidate withdrew from the contest because it was understood that Timlin would help Quay if necessary. O'Toole stated that this was common talk around Scranton, and that that was the basis for its publication. The committee adjourned to meet Monday night, when ex-Senator John J. Coyle, of Schuylkill county, was given an opportunity to make a statement regarding his complicity in the at-

SENATORIAL SITUATION.

The senatorial situation has not changed since my last letter. The Democracs is standing solid for Hon. George A. Jenks, and there is no break in the anti-Quay ranks to Quay. There were various rumors that Quay intended to withdraw and let somebody else secure

that Quay will be in Harrisburg this week to look after his forces. He has been holding conferences in Philadelphia with his leaders, but nobody knows just what they will do. Colonel Guffey was in town for a day and a half this week and held numerous conferences with his friends. He is perfectly satisfied with the situation.

The Bruce charter bill for Pittsburg, which is backed by leading reformers and Democrats of that city, among them Colonel "Wes" Guffey, brother of the national committeemen, was negatived in the committee on municipal corporations on Wednesday last. It was done, it is charged, by order of Senator Quay. The Democrats in house and senate would have voted for the bill unanimously, as it would mean a new dispensation for Pittsburg, as opposed to the Flinn-Magee control there at present. Representa-tive Creasy succeeded in having the bill placed on first reading calendar on Friday, but there is not much chance of its going through. Quay's action in this matter was doubtless for the purpose of revenge against the Democrats, who have persisted in voting for their own candidate instead of him, as Congressman Sibley wanted them to do.
