DEMOCRATIC COUNTY TICKET.

- SHERIFF, CYRUS BRUNGART, Millheim; TREASURER, WM. T. SPEER, Bellefonte; REGISTER, A. G. ARCHEY, Ferguson Twp; RECORDER, J. C. HARPER, Bellefonte; COMMISSIONER, DANIEL HECKMAN, Renner Twp; PHILIP H. MEYER, Harzitz Twp; AUDITOR, JOHN H. BECK, Walker Twp; W. H. TIBBENS, College Twp; CORONER, Dr. W. U. IRWIN, Huston Twp

A police census taken in Chicago makes its population 2,088,048.

Any one who can't vote for farmer Creasey does not want an honest man for state treasurer.

Men of all parties pronounce the Democratic county ticket a good and strong one. Correct.

Ink-makers are organizing a Trust. Now's the time to write 'em down as thieves in their own ink.

Senator Flinn, leader of the insurgents, is confident that when the next legislature is chosen, Quay will be forever laid out.

The Table Trust has advanced the price of tables and chairs 15 per cent. After the blessing at your meals then bless the Trusts.

No funds for the schools—thousands for remodeling, elevating, china and silverware, and mantling the executive mansion! That's Stone.

The Republican runners recorded for Recorder ready to run against Cal Harper, are, Jeff. Shaffer, Centre Hall; N. E. Robb and Samuel Miller, Bellefonte.

Hanna, the champion of trusts, says McKinley and Hobart will be re-nominated. Of course, for under these trusts will be as safe as are Alger and the rotten beef packers.

Neither the Democratic state convention, nor the Democratic county convention, both held last week, had the semblance of a boss or slate. Colonel Guffey would have no such work.

Republicans, just think! boss Quay and half dozen of his lieutenants are fixing upon the names for your next state ticket, and you'll have no other say than to march up to the polls and vote his slate.

How can there be harmony in the Republican party when Stone, owned by Quay, punishes every man and woman in office with removal unless they turn in and help elect Quay delegates? Don't be a slave.

Will the coming Republican state convention, be different from the past, in that there won't be a boss, no machine, no slate, no boodlers? Take a lesson from last week's Democratic convention.

If the Democrats got along in their state convention so magnificently last week without a boss, now let the Republicans try it too. Let Centre county Republicans at their approaching primaries say, 'We'll try it once without a boss.'

The Democratic state convention did grand work last week. Its platform and nominees are well spoken of by the entire independent press and by leading Republican organs, and the Democracy is proud of the work done. No boss, no slate, and perfect harmony.

George Barrow, the principal in the kidnapping of baby Clark, was sentenced to 14 years and 10 months' imprisonment. The jury, after being out about 25 minutes, rendered a verdict of guilty. Carrie Jones, who pleaded guilty, was sentenced to four years, imprisonment. Right! right!

The mysterious effort made to create trouble in the re-nomination of Daniel Heckman for Commissioner, found a little foothold in this section, but it withered and died for want of rain. Innocent parties are often placed in a false position by such schemes.

That's the longest sword on record the machine threatens to use—reaching from Bellefonte to Philadelphia. If Harry Keller don't turn in for the machine in Centre county, his mother in Philadelphia is threatened with deputation as factory inspector to which Gov. Hastings appointed her.

Some 4000 men are to sail from San Francisco for Manila this week to reinforce General Otis' army.

The preachers of Eau Claire, Wis., on Sunday discussed the New Richmond cyclone. In nine pulpits the general sentiment expressed was that it was a mysterious dispensation of Providence, but Rev. Joseph Moran, of the Episcopal Church, said it was the devilish work of an unknown power and not the act of God.

Pingree, ex-governor of Wisconsin, in answer to an inquiry whether he will retire from politics, telegraphs: "It is the duty of every citizen to take part in politics. I do not intend to neglect my duty."

That's right. The only way to arrest corruption in politics is for honest men to do their duty.

Quay and his lieutenants were at Atlantic City on Saturday and fixed on candidates for their state ticket. Say, what's the use in Centre county Republicans electing delegates to their state convention when the boss has, as usual, slated the ticket? Or, will they assert their manhood and repudiate the dictation of the boss?

Evidently Governor Stone is working to bring about harmony in the Republican party by removing from place every man and woman appointed by Governor Hastings. Perhaps another method would bring harmony much quicker—have some big stones hurled at Stone from each county before state convention meets.

Emperor William pronounces Germany invincible. At a regatta, on Sunday, he made the remark: "We know that the firm co-operation of a united Germany represents in the world an invincible power, which has to be reckoned with. The German people are like a thoroughbred horse, which suffers no one to bridle him, but will maintain the foremost place."

Nicht so, deutscher Michel. Were you to be pitted against McKinley and Alger, these would knock your army out with Chicago canned beef, quick as ours in Cuba.

GRANGES AND THE SCHOOLS

Granges in different counties of the state have passed resolutions denouncing the action of Governor Stone, in cutting off one million dollars from the public schools, and other granges, not under machine influences and not silenced by pap or the expectation of pap, will follow in similar denunciation of this attack of the Quay machine upon the public schools.

The million dollars taken away from the schools, as is well known, went into the pockets of Quay henchmen, for junkets, padded pay rolls, new offices, increase of salaries, &c. The farmer must, in consequence, pay a higher school tax. In other words, the farmer must pony up now for boodle that went to corruptionists.

If any one has a right to complain it is the farmer.

None of the granges of this county have yet protested against this gross wrong. The Centre county granges were the first and loudest to demand a liberal appropriation for the public schools. Now that the machine boodlers, through Governor Stone owned by Quay, are about to rob the school fund, these granges should be prompt in proclaiming their protest, never so loud, against this wrong and outrage; this outrage that strikes direct at the scant purses of the farmer.

Grangers, file your protest, now that one of your fundamentals is being attacked by these enemies of the public weal!

All the friends of Education in the State are protesting against this wrong excepting John Hamilton who has been won over by dippe for his bread.

All the anti-machine Republicans are gaining fresh honors for denouncing this step by the machine's Governor.

All the leading Republican papers of the State, are protesting.

The entire Democracy of the State, through its organizations, has protested against this plundering of the school funds to reward the henchmen of a boss.

Stone Wants Thousands Spent on the New Mansion.

The new executive mansion at Harrisburg, built only four years ago in extravagant style, is not good enough for Governor Stone, and, in spite of a bankrupt treasury and a looted school fund, he proposes to enlarge it at an expense of thousands of dollars, and he relies upon the Quay machine to vote the money, which will come out of the depleted purses of the farmers. Another new capitol steal.

The contract awarded on Friday, calls for, A \$5,000 elevator in the rear of the building, which another firm offered to put in for \$3,500;

To remodel the rear of the mansion; To decorate the halls and stairways; To enlarge the dining room windows;

An ornate mantel in the music room to cost \$750;

To further decorate the music room by luxurious oil paintings and marble busts;

For decorated china sets and a silver service.

Then there are many other things in the contract. Cutting down the school fund and using the money to enlarge, re-decorate, and remodel the new and already extravagantly fine mansion! All this that henchmen and machine politicians may get jobs.

Verily, the taxpayers have a crushing Stone on their shoulders.

THE PHILIPPINE WAR.

Whether or not the President is counting the cost of the conquest of Luzon, says the Times, it may be said that others in high official position are doing so. General Otis, with 22,000 men, began an aggressive warfare on February 5, near Manila, drove the insurgents many miles into the interior, and finally returned to Manila on June 10, with the forces depleted and his army disheartened. He is now defending Manila with the aid of the navy.

In this campaign of four months 241 men were killed and 1,175 men wounded. The total casualties were 1,416. The list of sick soldiers and those dying from disease has not yet been obtained, except approximately. Upwards of 5,000 men have been disabled by disease and about 500 have died of disease.

It was estimated by high officials that the cost of the campaign has been \$1,000,000 each day, so that the total cost has been approximately \$120,000,000. Thus it appears that General Otis marched up the hill and then marched down again, at terrible cost in blood and treasure, and accomplished nothing, save to achieve his own beleaguering and leave the insurgents masters of the greater portion of the island. The plain fact of the matter is that the situation of the American forces on the island of Luzon is deplorable, and the condition of the soldiers is pitiable. The campaign of General Otis is a failure. The people of the country are at least awakening to the fact well known in the inner circles at Washington, that "something is wrong." That is all the people know at present. Back of this condition, which is gradually permeating the public mind, there are facts most gross, conditions most reprehensible, and plots well nigh as damnable as high treason. And yet, up to date, the people unsuspectingly trust their public servants and praise with adulation the head of the administration.

Famine Faces Russians.

The hopes that the dire famine prevailing in seven or eight provinces of Russia, with a population upward of 11,000,000, would be ameliorated by the new crops within a couple of months, are now dashed to the ground, as it is officially admitted that the harvest is practically a failure. Owing to the protracted drought the crops have been scorched, and in large areas in the South they are not worth the cost of reaping, while the cold in the northern provinces has been almost equally damaging.

To add to the misery of the situation there is no hay and few vegetables, and the beet root, the principal crop in the province of Kiev, has been practically ruined. The whole situation promises to end in appalling disaster.

A Monster Piece of Iron.

On a Pennsylvania freight car Tuesday night the Bethlehem Steel company loaded one single piece of armor plate that weighed 112,056 pounds. It is to be used in a Russian battleship which the Cramps are building, and is one of the group of six mammoth pieces for the same ship. The same company also shipped Tuesday night plates for the superstructure of the Alabama to the Newport News. They are not so heavy.
