**Wolf & Crawford.**

**Lutheran Reunion at Island Park.**

On account of the Lutheran Reunion at Island Park (between Sunbury and Northumberland), on Thursday, Aug. 3, the Pennsylvania Railroad Company will sell excursion tickets from Lock Haven, Wilkesbarre, Tomhickon, Bellefonte, Mt. Carmel, Lykens, Harrisburg, and intermediate stations, to Sunbury and return, good only on day of issue, at rate of single fare for the round trip; minimum rate, twenty-five cents.

For the accommodation of persons attending this reunion from points on the Lewisburg and Tyrone Branch, returning, train No. 101, which leaves Montandon on arrival of train No. 1, leaving Sunbury at 5.45 p. m., will be run through to Bellefonte. Tickets will be sold on August 3 July 20-21.

**Barbers Will Scowl at This.**

Now it is positively asserted that long continued shaving of the face causes baldness. The theory is that all the hair making material in the system is used up in renewing the beard, the growth of which is immensely stimulated by constantly cutting back. Men who let their beards grow, women and beardless races rarely suffer premature loss of hair.

**Knife Blade Removed From Foot.**

Dr. Reese, of Renovo, removed from the foot of John Dumm, of Sunbury, a piece of knife blade that had been in his foot for 15 years. While fishing one day Dumm threw the knife to the ground, but it struck his foot and when withdrawn, the blade broke off. The foot has given him a great deal of pain.

**The Kissing Bug a Fake.**

Dr. Fernald, the state economic zoologist, stated in Harrisburg that the kissing bug is a fake pure and simple. "I have known of this bug for fifteen years and have never heard before that he had a habit of alighting upon the lips of people and biting them. It feeds upon fruit juices."

**Commissioner to Paris.**

Col. W. Fred. Reynolds, of Bellefonte has been appointed by Governor Stone as one of the commissioners to the Paris International Exposition. No salary with it.

**Probable Trolley Line.**

Some time in the near future, and we hope it may be real soon, our valley will be crossed by a trolley line connecting Lewistown and Bellefonte. The line is now being built from Lewistown to Reedsville. The men at the head of the enterprise are considering the extension to Milroy, and thence across the Seven mountains through to Centre Hall and Bellefonte. A charter was granted several years ago covering this route, and what was once considered a dream is beginning to materialize. The line would mean a great saving in time to eastern points with Lewistown railroad facilities so close at hand as the trolley lines would bring them. The extension would be welcomed by all in this county.

**The Crops.**

Haymaking is ended and the crop was put into the barns in good condition, favored by good weather. The crop was a fair average.

Most all the grain has been hauled in and some farmers are threshing. The crop will be 60 to 70 per cent.

The oats looks fair and is likely to be an average crop.

The prospects are for a full average corn crop, and more, if August weather proves as favorable as this month in showers.

Apples may be less than half a crop, many orchards resting from last year's yield.

Potatoes, from all appearance, will come up to an average crop.

Berries of all kinds, are the ordinary yield.

Taken altogether, Providence has not forgotten the farmers and people of Centre county.

**Proposed Extensions.**

The Bell telephone company will soon begin operations in extending their lines to all parts of the county, in territory now not covered by them. The company has its lines connecting with nearly all towns in the valley, with the exception of one or two, and in the near future these will be included in the service. Although having a rival in this district, their call card put out on the 15th inst., shows a marked increase in the number of patrons over that of last year.

**Grange Picnic.**

The 26th annual encampment and inter-county fair of the Patrons of Husbandry, will be held at Grange Park, Centre Hall, on the week beginning Friday, September 15th and continue until Friday, September 22nd. On Saturday, September 16th, the Veteran Club of Centre county will hold its annual picnic at Grange Park, during the encampment of the Patrons of Husbandry. Special trains will be run to Centre Hall over the railroad on that day.

**A Rainbow at Night.**

A peculiar phenomena was observed in the heavens on Tuesday night, after the thunder storm had passed over the valley. About eleven o'clock we had a sudden rain accompanied by a high wind. The storm clouds quickly passed over and the sky cleared. The moon in the western heavens was shining brightly. As the storm passed eastward the rays of the moon formed a rainbow in the east. The rainbow was clear and distinct, and was seen by different ones in this section. It is a phenomena rarely observed.

**Went Through to a Cave.**

While John Evans was driving a binder, to which three horses were attached, in a harvest field in Nippenose valley, near the Oriole cave, last week, the earth opened and horses, binder and driver dropped into a hole twenty feet deep. Evans and his horses scrambled out and the hole filled with water in ten minutes after the accident.

**Odd Fellows Social.**

The Odd Fellows lodge of Centre Hall held a social in their rooms on Saturday evening which was largely attended by the members with their best girls. Ice cream and cake were served, and music was furnished by a male quartet. The lodge is growing and shows a marked increase in membership.

**An Aged Man.**

John Farley, Sr., whose age almost reached the century mark, died on Monday morning at his home at Bellefonte, from infirmities incident to old age. He was born in Ireland, and came to this country when quite a young man. He was buried on Wednesday morning.

**Elopements Galore.**

The other day four persons from Snow Shoe were placed in Bellefonte jail charged with elopement, two single men and two married women. Their names are Altki Andus, Charles Pinlick, Sophia Kowas and Kosa Nagg.

**Huckleberries Plenty.**

The crop of huckleberries is a very good one on our mountains throughout the valley. The harvest will be a big one, and a good many thousand bushels will be gathered. The fruit is selling at 3 and 4 cents a quart.

**Business Men's Picnic at Hecla.**

The Centre-Clinton business men's executive committee met at Hecla on Monday afternoon and arranged for the annual picnic. Those present were Hammond Seehler, president; John L. Olewine, J. C. Meyer, J. W. Conley, John Sourbeck, Thomas A. Shoemaker, and Oscar Miles, of Bellefonte.

Four of the Clinton committeemen were also present.

It was decided to hold the 4th annual picnic August 30, and in case of rain that day, to hold it on the day following.

The district committeemen elected for this county, are,

- T. L. Emerson, Phillipsburg.
- Frank Crawford, Centre Hall.
- Wm. Foster, State College.
- Budd Thompson, Bald Eagle.
- C. P. Long, Spring Mills.
- Chas. H. Smith, Pinegrove.
- Howard Moore, Howard.
- Frank Warfield, of the Central railroad dined the executive committee.

**Winter Courses Discontinued.**

On account of insufficient appropriations by the Legislature, the Trustees of the Pennsylvania State College have been compelled along with other measures of retrenchment, to discontinue for the present the twelve-weeks Winter Lecture Course in Agriculture and the Cheese-making Course. The Creamery Course will be given as heretofore, beginning January 3d, and the work of the regular four years' course and of the special, one-year course, will go on as usual. Special efforts will also be made to increase the efficiency of the Correspondence Courses in Agriculture.

**Died at Farmers Mills.**

The aged wife of Jacob Neese died last Wednesday noon at her home at Farmers Mills, from the effects of a stroke of paralysis, about six weeks previous. She became unconscious from the first, and remained so until the end. The funeral was held on Saturday morning last. Interment was made in the cemetery at Farmers Mills, the services being conducted by Rev. J. M. Rearick, of the Lutheran church, of which Mrs. Neese was a life long and consistent member. Deceased was aged over seventy-eight years. She was the mother of four children, of whom two sons and one daughter survive her.

**Room for More Enterprises.**

Centre Hall is still a good point for locating an enterprise. Come and see, if you have any money to invest and a knack for business. No healthier or pleasanter spot in the world. The Reporter's oft made announcements in this direction have deceived no one, and having done much to help along the town, we are anxious to keep our favored locality before the outside public.

**Used in Another Way.**

The utilization of corn cobs for kindling is covered in a new patent. According to this scheme the pith of the cob is entirely removed and its place filled with a mixture of inflammable fluids like terpentine, benzine, etc., after which the ends are sealed with plaster and the whole dipped in rosin. A match touched to this combination makes a roaring fire in a few seconds.

**Lutheran Reunions.**

The annual reunion of the Lutheran churches of the general synod of Pennsylvania, Maryland and Washington will be held at Pen Mar, near Philadelphia, on July 27.

The annual reunion of the Lutheran churches of central Pennsylvania, will be held on Packer Island, near Sunbury, on Aug. 3. Fare half price.

**St. Swithin's Day.**

Last Saturday was St. Swithin's day, and according to tradition if it rains on that day, we shall have showery weather for forty days thereafter. We had the downpour and if there's anything in signs we can expect a young deluge when the limit has expired.

**Another Gets the Clerkship.**

Miss May Rhone, daughter of Hon. Leonard Rhone, of this place, will be appointed as chief clerk to the Economic Zoologist, by Oliver R. Mercer, of Westmoreland county, who was apparently sure several months ago of getting Dr. Fernald's place.

**A Big Crop.**

An exchange says the harvesting of the crop of L.L.D.'s and D.D.'s is over, but the new possessors of these baubles are still busy, before their glasses, experimenting as to how to wear them gracefully and studying the art of getting them on straight.

**Went Through the Bridge.**

Recently David Maurer, who lives at Maurer's Mill on Penns Creek in Snyder county, ran his traction engine on the creek bridge during a rain storm and two of the wheels broke through, damaging the bridge to the amount of \$100.

**Sea Shore Excursion.**

Persons going to the Seashore on the Penn'a Railroad Excursion Thursday July 27th, may go through to Atlantic City without transfer by taking the Delaware River Bridge Route.

**William Auman—18—18—81.**

The 1's and 8's can't be unlucky figures like the mystic 13.

Our old patriarchal friend, William Auman, of Gregg township, a man of life-long honesty and probity, celebrated his 81st birthday, on Tuesday 18th, was born on 18th July, 1818, and was the father of 18 sons and daughters.

Father Auman lived all the days of his years in Gregg township, excepting three months, when he had his home at Linden Hall. He belongs to the good old stock of honest men whose word was as good as their bond. He was a staunch Democrat and will remain in the faith to the end—may that be many years yet. The writer enjoyed the warm friendship of this good old man for nigh a half a century. John S. Auman, miller, of this place, is a son of the above.

**George W. Leuffer Dead.**

George W. Leuffer, one of the oldest and most extensive railroad builders in the State, died on 14 inst., at New Florence, Westmoreland county, aged 85 years. He was born in Philadelphia, where his son and two daughters reside.

Mr. Leuffer was a civil engineer and was one of the original ones who surveyed the Penn'a Railroad. He was chief engineer in the building of many railroads in Pennsylvania and the South. It was he who projected the celebrated horse-shoe curve on the Allegheny mountains. He was very wealthy and was widely known. His body was shipped to Philadelphia.

Mr. Leuffer was chief engineer when the L. & T. railroad was located through Union and Centre counties. The editor of the Reporter enjoyed his acquaintance and after his work here was completed, the acquaintance was kept up by pleasant correspondence.

**Tore Out His Whiskers.**

Isaac Taylor, a saw filer at the Star sawmill, Williamsport, was the victim of a frightful accident and narrowly escaped with his life on Monday. Taylor is sixty years old and wears a long beard. He was engaged in adjusting an oil cup when his beard caught in the shafting, around which it commenced to wind. His head was drawn against a rapidly revolving emery wheel, which cut several long gashes in his face to the bone. With a mighty wrench Taylor tore loose, leaving a portion of his beard attached to the shaft.

**Hastings to Erect a Pottery Plant.**

Bellefonte is to have another new industry, a mammoth pottery plant for the manufacture of fine porcelain ware. Bellefonte parties who are interested in the matter are Ex-Governor D. H. Hastings, John P. Harris, and Ellis L. Orvis. These men have concluded negotiations with a large Eastern firm, have secured an option for the location of the plant at Bellefonte, and have also secured options for clay lands along Buffalo run. The plant will cost \$50,000, and will give employment to 300 men.

**New Cream Separator.**

The tinware establishment of J. A. Grenoble, at Spring Mills, has been purchased by John Snaveley, formerly of our town. John has invented a cream separator of the settling variety, which is a great improvement over the old kind in general use and he will manufacture them. The can is made of tin, and is sold 10 gallon capacity, \$2.50, and 15 gallon \$3.50. The milk is set in a cool place for an hour and the cream is separated.

**To Cure Freckles.**

A girl not a thousand miles away sent a dollar to a smart New York man for a sure cure for freckles. This is what she received in reply: "Remove the freckles carefully with a pen knife; soak them over night in salt water, then hang them up in a smoke house in a good strong smoke made of saw dust and slippery elm bark for a week. Freckles thus treated are thoroughly cured."

**Death Under a Harrow.**

A fourteen-year-old son of John Elkton of Bradford county, was killed, and his body terribly mangled a few days ago by a harrow passing over him. Mr. Elkton was sowing grain and the boy was harrowing it in. The team passed over a nest of bees and the insects stung the horses and caused them to run away. The boy was dragged some distance beneath the harrow.

**Died in Altoona.**

Herman Fineberg, of State College, died at the home of his sister at Altoona, last Thursday evening, at the age of 27 years, from a complication of diseases. He was born in Russia and his remains were interred in the Jewish cemetery at Altoona.

**A Lawn Sociable.**

The ladies of the M. E. church will hold a lawn sociable at the home of William Lohr, on Church street, on the evening of July 29th. All are invited.

**Union County Deaths.**

Deaths in Union county: At Mazepa, Elizabeth Renner, in her 77th year. In White Deer, Daniel Kolp, age 78 years.

**A Clean Sweep...**

We have anticipated the advance this Fall in the price of Boots and Shoes, so we have already bought most of our Fall stock. We must have the room for these goods, so

On a lot of Summer Shoes, and odds and ends in our Shoe stock. Come soon if you want any of them. The low prices on them will make them go.

**S. M. SWARTZ,**  
TUSSEYVILLE, PA.

**Twenty Chamber Suits.....**

**Must be Sold...**

To make room for Fall trade.

For Cash and Easy Payments.

**JOHN SMITH & BRO.,**  
Spring Mills.

Of Interest to Farmers.

Here is something from an exchange that many farmers should read and profit thereby: "It has been decided by the courts that if a bicycle rider falls or sustains injury on account of a dog barking or snapping at him, that the owner of the animal is responsible for damages. In a recent case the cyclist obtained \$500 damages by reason of being thrown from a wheel on account of a vicious dog attacking him.

Our baby has been continually troubled with colic and cholera infantum since his birth, and all we could do for him did not seem to give more than temporary relief, until we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. Since giving that remedy he has not been troubled. We want to give you this testimonial as an evidence of our gratitude, not that you need it to advertise your meritorious remedy.—G. M. Law, Keokuk, Iowa. For sale by J. H. Ross, Linden Hall; S. M. Swartz, Tusseyville; F. A. Carson, Potters Mills; H. F. Rossman, Spring Mills.

**Repairs Are Now Completed**

And as we go to arrange the goods to suit our new room, we find too much goods for even our enlarged shelf and counter space.

**These Goods and Many New Ones must Go at Reduced Prices.**

Spray still leads.
