## DEMOCRATIC COUNTY TICKET.

SHERIFF, CYRUS BRUNGART, Millheim  
TREASURER, WM. T. SPEER, Bellefonte  
REGISTER, A. G. ARCHER, Ferguson Twp  
RECORDER, J. C. HARPER, Bellefonte  
COMMISSIONER, DANIEL HECKMAN, Denver Twp  
PHILIP H. MEYER, Harris Twp  
AUDITOR, JOHN H. BECK, Walker Twp  
W. H. TIBBENS, College Twp  
CORONER, Dr. W. U. IRWIN, Huston Twp

Quay will soon meet in Harrisburg and nominate his state ticket.

It seems the anti-Quays carried the Millin county primaries last Saturday.

There is to be another call for volunteers, to reinforce the army of General Otis.

In Clinton county the Republican primaries went about half-and-half, Quay and anti-Quay.

The last ten days were prolific of horrible murders and suicides throughout the country.

Bellefonte is talking of having a match town. Perhaps it has some matches it can't trust.

The Cambria Iron Comp., at Johnstown, has made a large cut in the wages of some of its employees.

At Cramp's shipyards near Philadelphia, prosperity has ended and about 1500 men with families, will be thrown out of employment.

Wheat, by will of the speculators, is stubbornly held down to the 60s, until all bought up, then up will shoot the price.

The Iowa Democrats are for Bryan. His unanimous nomination by the next national convention is a certainty—all signs tend that way.

The popularity, affability and fitness of Cyrus Brungart, our nominee for sheriff, make him sure of an overwhelming vote on this side. He adds strength to the ticket.

The sensitiveness shown by Mr. Quay to the criticism of the Sunday slatemaking conference induced him this time to make his state on week-days and go fishing on Sunday.

The Republican state convention meets at Harrisburg next week. Quay has both with his slate; some of his lieutenants do not endorse all his slated ones for the state ticket.

Senator Burrows, Republican, of Michigan, does not endorse the President's Philippine policy. Ex-speaker Tom Reed, and senators Hoar and Chandler, all Republicans, oppose the same policy.

Richard Croker, the New York Democratic leader and Tammany chief, considers Bryan one of America's greatest sons. Croker also declares the war will defeat McKinley, and that the people will turn to the Democrats to save them from Trusts and Imperialism.

Ex-speaker Tom Reed has returned from Europe. It is said he will run for congress again, but will not accept the Speakership, and that he desires to occupy a seat upon the floor of the House where he will be free to oppose the Philippine war policy of McKinley, and oppose expansion.

The administration is troubled—it will be shaken by a Reed.

The pension roll is decreasing. The total number of pensioners on the roll June 30 was 991,519, a decrease of 2195. There were 40,991 names added to the roll and 43,186 dropped.

Of those dropped 34,345 were because of death and 5841 because of remarriage, minors attaining their majority, failure to claim pension and other causes.

The war with Spain brought a total of 16,896 claims, of which number but 295 have been allowed.

It took several years, says the Philadelphia Ledger, to procure from Congress authority to purchase a strip of ground adjacent to the postoffice, needed for the handling of the mails. After that was accomplished it took a couple of years to procure the money with which to make the purchase. Now, it bids fair to take a few years longer to put the ground in shape for effective use. And, after all, it will

only be a passageway for the mails, a matter which should have been begun and concluded in a month, at the longest. Great is the obstruction of red tape!

Laden with relics of the Cliff Dwellers, Rev. Dr. Cole has returned from a journey to the ruined cities of southern Colorado and New Mexico. Valuable results were secured by excavations in an ancient communal dwelling, as yet unnamed, which stands on cliffs of the Sante Fe river, 14 miles from Espanola, N. M. There were not less than 1600 rooms in the larger building in its prime. It was 240 by 300 feet. Dr. Cole estimates that from 4800 to 6000 people lived in the pueblo.

Among the bones taken from the burial mound were a woman's femur 19 inches long, showing a giantess 7 1/2 feet tall. The cliff on which the ruins stand rises a thousand feet above the surrounding country.

## CANDIDATE CREASEY'S PLATFORM.

(From his Speech of Acceptance.)

"In accepting the nomination for State Treasurer I pledge myself to uncompromising hostility to all corrupt practices and illegal methods that have been the rule of the machine treasurers in the past. If elected I will regard myself as holding a commission from the people to administer the office for their special use and benefit, and I will keep my trust. I will safeguard the public money faithfully.

"No private or political end shall be served by the deposit or disbursement of a single dollar.

"All interest shall go to the State.

"Political banks and bankers shall receive no favors at my hands with the people's treasure.

"I will regularly publish the places of deposit of every dollar, both of the general and sinking fund moneys, with the amounts of deposit in each place.

"I will keep open books and court inquiry from the people as to my stewardship.

"I will deem it my duty to carefully scrutinize every draft upon the treasury, and will refuse to pay when the justice and legality of the claim are not manifestly established.

"I will observe the law in all respects.

"I will keep my oath."

## A Policy of Push.

No matter what policy the United States Government in its wisdom or unwisdom may hereafter adopt with reference to the Philippine Islands and Islanders, there is but one thing to do until the rebellion in those islands shall have been suppressed, and that is to push the task of suppression with unsparring and unrelenting vigor. After peace shall have been established there will be time for debate.

There is no doubt that a policy of push is deemed advisable even by that portion of the American people who do not think that the Philippine archipelago should become a permanent possession of this nation. The promise given by the new Secretary of War, and apparently approved by the President, of making vigorous war while the conflict shall last has given great satisfaction. Delay would mean disaster. The people are tired of it.—Record.

## To Look Into the Trusts.

A conference on combinations and trusts is to be held in Chicago in September. The Civic Federation has had the matter in hand for a long while. It has employed agents to gather and compile information with a view to guiding the conference in making any suggestions as to legislation which may be deemed advisable. The movement has made such headway as to attract general attention.

Thirty-five governors of states have signified a willingness to appoint seven delegates each, and 20 states will be represented by their governors, attorneys-general and labor commissioners. Members of the Interstate Commerce Commission and of the United States Industrial Commission have reported in favor of accepting invitations to be present at the conference, and all the prominent tariff and free trade organizations will probably be represented. In addition to the presidents of 37 national and state commercial, agricultural and labor associations have sent acceptances.

## Reduced Rates to Williams' Grove.

For the Twenty-sixth Annual Interstate State Grange Picnic Exhibition, to be held at Williams' Grove, Pa., August 23 to September 2, the Pennsylvania Railroad Company will sell excursion tickets from August 26 to September 2, inclusive, good to return until September 4, inclusive, at rate of one fare for the round trip, from principal stations between East Liberty and Bryn Mawr; on the Northern Central Railway north of and including Lutherville, and on the Philadelphia and Erie Railroad Division east of and including Waterford.

For information in regard to train service and specific rates application should be made to ticket agents, August 10-20.

## Creasey on the State Issues.

Hon. Wm. T. Creasey, Democratic candidate for State Treasurer, in his address at Williamsport, last week, said:

"The millions of the people's money have been held as the estate of the party machine and administered at the behest of the party boss. They have been deposited with political banks and political bankers for private gain. They have been loaned out to the political boss, to the members of his family, to his lieutenants and to his mercenaries and his tools. They have been handed over for stock jobbing and stock gambling to corrupt politicians. Their use has been sold by the same agencies for interest paid to the treasurers, to other public officials, and to conspicuous managers of the machine.

"They have been made to pay annual tribute regularly to furnish the machine itself with funds to debauch the elections and elect machine candidates. They have been in steady and systematic corrupt manipulation by political state treasurers during the decades of machine rule.

"This is the history of the state treasurership in Pennsylvania. In no respect is it overrated or exaggerated."

## What Liquid Air Cannot Do.

When a man of ordinary business experience is met by the statement that liquid air can be used to drive an engine, and that three gallons of liquid air so used will produce ten gallons of liquid air, he is incredulous and says, "That is perpetual motion." But when he is told, and truthfully told, that the new proposition is not to create something out of nothing, but merely to use a small part of the boundless stores of energy which really exist in the air and earth and water about us, he is likely to be puzzled, if not convinced. He may ask if this new thing is any more unlikely than the telegraph or the telephone or the Roentgen rays seemed at first. To this question there is a plain answer: The various wonders just named were not, even at first, in opposition to any accepted scientific principle. They added a few pages to the books of science; but they did not require the erasure of a page already included therein. The marvel of the telephone, for example, lay not in the revolution of our ideas as to electricity and magnetism, but rather in the revelation of unsuspected sensibility of the human ear to slight impressions.

That many interesting facts have been discovered by the study of liquid air is obvious; that important uses will be found for this article is probable; but that liquid air, taking energy from objects at the ordinary temperature about us, can permanently replace the usual agencies for the performance of work, is a proposition against which can be set one of the most firmly established principles of physical science—a principle upon which is based a large part of all that has been written during the last fifty years concerning the relation of heat to other forms of energy; so writes Ed. H. Hall.

## Biblical Advice.

If your faith is below par, read Paul. If you are getting lazy, watch James. If there is no song in your heart, listen to David.

If you are getting weak-kneed, take a look at Elijah.

If you are just a little strong-headed, go and see Moses.

If you are getting sordid, spend a while with Isaiah.

If you are impatient, sit down quietly and have a talk with Job.

If you feel chilly, get the beloved disciple to put his arms around you.

If you are losing sight of the future, climb up to Revelations and get a glimpse of the Promised Land.

## The Best Remedy for Flux.

Mr. John Mathias, a well known stock dealer of Pulaski, Ky., says: "After suffering for over a week with flux, and my physician having failed to relieve me, I was advised to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, and have the pleasure of stating that the half of one bottle cured me." For sale by J. H. Ross, Linden Hall; S. M. Swartz, Tusseyville; E. A. Carson, Potters Mills; H. F. Rossman, Spring Mills.

## What is Celery King?

It is an herb drink, and is a positive cure for constipation, headache, nervous disorders, rheumatism, kidney diseases, and the various troubles arising from a disordered stomach and torpid liver. It is a most agreeable medicine, and is recommended by physicians generally. Remember, it cures constipation.

Celery King is sold in 25c. and 50c. packages by druggists and dealers. Sold by J. F. Smith, Centre Hall, Pa.; E. Wieland, Linden Hall; G. H. Long, Spring Mills.
