SPRING MILLS.

What Our Correspondent Finds of Interest in that Busy Town.

All our merchants report a very fair business during August.

Coal operations in this neighborhood appears to be in a quiescent state.

School commenced here on Monday last, with quite a large attendance.

Quite a number of our old veterans left on Monday for Philadelphia, to attend the encampment held in that city this week.

Edward and Harry Confer have resigned their respective positions in the Spring Mills Planing Mill and will attend school this fall and winter.

Quite a number of our old veterans left on Monday for Philadelphia, to attend the encampment held in that city this week.

Edwin Ruhl will enter the restaurant business on the 16th inst., in the Grange Hall, located on the corner of the avenue and creek road, an excellent location. He will keep in stock fresh candies, nuts, choice fruits, water ices and ice cream, also a high grade of tobacco and cigars; oysters will be on sale at a later date and will be served in any style desired.

A day or two since I stepped into that beehive of business—the carpet factory of J. I. Condo to see his new styles for fall and winter sales. The samples are beautiful, the colorings bright and lively. Mr. Condo is now manufacturing what is called a western carpet, which is entirely different from the eastern make and is attracting very considerable attention, from the fact that it requires much less material, yet the carpet has a body almost as firm and solid as a board.

Mr. Condo has only recently introduced this western idea, and it seems to take like wild fire. He observed to me that if orders continued to be received like they have of late, he would be forced to double the capacity of his factory.

The roll he opened for my inspection was quite a beauty, the colors beautifully blended and indeed had the appearance of a ten-wire tapestry carpet, when in fact it was manufactured for the ridiculous figure of 25 cents per yard. At such prices no wonder his factory is being operated to its utmost capacity and frequently running over time.

COBURN.

Diphtheria Prevalent in this Section.—Five Fatal Cases Have been Reported.

Quite a number of our people were in Bellefonte attending court last week.

The painters are putting the finishing touches upon P. S. Meyer's house this week.

Labor Day was not generally observed as a holiday, many not knowing that it is a legal holiday.

Frank Hackenberg is considering an offer of cooking in a lumber camp near Lewisburg. He has not fully decided yet to go.

W. W. Koonsman has rented the house vacated by W. H. Kerstetter some time ago, and moved his family into it one day last week.

A small child belonging to A. B. and Clara Kern, of near this place, died on Saturday and was buried on Monday, at Paradise church.

The members of the prospective Cornet band met in the school house on Saturday evening for the first time to effect an organization; your scribe cannot say whether they succeeded or not.

Master Stanley Burd took his departure for his home at Bellwood, Blair county, on Monday evening. He generally spends the summer months with his uncle, P. H. Stover, at this place.

The only child of William and Blanche Witmyer, died on Monday, August 28th, and was buried on Wednesday, August 31st, at Aaronsburg. The said child had been afflicted for some time with a very irritating skin disease, which terminated fatally on the above date.

There seems to be a prevalence of diphtheria in this section at present. Two fatal cases at Millheim, one at this place thus far, and two cases at Aaronsburg that are yet dangerous. The health authorities, as well as all persons, should take all precautions to prevent its spreading. Schools are about to begin, and if the necessary steps are not taken, it may seriously interfere with the operations of our schools.

Annie, the eight-year-old daughter of R. F. and Emma J. Vonada, of this place, departed this life on Saturday afternoon, September 2nd, after a two days' sickness of that dread disease diphtheria. The little patient first began to complain on Wednesday night, and on Saturday afternoon her spirit took its flight to the Supreme Being who gave it life. Thus one by one God, in his allwise providence plucks the dear treasures from the earth, and leaves sad hearts to repine their sudden departure.

Two of our young men from one of the suburbs of our quiet little town

drove to the Business Men's picnic last Thursday, intending to come home together in the evening. Somehow they got separated on the ground, one of them wandered to Lock Haven and then to Bellefonte, where he stayed for the night, the other was waiting on the ground for him to turn up. He had a long wait of it, as his chum came home on the 7:50 train the next morning via Lemont. When last seen of the one who had wandered away, he was going on a bicycle in the direction of Madisonburg and thence to Hecla Park, in search of his lost companion with the horse and buggy.

TUSSEYVILLE.

Mr. and Mrs. Adam Krumrine with their visitors, Mr. and Mrs. John Wagner, spent Sunday with friends near State College.

Thomas Swartz has almost decided to remain a bachelor, since the social on Saturday evening; perhaps he will hand in an application to Pat. Garity for half his tent.

The social held by the K. L. C. E. Society of the Bethany United Evangelical church on Saturday evening, was a success, and all enjoyed a very pleasant evening.

George H. Bottorf disposed of his household goods at public sale, on Saturday, and the following Monday departed with his family for Pittsburg, where he has secured a lucrative position with the railroad company.

The schools will open on Monday, in charge of the following corps of instructors: Lemont, J. A. Williams and L. S. Bottorf; Oak Hall, George Glenn and D. M. Tate; Branch, Edwin H. Williams; Dale's Summit, G. W. R. Williams; Centre Furnace, Robert Herman; Pleasant View, Sophia H. Thompson.

An Innocent Lamb.

Nineteen witnesses were called at Clearfield, to testify in the case of Mrs. Sarah Kline vs. George W. Mattern. The price of a scrubby lamb was all that was between the litigants, but the three prominent attorneys smiled serenely as they received their retainers, and nineteen witnesses filed bills of costs, while three arbitrators each earned \$1. The case was quite complicated and compared very closely with the western calf case, which cost two neighbors four valuable farms while seeking vindication.
