F. A. CARSON

POTTERS MILLS.

Foster's Weather Forecast.
My last bulletin gave forecasts of the storm wave to cross the continent from October 30 to November 3, and the next will reach the Pacific coast about November 4, cross the west of Rockies country by close of 5th, great central valleys 6th to 8th, eastern states 9th.
Warm wave will cross the west of Rockies country about November 4th, great central valleys 6th, eastern states 8th. Cool wave will cross the west of Rockies country about November 7th, great central valleys 9th, eastern states 11th.
Temperature of the week ending November 13 will average below normal east of the Rockies and above west. Precipitation will be the reverse of this, and in the northern states east of the Rockies much of the precipitation will be snow.
The temperature from October 1 to October 20 followed the forecast curve almost perfectly, but was higher than the forecast indicated.
A rising temperature may be expected near November 1, and following that a long cold period from November 15 to November 22, which will be warm and then severe cold for the remainder of the month.

Can We Get It?

A shirt manufacturer in a town in the eastern part of the state employing about fifty hands with about \$2,000 monthly pay roll, is looking about for a place to locate with his factory. He wants an \$800 bonus from the town to locate such a plant. Cannot Centre Hall's energetic citizens get sufficient movement on them to have this plant locate here? It would be the greatest benefit to all lines of business, and give employment to the many young people who are compelled to seek employment outside the place. A board of trade might succeed in securing such enterprises. A fitting example may be cited in across the Snyder county line in Middleburg, a town of little more population than Centre Hall, where its citizens secured a shoe factory which went a-bidding. The plant now employs sixty hands and is one of the best things the town ever had.

The "Change of Air" Cure.

"There is no sense," a New York physician is reported as saying, "in the hap-hazard way in which a patient is sent away from home to exhaust his strength and spend his money in the hope that a change of air will do him good. There is no use in sending a person away to die. Many physicians are not all considerate enough about this sort of thing. There are some cases in which the influence of climate is a potent factor in the treatment of certain diseases, but not half so many of them as is generally supposed. Quiet and rest at home, plenty of sunshine, good food and pure air, are worth far more than a change of climate, that is so often recommended as a cure-all."

Brilliant Display Promised.

The atmosphere predicts that the display of meteors on the night of the 14th of November will be remarkably brilliant. These great showers of meteors occur every 33 years. Two previous showers in 1883 and 1866 were of wonderful brilliancy. Some of the meteors that are flying through space can be seen nightly at present.

Death at Unionville.

Miss Rachael Hicklin died at her home at Unionville last Saturday after an illness of over a year from a complication of diseases. She was aged about sixty years, and leaves three brothers and one sister.

On a Deer Hunt.

Yesterday morning, Nov. 1st, the season for legal killing of deer opened in this state and many parties left the night before to be on the happy hunting grounds for a couple days sport in the Centre county deer wilds. The Bradford hunting party went to their usual haunts in Stone valley. It was composed of John Coble, Frank Bradford, George Bradford, Clyde Bradford, John Kuhn, Isaac Shawver and Will McClenahan. This party will be gone nearly a week.
Another party of younger sportsmen composed of Harry Harper, the Roman and Kerstetter boys and several others went into the mountains to stay until they had a crack at a deer. There is no likelihood of venison becoming a drug on the market. Deer are not reported very plenty this year.

A Spirit of Economy.

A pedestrian who is compelled to move through our streets any of these dark nights after ten o'clock, does so at the risk of his life and limbs. The streets are shrouded in darkness rivaling that of an Egyptian dungeon, and nary is the street light burning and shedding its beaming and welcoming rays broadcast. We have been unable to learn but are of the opinion that the cutting short of the light hours is a result of the condition of the borough finances. The town apparently cannot stand street lamp service up to midnight or all night. Turn on the light.

Hale and Hearty.

For his age, 81 years, Daniel Hess, the founder of Linden Hall, is looking hale and hearty. Mr. Hess was an earnest worker to get the railroad extended through the valley, and is now basking as a retired merchant, delighted to watch the iron horse pass and re-pass his door each day. Public spiritedness and enterprise characterized his life.

Mountain Fire Near Loganton.

The only valuable timber destroyed by the fires last week in Clinton county was on a tract of 1,300 acres near Loganton, owned by county treasurer Jameson and D. K. Heckman. On this tract was fine timber into which the axe had never been introduced. All this timber was destroyed, entailing a heavy loss.

We truly sympathize with our good friend, General Heckman.

Death at Bellefonte.

Levina E. the wife of F. Peebles Greene, died at her home at Bellefonte on Saturday night from a complication of diseases induced by an attack of la grippe about a year ago. She was aged over sixty-five years and leaves a husband, two daughters and a son. Interment was made in the Bellefonte cemetery on Tuesday afternoon. Deceased was a faithful member of the M. E. church.

Weather Interfered.

Hallow 'een passed without any pranks being played on our citizens by the mischief loving gentry who find license on this night to raise the very deal in all towns. The weather was decidedly wet on Tuesday evening and to this alone can be accredited the little work done. There was plenty of corn thrown, and Hallow 'een parties were given by Miss Anna Bartholomew and Miss Kate Keller.

Fifty Miles of Trolley.

A trolley line extending through the West Branch Valley from Lock Haven to Sunbury, with Williamsport as the central point, is soon to be constructed.

The Railways Company General, of Philadelphia, which recently purchased the lines of the Montoursville and the Milton, Lewisburg and Watsonville Companies, is said to be back of the big scheme.

Ties Scarce.

Now there is a scarcity of railroad ties threatened and the dealers in logs are looking up the available supply. A western road came into the market for a huge number some time ago, and Central Pennsylvania lines are on the search for them. The renewal of tracks necessitated by the heavy travel has caused part of the unusual demand.

Rabbits are Plenty.

Sportsmen say that when the rabbit season opens on November 1, there will be more of this species of game in the field than for years gone by. Wherever corn is being cut large numbers of cotton tails are found.

Tried Suicide.

William Peck, of Sandy Ridge, this county, recently attempted to commit suicide by taking poison. A physician saved his life by the quick administering of antidotes.

Lectures Next Week.

Rev. Brouse will deliver a lecture in the Spring Mills M. E. church next Tuesday evening, November 7, and in the Sprucetown church Wednesday evening, 8th.

This Game is Plenty.

Since yesterday the rabbit hunters have been out in force giving many a bunny a lively and weary chase. The game is reported very plenty and we can expect to hear of big scores made.

Bad for the Lawyers.

Under the law the Prothonotary is obliged to post thirty days before court a list of all the cases on the civil list. A very remarkable notice of this kind can be seen at our court house where there are no cases down for trial for any term of court within the next nine months.—Lewisburg Journal.

Happy Union county! When Centre can point to a similar state of peace then our many esteemed lawyers may go to quarrying stone and sawing wood; the pretty type-writers take in washing; the court-house attaches dig ditches and grub newground, and the judge make his living by fishing. But as it is, all are busy and some impairing health hard at it doing nothing.

Death of Edward Hess.

After an illness lasting three years, during which he suffered intensely from dropsy and heart trouble, Edward Hess, of Phillipsburg, died on Sunday at the Williamsport hospital, where he had gone a few days previous for treatment. The deceased was a son of the late Lewis Hess, and was aged 63 years.—Phillipsburg Ledger.

Lewis Hess, years ago, was a resident of Centre Hall.

Creasy and "the Flag" Before Turkey Anthon.

The editor was kindly invited to a wild turkey dinner in a neighboring town, but we had to forego the pleasure that we might watch the political sky for this, the last issue of the Reporter at the close of the campaign. The election of Creasy, the flag and our country first, thereafter invitations to turkey dinners, or the turkeys, can come thick as snowflakes, and will receive respectful attention.

Sellinggrove Patients at Home.

Dr. Pottetiger and family, James Bedgar, Mrs. F. H. Smith and daughter, May, and little Esther Moyer, of Sellinggrove, who were bitten recently by a mad dog, returned home Monday night of last week from New York, where they had been undergoing treatment in the Pasteur institute. The patients are apparently free from any future bad effects of the bites received.

Truly Blessed.

Blessed are they who scorn to borrow their neighbors' paper, says an exchange, but come to the sanctum and laying down the price of a year's subscription on the desk, say: "Put me down on your list, I like the paper very much." Yes verily, they are happier, their family is happier and such as they are entitled to a front seat next to the band.

State Grange.

The annual meeting of the Pennsylvania State grange will be held in Lock Haven, December 12, opening at 2:00 p. m. Every subordinate grange in the state in good standing on the books of the secretary is entitled to representation. A public reception will be given by the city in the court house on Tuesday evening.

Ball Lodged in Leg.

The Clinton Republican says, Robert, a son of Robert Kerstetter, of Loganton, while out hunting Saturday afternoon last, with a party of boys, shot himself in the left leg by the accidental discharge of a revolver.

The Schools.

We learn from superintendent Gramley that the schools of the county are in successful operation, under an efficient corps of teachers. The Centre Hall schools stand in the front rank for admirable regulations and instructors.

Teaching in Dawson City.

Miss Phoebe Hoover, the Phillipsburg school teacher who started for the Klondike over a year ago and who has been doing all kinds of work up there, is now reported to be teaching school in Dawson City, with thirty pupils at \$10 each per month.

For More Business.

The Bell telephone company intend running an additional line from Centre Hall to Lewistown in a day or so to accommodate their increasing business in this territory, which is steadily growing larger.

Not a Dream.

A trolley from Coburn to Millheim and Rebersburg, will be a fact some day. Grade almost nothing and right of way about ditto, construction comparatively low; convenience great, and traffic profitable.

Barn Burned.

A large barn on the farm of Budd Thompson, at Martha Furnace, on the Bald Eagle Valley railroad, was destroyed by fire Saturday night last, together with this year's crops and three cows.

Died in Brush Valley.

Joseph W. Snook died in the east end of Miles township, Thursday of last week, aged 63 years and 8 months. He is survived by five sons and six daughters.

A Man of a Family.

Over in Tyler, Clearfield county, a few days ago, a young man only 24 years of age married a widow who was the mother of six children, and had one grandchild.

Additional Tax on Judgment Notes

The Commissioner at Washington has decided that ordinary judgment notes will hereafter be considered as the same as bonds, and tax d 50 cents each under the War Revenue law, and if a power of attorney is embodied in the note it must bear an added stamp worth 25 cents. The universal practice among business men and internal revenue collectors has hitherto been to consider a judgment note as an ordinary promissory note, carrying as tax a stamp worth 2 cents for every \$100 of face value. In order to secure a clear decision in the matter, Collector McClain wrote to the department on October 12, enclosing a common blank form of judgment note, and he has received the following reply:
"Sir: I am in receipt of your letter, in which you refer to your conversation in reference to the liability of obligations to pay money under seal, and you inclose such a form of obligation in your letter, to be formally ruled upon. In reply you are advised that this instrument is taxable at the rate of 50 cents, as a bond, and 25 cents for the power of attorney contained therein."

Hunter's Luck.

Thomas Wilson was hunting in the mountains near Howard last Thursday, and brought home with him a 19 pound wild turkey, 2 grey squirrels and a pheasant. Tom says the game is very plenty on the other side of the county. Simon Ripka killed a 22 pound wild turkey on Friday, which created many a desire in the hearts of our sportsmen who saw it. Rev. Christine and Charley Arney were after squirrels last Thursday morning and bagged six greys. The weather has not been favorable for squirrel hunting since the season opened, and the first rain will find the woods full of hunters.

Cost to the County.

The forest fires in the county have cost the tax payers a nice little sum for the services of the constables who act in the capacity of fire wardens. Bills aggregating \$1000 have already been paid and several hundred dollars are needed yet to square the accounts. But this is small compared with the value of the fine timber that has been burned. It is estimated that in the denudation of our forests in the county, fifty per cent. of it is done by fire.

To Spread Out.

Altoona is about to enlarge. The thriving boroughs of Millvale, Juniata and Fairview, which join that city, have caught the annexation fever. They will in all probability be accepted by city councils before the close of the year. This addition will give Altoona a population exceeding 50,000 inhabitants and the undisputed position of being the metropolis of central Pennsylvania.

Death of a Child.

Grace, the 8-year old daughter of Wallace Kerstetter, of Millheim, died on Tuesday from the effects of that dread disease, diphtheria, which invaded a number of homes in that town the last two months. There are no other cases in the town and the disease has been eradicated by strict quarantine regulations.

Robbery Postponed Wedding.

Leonard Minor, an employe of the Keystone Lime and Stone company, at Pemberton, a short distance from Tyrone, was overpowered by two negroes at Spruce Creek Sunday and robbed of \$247 in cash and a watch. Minor had expected to be married on Christmas day, but says he will now have to wait till some other Christmas day.

Lime Company Chartered.

The Bellefonte Lime company was chartered at the state department last week with a capital stock of \$25,000. The directors are J. P. Harris, Frank Warfield, J. P. Harris, Jr., J. W. Gehart, L. T. Munson, all of Bellefonte, and C. L. Clement, of Sunbury. The company operates the quarries at Salona.

To the Public.

Some one with malicious intent has been circulating the report that I will answer no night calls for those requiring medical services. This is absolutely false, and without the least foundation. All calls for my services will receive prompt attention regardless of the hour night or day.

GEORGE L. LEE, M. D.

Fossil Snakes.

Two fossil snakes of large size have recently been taken from the coal mines at Peale. One of the fossils was 11 1/2 feet long and is now in the possession of Edgar Shaffer, at Peale. The other was taken from a mine 150 feet under ground and is 19 feet long. The fossils are complete but were taken out in sections.

An Excellent Entertainment.

Madame Frye's entertainment in Grange Arcadia last Thursday evening, was witnessed by a large and appreciative audience, who were well pleased with every number on the program. The entertainment combined violin and vocal solos and readings, all of which received enthusiastic encores.
