CENTRE HALL, PA., THURS. NOV. 30

Yes, the people of this state, instead of bread got a stone.

Grain prices remain about the 60ths, but Trust prices keep going higher.

Governor Stone is right for once, he sides with Dewey in the house transfer.

The House, it is reported, will refuse to seat former Roberts. The women are hot after his scalp.

The Philadelphia National Export Exposition closes on Saturday, and was a success financially.

Taking the number of hunters shot this season, accidentally, we think it will balance the number of deer killed.

In several counties officials for taking illegal fees, have been indicted; two sheriffs are among those in hot water.

British re-enforcements having arrived in Africa, hot and heavy fighting may now be looked for. Thus far the Boers have had the better of it.

The State College Times has a big job on hand to bring Quayism ahead of Daniel in Centre county—an egg shell pitted against Dewey's feet.

It is a healthy sign when the people show by their ballots that men of unsavory records are not wanted for public positions. Boodlers and swindlers, take notice.

An Ohio mau was killed by a trap gun he had set to catch burglars, but had forgotten about it when he opened the door to enter his store. A man gets beaten at his own game sometimes.

Be quiet as a mice, you machine organs, about unproved fraud in Kentucky, while you a Governor Stone vetoing ballot reform in Pennsylvania and astounding frauds in Philadelphia.

It is predicted the match Trust will either buy out or freeze out the new Bellefonte match factory, now in the course of erection. That is the way Trusts work, to enable them to raise prices on consumers.

Another Quay man has gone over to the insurgents. Mr. Nisbet, of Allegheny, a member of the legislature, who voted throughout the entire session for Quay, has left the machine and is now working for Quay's defeat.

Revolt is threatened in Cuba. Believing that the Americans intend to make a colony of the island, 1000 armed Cuban insurgents are reported to have concentrated in Pinar del Rio Province, prepared to fight for independence.

The Clearfield jury list for the present term of court has been discovered a bogus. It was fixed up to help officials in a scrape, who were crooked in their doings. The Clearfield Republican, Democratic organ, made the discovery and now court will be held.

The war in the Philippines is reported over since Aguinaldo's flight to the mountains with a remnant of 2000 of his army. But it is said an annoying guerrilla warfare will be kept up by the rebels, which will render it necessary to keep American forces there to protect our possessions.

The Kentucky governorship remains undecided yet. The Democrats elected all the other state officers by about 3000 majority, and have a large majority in both houses of the legislature. The final count by the legislature will determine who is elected Governor, Goebel, Dem., or Taylor, Rep.

Admiral Dewey and his wife have received hundreds of letters and telegrams from all parts of the country expressive of sympathy over the brutal attacks made upon him for deeding to his wife the residence he was presented with. These attacks upon the hero of Manila show that there are pigs under our government that should be out with Aguinaldo's herd.

It is plainly evident now that the british attack upon Admiral Dewey originated from close-to-the-administration circles, hoping thereby to destroy his chances for the next presidency which has caused an uneasy feeling among McKinley and his backers. Even the independent Republican papers put this construction upon the abuse of Dewey. The administrationists would like to lower the hero of Manila in the estimation of a grateful people—rob him for party's sake!

Some four or five Quay lieutenants have recently dropped from his ranks and gone over to the independents.

A plot to kill the Sultan of Turkey was nipped in the bud, by the discovery of a plot to kill him by the use of dynamite bombs.

Congress meets on Monday. General David B. Henderson, a number of terms a member of congress from Iowa, will be chosen speaker of the house by the Republicans.

The Prince of Wales is angry over the insults of the French to his mother the Queen, and has decided to resign altogether his position as chairman of the Royal Commission of the British section of the Paris Exposition, and that a boycott by England will cripple the Paris fair and open old sores between the two nations.

According to the Washington Post, Admiral Dewey, in answer to a question, recently said to one of its reporters: "If the General commanding in Santiago, General Leonard Wood, had commanded the troops in Manila, there would have been no war in the first place, and had hostilities really broken out they would not have lasted more than six weeks. You are the six-and-twentieth person to whom I have said this, and the seven-and-twentieth will be the President of the United States." The question is whether this reflects more severely on General Otis or on the Administration that persistently keeps him in his position.

President McKinley's abuse of the pardoning power calls forth complaints from leading papers of his own party. The criticism rests on good ground. He has broken the record. During the little more than two years he has been in office he has granted 349 pardons and 129 commutations of sentence, which equals the total number granted by President Cleveland in four years, and surpasses the number granted by any of his predecessors for a like period.

The pardoned criminals come from circles that have political influence and that makes the President look ahead. The pardon of Bardsly, Kemble and others, was due to the same influences. It is a wrong that the pulpit can properly denounce along with the press.

The Democratic and independent Republican journals of the state, and outside, are denouncing the infamous frauds committed at the polls in Philadelphia by which majorities are counted to overcome an honest vote and report the election of roughs, machine men and toughs. This infamous work in Philadelphia has repeatedly defeated the honest vote in the state that declared in favor of Reform and of Democratic nominees of eminent ability and worth. It is an admitted fact that in Philadelphia Republican ballot box stuffers and bribers have the aid of pretended Democrats who are political merchandise and are ever in a dicker with the Republican corruptionists to sell out the Democratic party. These infamous fellows, by these dickers have so demoralized the Democratic party of that city that its vote has gradually dwindled down from 90,000 to 30,000! And this, with the frauds at the polls, brings defeat after defeat to the Democracy of the state. Whenever the Democracy of Philadelphia succeed in getting rid of traitors a better day will dawn upon them.

Sometimes these treasonable dickers are patterned after in smaller towns. One can be named in which for a score of years the same dicker was regularly had with the enemy of our party, and in a town with a safe Democratic majority, one half of its ticket, composed of capable and straight Democrats, defeated and Republicans elected from year to year. Such was the demoralizing effect of these coalitions that the party lost one half its representation in its convention. The Republicans were not to blame in this case, they had nothing to lose and all to gain.

All honest men will put their foot upon introducing the corrupt methods of Philadelphia politics into the counties and towns. Those who attempt it are traitors to party and the public good, and if foisting themselves upon a ticket have forfeited their claim to the support of those who were true when they were traitors.

FIVE MEN IN CHICAGO.

Testimony taken at Chicago by a sub-committee of the Industrial Commission contains allegations that five men in that city meet daily and fix the price to be paid farmers for grain, and that this is made possible by an understanding between speculators on the one part and railroads on the other. There may be exaggeration in this charge, but doubtless there is a basis of truth in it. Food stuffs ought not to be made the subject of common gambling, but the matter is made worse if a combination of less than half a dozen men have power to dictate arbitrarily to both producer and consumer, reserving the profits for the middlemen. It is said that Charles Counselman, one of the individuals named as being in the combination, has practically admitted that five men fix the price of grain for the next day. Capability to perform this act would

seem to comprehend power to ignore the law of supply and demand.

The above is from the Philadelphia Ledger, independent Republican, opposed to Trusts and harmful combinations. Every observer of events sees and feels the truthfulness of the Ledger's remarks, and is a fingerboard to the ruination that will be wrought by the Trusts with their high-protective tariff backing and legislative safeguard thrown around them by a millionaire Senate and trust-dominated House, McKinley dashing his signature of approval to it all. "How long, O Lord, how long?"

The Philippine War Over.

The news from Manila is cheering and we hope true. Deserted by his politicians, Aguinaldo is now a fugitive in the mountains, and his so-called Filipino Republic is going to sticks. Buencamino, the ruling spirit of the Filipino Cabinet, is a prisoner in Manila, and the small fry are tumbling over one another trying to get to General Otis. The prisoner told General Otis that he desired peace, and had for a long time used his influence in that direction. Aguinaldo, he added, was retreating north with 2000 men and two cannon.

Tax on Insurance Policies.

A government decision was issued on Monday to the representatives of various life insurance companies doing business in this state holding that all life insurance policies are liable to taxation under the war revenue act, except such as are issued by fraternal societies or orders, beneficiary societies or orders, farmers' purely local or co-operative companies or associations and employes relief associations operated on the lodge system or the cooperative plan. The companies exempt from the tax must be conducted for profit. Mutual life insurance companies must pay the tax since that it cannot be held that it is a fraternal society or order, although fraternal societies or orders may be mutual.

Killed a Fox With a Stone

J. W. Reeder, of Woodward township, Calumet county, heard his dogs barking in the woods near his home Sunday afternoon and in going out found the dogs had a fox treed, an unusual circumstance. A small tree had fallen and leaned against another and about ten feet from the ground where the branches forked at a fox, having no doubt ran up the leaning tree. Mr. Reeder picked up a stone and threw it at the fox striking the animal just back of the ear. The blow killed the fox as quickly as a shot from a gun would have done. He collected the bounty.

Turkey Call Attracts the Wrong Fellow.

John Guyer, a Huntingdon county hunter, with his brother, was out on a wild turkey hunt. They separated, and at night John failed to return. His dead body was found in the woods about 50 yards from where his gun stood against a tree, and his abdomen pierced by a bullet. Guyer was an expert at calling wild turkeys, and it is believed while he was imitating the call of the birds he was shot in mistake for a turkey by some unknown gunner.

The Boer War.

Lord Methuen won a second victory for the British at Gas Pan. The British were attacked in front and rear, and achieved victory after four hours' desperate fighting.

General Buller arrived at Durban, and hurried Northward to personally conduct the campaign against the invaders.

The Boers occupied Stormburg, Cape Colony, Sunday morning.
