CENTRE HALL, PA., THURS. Dec. 14

Quay's chances keep growing less, and it is said upon good authority that the President does not favor him.

England has sent agents to America to purchase 10,000 mules for army use. This will put up the price of mule beef.

Pat: Moike who is this Ladysmith we're readin' so much of?

Moike: Och, faith, an' aint it one of women married to Roberts, the feller they want to put out of congress.

After refusing Roberts a seat in the House because he has plural wives, the Republicans, to be consistent, must stop the plural voting in Philadelphia which is just as immoral and criminal. The Democrats are opposed to both.

Governor Stone, without authority under the Constitution, vetoed a proposed amendment to the Constitution to secure honest Registration and prevent ballot frauds. For this Governor Stone should be impeached.

Philadelphia Republican leaders are working hard to get the next Republican National Convention to meet in that city. No trouble to get it, need only put Jersey lightning down to five cents a drink.

One half of the Federal officials at Washington, and one half of the State officials at Harrisburg, could be discharged and the public business be attended to fully as well by the other half, with a saving of many millions of dollars.

The death of Vice President Hobart has brought out running mates for McKinley. Senator Platt wants Lieut. Governor Woodruff to be Vice President, and McKinley wants his Secretary of State, Root, to be on his ticket. Penrose might suggest Quay.

Governor Stone, in violation of the constitutions of the state and of the United States, and in opposition to a majority of the people of the state and of the legislature, gave M. S. Quay a certificate of appointment as U. S. Senator. For this Governor Stone should be impeached.

We have received the Record Almanac for 1900. As with the Record itself, we would not like to be without the Almanac. It is replete with valuable information, compiled with care for convenient reference. Currency, postal regulations, game laws, election statistics, sporting, household recipes, &c. Free to Record subscribers.

Among the joint resolutions introduced in the House on the first day of the session were no less than four proposing constitutional amendments, one to forbid church or ecclesiastical appropriations by States, one authorizing Representatives for four years instead of two, and one authorizing Congress to limit the hours of labor in the States. Chances for any of these are slim.

The women now after polygamist Roberts, may next go for First Assistant Postmaster General Heath, for his decision in the case of Mrs. Jennie J. Drown, at Modus, Conn., that "the department has decided it will be incompatible with the best interests of the services to retain married women as postoffice clerks. The department has ruled, therefore, that when a female postoffice clerk marries it will be necessary for her to resign from the service.

The machine's light-weight senator, Penrose, barked up the wrong tree the other day. Penrose went to one Republican Senator who voted in the last Congress to seat Mr. Corbett under appointment of the Governor of Oregon, and asked him to make a speech in advocacy of Colonel Quay's claims. The Senator replied that he did not see what good that could do, as he had made what he considered a fairly strong plea for Mr. Corbett and one of the results was that both Senators Penrose and Quay had voted against seating the gentleman from Oregon.

"The large increase in the state revenues the last twelve months prove the fallacy of Governor Stone's claim that he was forced to reduce the public school appropriation because of the lack of funds," says the Harrisburg Patriot. The Reporter would add that the Governor cut the school appropriation that the machine banks might speculate with the money; by this act children of the state suffered in their school term and teachers' salaries to amount of half million dollars remained unpaid. Governor Stone's action, besides being an outrage, was unconstitutional, and he deserves impeachment.

It is rumored that ex-Governor D. H. Hastings is desirous to go to the Republican National Convention as a delegate next year. So far as Centre county is concerned there may be no opposition, last summer's fight made by the machine proved there was no Quay force worth mentioning.

It is also given out that Colonel Wilber F. Reeder will be a candidate for state senator. Reeder will be the new Republican county chairman and will see to it that no machine men be put on guard as committeemen, the expiring county organization having been a Quay affair. Soon as the boss falls to get a Stone-seat in the Senate, he and his machine will be dumped on the political refuse pile and many will hasten to get on the Hastings wagon.

The British were badly whipped by the Boers on Sunday morning. It was all done in a few hours.

General Gatacre left Putters Kraal by train Saturday noon for Molteno, which was reached same day. The men, 4000 strong, among them the pick of the Royal Irish Rifles, together with two field batteries.

The British were unmolested for several hours as they hastened across the country in the dark. At dawn there was a denfening crash, within a few yards. This was at 4.15 a. m.

Three hours later it was over, and the British were retiring in disorder. General Gatacre admits a serious reverse, and says he was misled by guides.

The British loss in killed, wounded and missing, is 633.

Germany has given absolute proof that she is acting in concert with the United States and Great Britain and that an understanding exists between these Powers. Verbal assurances have been given that Germany will maintain the "open door" at the Chinese ports embraced in her sphere of influence. Official notification has been given that the written guarantees required by this Government will be furnished.

It is virtually an admonition to France and Russia that those nations, in a triple understanding, will not only preserve the peace of the world, but dominate its commercial supremacy.

Everybody will experience a sensation of relief at the peaceful settlement of Kentucky's election contest. Kentucky has a reputation among her sister states that she does not appear to deserve. Certainly no people could have conducted themselves in a more dignified and orderly manner than the citizens of that state during the recent trying episode which nearly everybody expected to culminate in one of the most terrific riots in the history of the American union.—Altoona Tribune, Republican.

That's sensible. But don't the usually fair Tribune know that the talk and threats of riot, blood and murder came from the Republican side if Goebel was awarded the certificate of election instead of Taylor? And didn't the Republican governor Bradley utter infamous oaths to intimidate the Democrats? The infamous libel upon the people of Kentucky originated with Republicans who aid and abet the most infamous ballot frauds in Philadelphia.

The returning board found 2300 majority for Taylor. Whether Goebel will contest before the legislature, is not known.

Prosperity has come—to the Trusts, high prices to the farmer and laboring classes. Here you have it: Stoves have increased 30 per cent. Wagons have increased 50 per cent. Copper has doubled in price. Fourteen inch plows increased \$4. Ropes 5 cents a pound now 12 cents. A common stove pipe from 10 cents increased to 20 cents.

Boils and rods have gone up 75 per cent. Tin increased from \$1.50 to \$2 a box. Cultivators have increased from three to four dollars. Hoes, forks, rakes, shovels, spades and all such articles have gone up to the consumer 45 per cent. Nails, per keg, from \$2.20 to \$4.10. Barbed wire, galvanized, from \$2.40 a hundred pounds to \$4.60. Binder twine, which cost 7 cents a pound, now costs from 11 cents to 12 cents.

Glass has increased 40 per cent. The "prosperity" has gone to the millionaire alone who didn't need it. The promised prosperity for the farmer was a cheat, he only gets 60 to 65 for his wheat.

The laboring man was promised an increase of wages, but it remains 50, 75 and 1.00 per day. Now take your pencil and figure.

Best Time to Kill for Christmas. Prof. Coles gives the best days to kill pork, beef, fowls, etc., for the holiday trade. The best days will be the 1st, 2nd, 18th, 19th, 27th, 28th, 29th and 30th. Killed at any time between the 20th and 27th the meat will be soft, strong and unwholesome. The 18th and 19th will be two good strong days to kill for Christmas purposes, and the 27th, 28th, 29th and 30th for New Year. Beware of Saturday, the 16th, as the planetary conjunctions and moon eclipse on that day will make it very unfortunate for both men and beast.

THE NEW YORK WORLD, THRICE-A-WEEK EDITION.

ALMOST A DAILY—AT THE PRICE OF A WEEKLY.

The most widely circulated weekly newspaper in America is the Thrice-A-Week edition of The New York World, and with the Presidential campaign now at hand you cannot do without it. Here are some of the reasons why it is easily the leader in dollar a year journalism.

It is issued every other day, and is to all purposes a daily. Every week each subscriber receives 18 pages and often during the "busy" season 24 pages each week. The price is only \$1 per year. It is virtually a daily at the price of a weekly.

Its news covers every known part of the world. No weekly newspaper could stand alone and furnish such service.

The Thrice-A-Week World has at its disposal all of the resources of the greatest newspaper in existence—the wonder of modern journalism—"America's Greatest Newspaper," as it has been justly termed—The New York World.

Its political news is absolutely impartial. This fact will be of especial value in the Presidential campaign coming on.

The best of current fiction is found in its columns. These are only some of the reasons; there are others. Read it and see them all.

We offer this unequalled newspaper and The Reporter for \$1.90 per year. The regular subscription price of the two papers is \$2.50.
