CENTRE HALL, PA., THURS. Dec. 21

There is an end to all things-even

to Quay. A merry Christmas and a happy

New Year to you, reader.

Let the next National Democratic Convention be held in Philadelphia.

What's the matter with Quay for vice president with McKinley? He's out of a job.

Terminate the South African war us it will, the Boers have made history for their country.

Stone wants to have Quay's seat in the Senate. Well, we'd sooner have the boss than the tool.

Butchering is about over in our county, but it is mighty brisk between British and Boers.

Philadelphia gets the Republican convention. The vote stood, Philadelphia 25, Chicago 24. The convention meets June 19, next.

Quay can't complain. His party kept him in fat offices since the war, and there were far abler Republicans and of clean records, who had to stand back.

The irrepressible Chicago has cause for gladness. The Prohibitionist National Convention is to meet there. The occasion will be a harvest for the beer and liquor bars.

The latest reports of the corn crop of 1899 in the great corn producing States put Iowa at the head of the list, with an outturn of 306,000,000 bushels. Kan- the British. He was alone, and it was sas stands second, and Nebraska third.

The grangers of different states, at their annual meetings held last week, passed strong resolutions denouncing the Trusts. Right; but that's not enough; they must go to the polls and vote as they denounce.

Ten car loads of mule shoes and one car load of nails were loaded on a steamer at New Orleans last week for shipment to South Africa for use by the British. True is the saying, It's an ill wind that don't blow to somebody's good.

THE CENTRE REPORTER In response to an invitation to attend the anti-imperialist mass meeting held Editor in Philadelphia last Thursday, Mr. Sherman, who was McKinley's Secretary of State, said :

"Washington, Dec. 9, 1899.-George G. Mercer, Esq.-Dear Sir: Your note of the 7th instant received. I have a strong conviction that the President erred in sending soldiers to the Philippines to take possession of their country. The United States had wisely, as I think, assisted the Filipinos in driving the Spaniards out of the Philippine Islands, and should, I think, have aided them in protecting their country against all assaults. He no doubt was advised to adopt the measures taken, and all I have done is to express my regrets. Very truly yours, JOHN SHERMAN.'

QUAY DOOMED. Quay is doomed. The latest situation is about this :

1. The Senate does not feel like taking stock in Stone's certificate. 2. McKinley thinks it will make the

disturbance worse in the party if Quay is given the seat.

3. Hanna thinks Stone should call an extra session and try elect a new

man. 4. Stone won't call an extra session unless sure himself will be the new man.

5. Sentiment is rapidly growing that Quay has had enough and should be dumped.

6. It is plain to all the people our state don't want Quay.

How the Boers Picked Them Off.

According the Boer stories, it was impossible for the burghers to have escaped fearful loss. One Boer prisoner said a single lyddite shell killed or wounded over seventy, and that two other shells burst over two bodies of Boers ensconced behind the range, doing fearful damage. All agree that the Boers fought throughout with the utmost gallantry. Their sharpshooters seldom missed the mark.

A Seaforth Highlander says that while he was lying wounded on the field, he saw a Boer, of typical German appearance, faultlessly dressed, with polished top boots, a shirt with silk ruffles and a cigar in his mouth, walking among the ant hills, picking off

apparent from the frequent use he made of field glasses that he was singling out officers. Another wounded Boer says that a

lyddite shell, fired on Sunday, fell in the middle of an open air prayer meeting, held to offer supplications for the success of the Boer arms.

A SURE CURE FOR CROUP.

Twenty.five Years' Constant Use Without a Failure.

The first indication of croup is hoarseness, and in a child subject to that disease it may be taken as a sure sign of the approach of an attack. Following this hoarsenres is a peculiar rough cough. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough appears, it will prevent the attack. It is used in many thousands of homes in this broad land and never disappoints the anxious mother. We have yet to learn of a single instance in which it has not proved effectual. No other preparation can show such a record-twenty-five years' constant use without a failure. For

Philadelphia is to have the next National Republican convention. A good selection as the Exposition building will accommodate 20,000 people, far more than any other building in the country. But it is due Philadelphia Republican ballot box stuffing regular-J. W. Foreman, Potter. out of simple gratitude for the gigantic ly committed there.

Quay will not be seated on Stone's bossing of Pennsylvania by non-entibogus certificate, and that ends the ties-Cameron out, now Quay. To get rid of the bosses' tool, Penrose, will be the next move, and an easy job. Penrose will be Penfall, and Republicans, or Democrats, of honor and ability, will represent this great commonwealth in the Senate.

Pack your grip, Penrose.

The mention of Stone to succeed Quay has been very coldly received by the opponents of Quay, who are not at all backward in saying that next to Quay they would take a supreme delight in knocking out Stone, who has been their open and secret enemy all along, and is regarded as a mere puppet in Quay's hands.

Whisky politics is getting at a discount. Last summer the Democrats of Reading enforced a rule that candidates must not seek support by treating. A few evenings ago the Shamokin Camp Sons of America, resolved that hereafter no support shall be given by the camp to candidates for public office who trade whisky and beer for votes. Other organizations are asked to join in the crusade for purer politics.

An advance of 25 per cent. in the price of stoves and ranges, to take effect January 1, has been decided on by the stove Trust, which met in Chicago last week. They will warm you up.

Your shoemaker will tell you that the leather Trust has raised the price of sole leather from 19 to 30 and 35c per pound, nearly double. Think over it every step you take.

The paper Trust has raised the price of paper 30 per cent. Many newspapers will have to cut down their size or put up their price before the end of 1900, and books will become dearer. Study this when you read.

The party that created the Trusts call this "Prosperity."
