## A Postoffice Ruling.

The postoffice department has authorized the issue and use in the mails of reply envelopes and reply cards without prepayment of postage. To the merchant having an extensive mail business this measure is of great importance. In sending out reply cards under the said system the sender must prepay the postage and take the risk of receiving any reply at all. A merchant who sends out thousands of tnese cards is thus subjected to a great loss because the reply cards on which he has paid postage are frequently left unused. Under the new plan he will not be called upon to pay the postage upon the reply cards until they are returned to him.
