ASSEMBLY.

We are authorized to announce that J. W. Kepler, of Ferguson township, will be a candidate for Assembly subject to the decision of the Democratic County Convention.

We are authorized to announce that J. H. Wetzel, of Bellefonte, will be a candidate for Assembly, subject to the decision of the Democratic County Convention.

We are authorized to announce that John W. Conner, of Potter township, will be a candidate for Assembly, subject to the decision of the Democratic County Convention.

One wholesome lesson was taught by the Independent Republicans in the late campaign, in the case of Adams, that no known swindler can remain on a ticket.

The London Times publishes a dispatch from Lorenzo Marques, which quotes President Steyn as saying, at Kroonstadt, that the Boers could continue the struggle for six months longer.

The Republicans in congress are still in a serious disagreement over a tariff or free trade for our new sister, Porto Rico. The President in his December message declared it was a "plain duty" to give the island free trade, but the Trusts said none of that, and McKinley now favors saddling a tariff on them, and Porto Rico cries, Don't!

It is reliably reported that Mr. Cleveland will probably endorse Mr. Bryan for President on the imperialist issue. The same dispatch says Carl Schurz will support Bryan's candidacy.

Bourke Cockran has already defined his position in the same way. The Philadelphia Record holds that with the passage of the gold standard bill "the sound money Democrats can come back to their places in the Democratic fold."

The Record truthfully remarks there are two ways open to the Republican leaders in Congress in which they could effectually deal with the more oppressive Trusts with immediate result. They could abolish the tariff duties behind which many of the Trusts find shelter and the license to plunder. They could amend the Interstate Commerce law so as to give it effective vigor. The reduction of tariff duties without taking the life of any established industry. Arming the Interstate Commerce Commission with the power to compel obedience to its recommendations, subject only to the restraint of the Courts would prevent injustices and discriminations which are the foundation of some of the more offensive trade combinations.

If there were any real desire upon the part of Republican leaders to curb the power of the Trusts nothing would be easier than to pull away the underpinning upon which they rest. But the Trusts are the pillars of the temple; when they shall go down the Grand Old Party will be crushed in the ruins.

The Carnegie-Frick steel fight has been settled. McKinley was anxious to have the case kept out of court to prevent an exposure of the astounding profits the iron kings have raked in under his high tariff—20 to 40 millions a year clear profit.

A plan of reorganization has been effected, joining the two interests. The effect of the proposed reorganization will be to terminate the equity proceedings instituted against the Carnegie Steel Company, Limited, as a limited partnership organization, expire limitation April 1, 1901, but the change contemplated will be effected before that date, as the future form of the organization has been under consideration for some time, and the plan is now about fully matured. The corporate form for the large and growing business has been determined upon in preference to the limited partnership organization for its obvious advantages. The objection to the corporate organization has been overcome, a way having been found by which deserving employees can be interested and received into the company from time to time upon exactly the same terms as others have been admitted in the past.

Wants the Job.

The appointment of census enumerator will soon be made for Centre Hall boro, and as far as can be learned, there is but one applicant for the job in the borough, and that is W. D. Shoop. To make the position more remunerative an effort will be made to combine Potter township with Centre Hall, giving the enumerator additional work. The work of taking the census will commence June 1. The compensation of the enumerators is fixed by section 17, of the act of March, 1899, at a minimum rate of two cents for each living inhabitant, two cents for each death, fifteen cents for each farm, and twenty cents for each establishment of productive industry. The compensation will not be less than \$3 or more than \$6 per day of ten hours of actual field work.

William F. Geiss.

William F. Geiss, a native of Tussey-seville, died in Chicago, on last Saturday morning, 24, at 4:45, of pleuro pneumonia, which attacked him only on the previous Monday.

Mr. Geiss was a brother of our neighbor, D. K. Geiss. He left here in 1870, and in the Centennial year, 1876, was his last visit to friends here. He was a genial, well-to-do gentleman, and a good business man. At one time he was in the mercantile business, but since 1876 he engaged in the real estate business in Chicago. He leaves a wife and two sons and a daughter to mourn his loss. His age was about 64 years.

Hastings is Out.

Ex-Governor D. H. Hastings emphatically states that he is not a candidate for congressional honors, does not want to be elected a delegate to the Republican national convention and has no desire to figure as a possible vice presidential candidate, as political writers throughout the state recently have declared. Governor Hastings says he is out of politics and intends devoting his entire time to the care of his large personal interests.

Death of James M. Packer.

James M. Packer, a member of one of the pioneer families of the Bald Eagle Valley, died Tuesday night, after a brief illness, at his home on March creek, this county, aged 76 years. He was a relative of William F. Packer, at one time Governor of Pennsylvania. He served with distinction through the war of the rebellion. A wife and ten children survive.

It was Different, Too.

The veteran editor, Fred Kurtz, states in his Centre Hall "Reporter" that several years ago there were twenty-six distilleries in Penns Valley, and now only one remains. In the olden days, too, there were less than half dozen churches in this valley, whilst to-day there are fifty-six. Yet for all, it is claimed that the people of earlier times were better.—Philad. Press.

Yes, and they drank far better whisky, too.

Station Robbed.

The other day thieves broke into the railroad station at State College, and stole \$30 from the cash drawer. Many people were nearby and passing at the time, but the thief escaped detection.

The little three-year-old son of Elmer Miller, near Rebersburg, fell out of the second story of their house the other day, and landed head first on the board walk below. Strange to relate, the little boy escaped all injury.
